Note 1: Description of Plan

The following description of The Peninsula Hotels 401(k) Plan (hereinafter referred to as the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The plan is a defined contribution 401(k) plan covering substantially all employees of Peninsula Hotel Chicago, LLC and the controlled entities of The Peninsula New York Partnership and Quail Lodge, Inc., collectively (the Company), who meet certain eligibility requirements. Employees over the age of twenty become eligible to participate in the plan after completing three months of service. An eligible employee may enter into the plan and may change his or her deferral election on the first day of any quarter. The Plan's inception date was January 1, 1990. The Plan is periodically amended/restated to stay in compliance with laws and regulations.

The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, non highly compensated participants may contribute any percentage their of annual compensation, as defined in the Plan, limited to the provisions of Internal Revenue Code, including catch up contributions. Highly compensated participants are limited to ten percent of their annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan allows for Roth contributions. Catch-up contributions are allowed for eligible employees that have attained the age of 50 before the close of the Plan year. Employer contributions are discretionary.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, qualified non-elective contributions, and qualified matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution to their accounts plus actual earnings thereon is based on the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	50%
3 but less than 4	75%
4 or more	100%

Participants earn a year of service for purposes of vesting upon completion of 1,000 hours of service during the plan year. Participants are fully vested if they have reached the early retirement age of 55, die or become disabled.

Note 1: Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from all their fund accounts, except the Roth deferral account, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance less their Roth balance. The notes are secured by the balance in the participant's account and bear interest at a rate ranging from 4.25% to 7.50%, which is commensurate with local prevailing rates as determined by the Plan administrator. Loans mature through July 2033. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or, as applicable, in Plan specified annual installments. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeited non-vested accounts are used to pay employer contributions and/or administrative expenses. Forfeited non-vested accounts as of December 31, 2019 and 2018, totaled $2,529 and $40,586, respectively. During 2019, approximately $84,600 of forfeitures were used to reduce employer contributions. No forfeitures were used to reduce administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for plan benefits during the reporting period. Actual results could differ from those estimates

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities, and resulting gain or loss, are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 and 2018 excess contributions to the applicable participants prior to March 15, 2020 and 2019, respectively.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid for directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in administrative expenses on the Statement of Changes in Net Assets Available for Benefits.

New Accounting Pronouncements

New accounting standards issued by, but not effective until after December 31, 2019 are not expected to have a significant impact on the Plan's financial statements.

Subsequent Events

Subsequent events were evaluated through July 27, 2020 which is the date the financial statements were available to be issued. See Note 10 for more information.

Note 3: Information Certified by Custodian

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by John Hancock, the custodian of the plan, as of and for the year ended December 31:

	2019	2018
Assets at December 31:		
Cash	$ 2,529	$ 40,586
Investments	54,055,446	42,633,431
Notes receivable from participants	1,172,923	1,345,608

	2019
Income for the Year Ended December 31:	
Net appreciation in fair value of investments	$ 9,392,751
Interest on notes receivable from participants	75,734

Note 4: Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: valued at the NAV of units of an insurance company's separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initial a full redemption of the separate accounts, the investment advisor reserves the right to temporally delay withdrawal from the trust in order to ensure that securities liquidates will be carried out in the orderly business manner.

The methods described on the previous page may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: Fair Value Measurement (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	2019			
	Level 1	Level 2	Level 3	Total
Total Assets in Fair Value Hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value (a)				54,055,446
Investments at Fair Value				$ 54,055,446

	2018			
	Level 1	Level 2	Level 3	Total
Total Assets in Fair Value Hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value (a)				42,633,431
Investments at Fair Value				$ 42,633,431

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2019				
Pooled Separate Accounts	$ 54,055,446	N/A	Daily	NA

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 42,633,431	N/A	Daily	NA

Note 4: Fair Value Measurement (Continued)

As of December 31, 2019, two fund groups held approximately 70% of the Plan's investments. These fund strategies are summarized below:

Retirement Living Funds (2010 to 2060) (48%): These funds provide participants with a specific time in mind for retirement, long term growth through diverse exposure to stocks, bonds and cash. These funds seek to provide optimal levels of return and risk based on target dates and experience movement to more conservative mixes as the target dates approaches.

Lifestyle Funds (Balanced, Moderate, Growth, and Aggressive) (22%):

- Balanced and Moderate. These funds seeks a high level of current income and growth of capital, with a greater emphasis on growth of capital. The fund normally invest 40% in funds investing in fixed income products and 60 in funds investing primarily in equity securities.

- Growth. The fund seeks long-term growth of Capital. Current income is also a consideration. The fund normally invests approximately 80% of its assets in underlying funds which invest primarily in equity securities and approximately 20% in underlying funds which invest primarily in fixed-income securities.

- Aggressive. The fund seeks long-term growth of capital. Current income is not a consideration. To pursue this goal, the Fund, which is a fund of funds, normally invests approximately 100% in underlying funds which invest primarily in equity securities.

The remainder of the Plan's investments (30%) at December 31, 2019, are held in funds with very similar type characteristics and strategies to those described above.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019 are reported in net investment appreciation on the Statement of Changes in Net Assets Available for Benefits.

Note 5: Tax Status

The Internal Revenue Service (IRS) has issued an opinion letter dated March 31, 2014, that the standardized volume submitter plan document is designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and, therefore, is exempt from federal and state income tax. The Plan and the related standardized volume submitter plan documents have been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7: Prohibited Transactions

Participant deferral and loan payments totaling $7,164 for the pay period dated January 19, 2018, and $5,096 for the pay period dated March 16, 2018, were not remitted within the timeframe prescribed by the Department of Labor, resulting in prohibited transactions in accordance with ERISA and IRC. The Company corrected the 2018 transactions inside the Voluntary Fiduciary Correction Program (VFCP) in 2019.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2019 and 2018, the Plan had two individual investments in pooled separate accounts that accounted for approximately 21 and 22 percent of total investments, respectively.

Note 9: Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. Certain Plan investments are shares in pooled separate accounts managed by John Hancock Life Insurance Company; and therefore, these transactions qualify as party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

John Hancock Life Insurance Company provides certain administrative services to the Plan for which it charges certain administrative fees. These transactions qualify as party-in-interest transactions, however they are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Note 10: Subsequent Events

In December 2019 a novel strain of coronavirus (COVID-19) surfaced, and has resulted in serious economic concerns for businesses across numerous industries world-wide. Among the many consequences of COVID-19, individuals have been ordered to stay-at-home, non-essential businesses have closed, unemployment rates have sky rocketed, and US and global stock markets have seen significant instability.

To provide economic relief to individuals and businesses facing hardship due to the COVID-19 crisis, Congress enacted and signed into law the Coronavirus Aid, Relief and Economic Security (“CARES”) Act on March 27, 2020. Provisions of the CARES Act that may impact Plan operations in 2020 and future years are as follows:

- Participants can take up to $100,000 in coronavirus-related distributions from retirement plans without being subject to the Sec. 72(t) 10% additional tax for early distributions. Eligible distributions can be taken up until December 31, 2020.
- Coronavirus-related distributions may be repaid within three years. Any resulting income inclusion would be subject to tax over three years.
- Participant loan limits have been increased to a maximum of $100,000 for eligible participants.
- Repayment of participant loans can be delayed for one year.
- The required minimum distribution rules in Sec. 401 are temporarily suspended for 2020. The bill delays 2020 minimum required contributions for single-employer plans until 2021.
