NOTE 1 - Description of the Plan

The following description of the Reliant Medical Group, Inc. 403(b) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Reliant Medical Group, Inc. as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective April 1, 2018 Reliant Medical Group, Inc. transferred sponsorship of the Plan to Reliant MSO, LLC ("the Company").

Effective April 1, 2018, the UnitedHealth Group Employee Benefits Plans Administrative Committee ("Plan Administrator") became the Plan's administrator responsible for oversight of the Plan. The UnitedHealth Group Employee Benefits Plans Investment Committee ("Investment Committee") determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective April 1, 2018, the Plan was terminated and no new participant or employer contributions were permitted to be made to the Plan. The Company liquidated participant balances during the 2019 plan year.

Contributions

Prior to termination, the Plan allowed participants to contribute up to 100% of their eligible pay up to the maximum dollar amount permissible under the Internal Revenue Code ("the Code"). Elective deferrals included pre-tax deferrals, Roth deferrals, and rollover contributions. Eligible employees were automatically enrolled in the Plan as soon as administratively feasible after their hire date at an employee pre-tax contribution rate of 3% of their eligible pay, unless they declined to participate within a prescribed time limit or they elected a different pre-tax and/or Roth contribution rate. Participants who had attained age 50 before the end of the plan year could make additional catch-up contributions, subject to limitations imposed by the Code.

Prior to termination, the Company made matching contributions equal to 50% of deferral contributions made by the participant provided that the match did not exceed 3% of the participant's compensation. Participants became eligible for employer matching contributions following six months of employment.

In addition to the match, the Plan included a separate employer funded contribution made at the discretion of the Company's Board of Trustees, rather than a mandatory contribution. Employer funded contribution accounts were maintained for all eligible employees of the Company, as defined in the Plan document. There was no contribution added to employer funded contribution accounts for the period from January 1, 2019 to November 12, 2019.

NOTE 1 - Description of the Plan (cont.)

Participant Accounts

Each participant's account was credited with the participant's deferral contributions, rollover contributions, employer matching contributions, and employer funded contributions, if any, and Plan earnings (net of administrative expenses). Allocations were based on the participant's eligible compensation or account balances, as defined in the Plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Investments Classification

All investments were participant directed. The Plan was intended to comply with ERISA section 404(c). Participants had the right to individually select the percentage of their accounts to be invested among different classifications of investments made available to them.

Vesting

Prior to termination, participants were vested immediately in their deferral contributions, rollover contributions, employer matching contributions, and earnings thereon. The employer funded contribution accounts vested in accordance with provisions of the Plan as follows:

Years of Service	Vesting
Less than 2 years	0%
At least 2	25%
At least 3	50%
At least 4	100%

Notwithstanding the vesting schedule above, employer funded contributions, if any, would become fully vested (100%) upon the occurrence of any of the following events while the participant was employed by the Company: death, attainment of normal retirement age (age 62), disability, partial plan termination with respect to the participant, complete termination of the Plan or complete discontinuance of employer contributions.

Participants became 100% vested in all employer funded contribution accounts when the Plan was terminated.

Forfeited Accounts

As of November 12, 2019 and December 31, 2018, forfeited nonvested accounts totaled $0 and $69, respectively. Forfeitures could be used to reduce future employer contributions or to pay certain administrative expenses. During the period from January 1, 2019 to November 12, 2019, forfeitures of $69 were used to pay administrative expenses.

NOTE 1 - Description of the Plan (cont.)

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, or termination of employment as defined in the Plan document. A participant whose vested account balance exceeds $1,000 may elect to receive a lump-sum payment. A participant whose vested account balance is $1,000 or less will automatically receive an immediate lump-sum distribution equal to their vested account balance. With Plan Administrator approval, participants may withdraw all or part of their employee contributions in the event of financial hardship.

There are no amounts owed to participants who had elected to withdraw from the Plan, but had not been paid as of November 12, 2019 and December 31, 2018.

Notes Receivable from Participants

Prior to termination, participants could borrow from their vested accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 (subject to reduction for certain loan balances in the prior 12 months) or 50% of their vested account balances. Loan terms ranged from one to five years. These loans were secured by the balance in the participant's account. The loans bore interest based on the prime interest rate on the first business day of the month in which the loan was made plus one (1) percentage point. The rate remained fixed for the duration of the loan. Principal and interest were paid ratably through payroll deductions. Participants were permitted to have one outstanding loan at a time.

NOTE 2 - Summary of Significant Accounting Policies

Liquidation Basis of Accounting

As the Company elected to terminate the Plan effective April 1, 2018, the Plan adopted the liquidation basis of accounting. Under liquidation accounting, assets are stated at their estimated net realizable value and liabilities are stated at their estimated settlement amounts. The fair value of the Plan's assets is considered to approximate liquidation value, as the Plan completed an orderly liquidation of investments as participant accounts were paid out.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

The Plan's investments are reported at liquidation value as of November 12, 2019 and December 31, 2018.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the period from January 1, 2019 to November 12, 2019.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of November 12, 2019 or December 31, 2018.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants in April 2019.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through August 18, 2020, the date the financial statements were approved and available to be issued.

NOTE 3 - Information Prepared and Certified by Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2019 and 2018. Accordingly, Fidelity Management Trust Company ("the Custodian") of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits in Liquidation as of November 12, 2019 and December 31, 2018, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits in Liquidation for the period from January 1, 2019 to November 12, 2019.

NOTE 4 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Unadjusted quoted prices for identical assets in active markets that the Plan can access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset.

The asset's or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - Fair Value of Financial Instruments (cont.)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at November 12, 2019 and December 31, 2018.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy as of December 31, 2018. The Plan held no investments as of November 12, 2019.

	December 31, 2018			
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 65,073,964	$ 65,073,964	$ -	$ -
Total investments at fair value	$ 65,073,964			

NOTE 5 - Administration of Plan Assets

The Plan's assets are administered under a contract with the Custodian of the Plan. The Custodian invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 6 - Related Party and Party-in-interest Transactions

Certain of the Plan's investments are managed by the Custodian and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of investments. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as exempt party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 7 - Tax Status

The Plan has been designated to qualify under Section 403(b) of the Code and therefore, it is not currently required to receive a determination letter from the IRS. The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The Company believes the Plan is currently designed and being operated in compliance with applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits in Liquidation.

As of December 31, 2018, the Plan had investments of $16,408,979 concentrated in two investments that each accounted for more than 10% of Plan investments.

NOTE 9 – Delinquent Participant Contributions

For the year ended December 31, 2018, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions of $401,562 were corrected outside of the Voluntary Fiduciary Correction Program (VFCP) during the period from January 1, 2019 to November 12, 2019. Additionally, the Company compensated participants for lost earnings resulting from the delay in contributions.
