Inland Bancorp 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1: Description of the Plan

The following brief description of Inland Bancorp 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan is a defined contribution plan covering substantially all employees of Inland Bancorp (Company). The Plan was established February 1, 2009, and is subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation. The Plan was formed as a result of the acquisition and merger of three companies, all of whom sponsored separate plans, as well as a participating employer of The Inland Group, Inc. Savings Plan. Pursuant to terms of the Plan, participants who continued in the employ of the Company following the merger were provided the opportunity to transfer the distributions (including loans) from their respective plans into Inland Bancorp 401(k) Plan.

Eligibility

Eligibility to participate in the Plan is limited to employees, as defined, who have completed 60 days of service, are age 18 or over and are not part of a collective bargaining agreement.

Effective April 1, 2014, unless specifically declined, eligible employees are automatically enrolled in the Plan at an amount equal to 2% of eligible compensation. Such percentage is increased by 1% as of each subsequent anniversary of their plan entry date, not to exceed 10%.

Contributions

Each year employees may contribute up to 100% of their compensation to the Plan, subject to limitations imposed by the Internal Revenue Code. Participants age 50 or older may contribute an additional amount as a “catch-up contribution.” Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company’s employer-matching contribution, if any, is determined by the Board of Directors of the Company prior to the beginning of a plan year. The Company may also, at its discretion, make a pay-based profit sharing contribution to the Plan.

During 2019 and 2018, the Company contributed 50% of the first 6% of eligible compensation that a participant contributed to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested balance.

Inland Bancorp 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Vesting

Participants are immediately vested in their voluntary contributions and any qualified employer-matching contributions. Vesting in the remainder of their account is based upon years of service. A participant is 100% vested after five years of service.

Payment of Benefits

Upon termination of service due to death, disability or retirement, the entire vested balance in a participant's account may be distributed in a lump-sum payment, rolled over into another qualified plan or, if the amount is in excess of \$5,000, in substantially equal annual installments as selected by the participant or beneficiary. Participants may also withdraw elective deferrals or rollover contributions in the event of hardship due to an immediate and heavy financial need, as defined by the Internal Revenue Service.

If a participant terminates prior to death, disability or retirement, with a vested account balance less than \$5,000, the balance of the account will be distributed as soon as administratively feasible.

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Interest rates at December 31, 2019, ranged from 4.25% to 6.50%, which is commensurate with local prevailing rates for this type of loan as determined by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions and are payable within 5 years, except for loans used to acquire a principal residence, which are payable within 15 years.

Forfeited Accounts

All forfeitures will be applied to reduce employer discretionary matching contributions to the Plan or to pay the Plan's ordinary and necessary administrative expenses during the plan year. Any remaining forfeitures are to be allocated to participants in the manner described in the Plan. A forfeiture balance of \$79,108 and \$74,080 was available to offset future plan expenses or employer contributions at December 31, 2019 and 2018, respectively. During 2019 and 2018, forfeitures of \$1,519 and \$0, respectively, were used to reduce employer's discretionary-matching contributions. During 2019 and 2018, forfeitures of \$20,022 and \$11,400, respectively, were used to reduce administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. The Plan's investments in shares of registered investment companies are valued at quoted market prices of shares held by the Plan at year-end. Investments in interest bearing cash are presented at cost which approximates market. The Plan's investment in guaranteed investment contract is fully benefit-responsive and is valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of administering and operating the Plan are paid by the Company. The Plan pays certain administrative expenses and transaction costs related to participant loans and investment fees. Investment fees are included in the unrealized appreciation (depreciation) of the investments.

Inland Bancorp 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Revenue Sharing

The Plan recognizes the income from revenue-sharing agreements when received. During 2019 and 2018, the Plan received \$36,778 and \$29,581, respectively, of revenue-sharing. During 2019 and 2018, \$33,636 and \$29,246, respectively, was used to pay expenses for professional and investment management and advisory services. At December 31, 2019 and 2018, there was \$5,401 and \$2,258, respectively, of revenue sharing funds available to offset future plan expenses.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Note 3: Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The fair value of registered investment companies is determined by obtaining quoted market prices on nationally recognized securities exchanges (Level 1 inputs). Investments in interest-bearing cash are presented at cost which approximates market.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Note 4: Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate to the best of their knowledge and belief.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018
- Investment income (loss) components and interest income from participant notes receivable, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018
- Investments and participant loans included in the schedule of assets (held at end of year) at December 31, 2019

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Inland Bancorp 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 5: Guaranteed Investment Contract

Effective April 1, 2015, the Plan entered into a fully benefit-responsive, group annuity contract with New York Life Insurance Company. State Street Bank and Trust Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit responsive; contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by State Street Bank and Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Investments may be redeemed daily without prior notice.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit ability of the Plan to transact at contract value with State Street Bank and Trust Company. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event which would limit the Plan's ability to transact at contract value with plan participants is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6: Party-in-Interest Transactions

The Plan's investments are managed by State Street Bank and Trust Company and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan of \$57,012 and \$47,480 for the years ended December 31, 2019 and 2018, respectively, for legal, accounting and other professional services were rendered primarily by parties-in-interest. The Company provides certain administrative services at no cost to the Plan.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of

Inland Bancorp 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

ERISA. In the event of plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 8: Tax Status

The Plan operates under a standardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by Transamerica Retirement Solutions Corporation. This prototype plan document was filed with the appropriate agency and the prototype sponsor has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan was amended since receiving the opinion letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

Note 9: Subsequent Events

In April 2020, the Plan implemented changes related to the Coronavirus Aid, Relief and Economic Security (CARES) Act, which provides relief to individuals impacted by the COVID-19 crisis. New features available to Plan participants (subject to certain restrictions) are as follows:

- Coronavirus-related distributions up to \$100,000, with no mandatory 20% federal tax withholding and the 10% early withdrawal penalty is waived. The participant can repay the amount of the distribution as a rollover within three years and can pay taxes pro-rata over a three-year period.
- Increased loan limits and repayments may be deferred for one year, up to \$100,000, or the participant's eligible account balance.
- Required minimum distributions are waived for 2020.

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial decline in the value of Plan investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Effective March 2, 2020, the Company engaged Empower Retirement to assume the recordkeeping and third party administrator services for the Plan and also engaged Great-West Trust Company LLC to serve as trustee of the Plan. Plan assets were transferred at that time.

Subsequent events have been evaluated through July 31, 2020, which is the date the financial statements were available to be issued.
