To the Participants and Administrators of
Smokin Joes Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Smokin Joes Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CPR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated September 30, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in **Compliance With DOL Rules and Regulations 2019**

The form and content of the information included in the 2019 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SMOKIN JOES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. **Plan Description**

The following is a brief description of the Smokin Joes Retirement Plan (the "Plan") provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, established on June 1, 1999, as permitted under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is sponsored by Joseph M. Anderson d/b/a Smokin Joes (the "Company") and covers certain related entities. Full-time employees who are 21 years of age and have completed one year of service, as defined, are eligible to participate in the Plan.

Contributions - Participants may elect to make tax deferred contributions of their annual compensation, subject to limitations imposed by the IRC. Participants who attain the age of 50 are eligible to make catch- up contributions. Participants may also contribute amounts representing rollovers from other qualified plans. The Company provides a discretionary matching contribution equal to 25% of each participant's elective deferral, up to the first 6% of the participant's eligible wages, as defined.

Additionally, the Company may make a discretionary profit sharing contribution in an amount determined at the end of the Plan year by management. The contribution is allocated to participants based upon their percentage of compensation to the total compensation of all participants. The Company did not make any discretionary profit sharing contributions during the years ended December 31, 2019 and 2018.

Participants direct all contributions into various investment options offered by the Plan. Participants may change their investment allocations on a daily basis.

Participant Accounts - Each participant's account is credited with his or her contributions, the Company's contributions, and actual earnings thereon. Each participant's account is reduced by the actual amount of benefits paid on his or her behalf, investment losses, and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are fully vested in their contributions and earnings thereon at all times. Vesting in the Company's contributions is based on years of continuous service as follows:

Years of Service	Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Note 1. **Plan Description** *(Continued)*

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service due to death, disability or retirement, a participant will be paid in one lump sum in the form of a cash distribution, direct rollover distribution, or a combination of cash and direct roller distribution. Additionally, the Plan allows for hardship withdrawals, in certain circumstances, as defined.

Forfeited Accounts - Forfeited non-vested accounts totaled $551 at December 31, 2019 and 2018, respectively. These amounts will be used to first pay administrative expenses under the Plan and then to reduce future employer contributions to the Plan. During the year ended December 31, 2019, the Plan applied $1,585 of forfeitures to cover plan expenses.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to BRISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 2. **Summary of Significant Accounting Policies**

Basis of Accounting - The financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes both realized and unrealized gains and losses incurred during the years.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses have been recorded at December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions payable at December 31, 2019 ($6,001 - 2018).

Benefit Payments - Benefits are recorded when paid.

Note 2. **Summary of Significant Accounting Policies** (Continued)

Administrative Expenses - Certain costs of administering the Plan are paid by the Company and are excluded from the accompanying financial statements. Fees related to the administration of notes receivable are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 3. **Fair Value Measurements**

Accounting principles generally accepted in the United States of America establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- *Level 1* - Inputs to the valuation methodology that consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- *Level 2* - Inputs to the valuation methodology that include: (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3* - Inputs to the valuation methodology that are unobservable and are significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for Plan assets measured at fair value.

- *Mutual funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- *Collective trust fund* - The Stable Income Fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value and is based on the contract values of the underlying fully benefit-responsive investments. Participant transactions may occur daily.

Note 3. **Fair Value Measurements** *(Continued)*

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used at December 31, 2019 and 2018. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that are measured at fair value as of December 31, 2019 and 2018, with the exception of the collective trust fund which is measured at fair value using the NAV practical expedient. The fair value for collective trust fund is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Note 4. **Information Prepared and Certified by Trustee**

The following financial information relating to the Plan's assets at December 31, 2019 and 2018, as well as investment income and investment transactions for the years then ended, have been derived from information provided by Fidelity Management Trust Company ("Fidelity"), the trustee, and have been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited.

	December 31, 2019	December 31, 2018
Investments at Fair Value		
Mutual Funds	$ 2,934,041	$ 2,374,301
Collective Trust Fund	$ 207,356	$ 196,254
Notes Receivable from Participants	$ 81,306	$ 128,758

	Transactions for the Year Ended December 31, 2019:
Interest and Dividend Income	$ 131,856
Interest Income on Notes Receivable from Participants	$ 8,562
Net Appreciation in Fair Value of Investments	$ 600,033

Schedule of assets (held at end of year)	Refer to supplemental schedule (page 11)

Note 5. **Party-in-Interest Transactions**

Fidelity was the Plan's trustee for the years ended December 31, 2019 and 2018. Investments include mutual funds sponsored by Fidelity; therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan utilizes a number of service providers which also qualify as parties-in-interest. All of these party-in-interest transactions are exempt from the prohibited transaction rules of BRISA. During the years ended December 31, 2019, fees paid to Fidelity for the investment management services amounted to $15,094.

Note 6. **Income Tax Status**

The Plan and the related trust were established under a prototype plan that received a favorable tax determination letter, dated March 31, 2014, from the Internal Revenue Service ("IRS") indicating that the features of the Plan, as then designed, were in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the determination letter; however, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been provided for in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

Note 7. **Subsequent Events**

The Plan has evaluated subsequent events through July 22, 2020, the date the financial statements were available to be issued.

Note 8. **Risks and Uncertainties**

The Plan invests in multiple investment securities that are exposed to various risks such as interest rate, market and credit risks including the Covid-19 pandemic. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
