1. Description of the Plan

The following description of the Sulphur Springs Bancshares, Inc. Employee Stock Ownership Plan with 401(k) Provisions (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. Specifically, it is an employee stock ownership plan with 401(k) provisions that is intended to invest primarily in Sulphur Springs Bancshares, Inc. (referred to as the Plan Sponsor or Company) common stock and managed investments which are funded by contributions from both the participants and the Plan Sponsor. The Plan was adopted January 1, 1991 and is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

On July 12, 2019, the Plan approved an amendment to adopt certain provisions for distributions as provided in Section E of the Adoption Agreement to change the timing and form of distributions after termination of employment for reasons other than death, and upon death of participant, effective July 1, 2019. Also, on August 15, 2019, the Plan approved and adopted a Reshuffling Policy to authorize the Plan Administrator to direct the Trustee of the Plan to reshuffle accounts of ESOP participants annually following their termination, retirement, or death. Accordingly, the Plan amended Article 4A (Special ESOP Provisions) of the Basic Plan Document by adding Section 4A.06 (Reshuffling and Rebalancing) to the Basic Plan Document, effective July 1, 2019. See Note 9 for additional discussion of these Plan amendments.

The Plan is overseen by the Company's Board of Directors and administered by a Plan Administrator. As discussed in the subsequent events at Note 10, Plan Administration elected for the Plan to adopt certain changes related to the age for required minimum distributions as provided in the Setting Every Community Up for Retirement Enhancement ("SECURE") Act enacted on December 20, 2019, and certain financial relief measures related to distributions and participant loans as provided in the Coronavirus Aid, Relief and Economic Security ("CARES") Act signed into law on March 27, 2020.

Eligibility

Eligible participants are those individuals employed by Sulphur Springs Bancshares, Inc. or any affiliate who has adopted the Plan. Certain classes of Company employees, as defined by the Plan, are excluded from participating in the Plan.

Plan eligibility is based on a two-method system: (1) For the purposes of 401(k) elective deferral and employer matching contributions, non-excluded employees are eligible to participate in the Plan immediately on the date they perform an hour of service as an eligible employee. (2) For the purposes of non elective contributions, non-excluded employees are eligible to begin receiving non elective contributions on the first day of the first month and seventh month of the Plan Year coincident with or next following the date they first perform an hour of service as an eligible employee.

Contributions

Participants may contribute up to 100% of their compensation (as defined) on a tax-deferred basis, subject to certain maximum limitations imposed by the Internal Revenue Code. Effective January 1, 2019, the Plan adopted an automatic deferral feature whereby the Employer will withhold 6% of a participant's eligible compensation each payroll period and contribute the withheld amount to the Plan as a pre-tax 401(k) deferral for the participant, unless the Employer amends the Plan or the participant opts out.

Employer may make some or all its matching and/or discretionary contributions in the form of shares of Company common stock or cash. Company contributions made in stocks shall generally remain in the form of Company stock until liquidated upon the exercise of diversification rights or upon termination of employment or upon other occasions determined by the Plan Administrator. Company contributions made in cash may be designated by the Company for investment in Company stock. During 2019 and 2018, Employer matching contributions totaled $261,731 and $248,361, respectively.

Participants are permitted to rollover contributions representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's discretionary matching contributions (any amount equal to $0.50 for every dollar of salary deferral made up to 6% of the participant's total compensation) and plan earnings and charged with an allocation of plan expenses. Allocations are based on participants' investment elections and earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

The Plan currently offers a money market fund, various mutual funds, as well as employer stock (sponsor company common stock) as investment options for participants. Participants may direct or self-direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan as permitted by the Plan Administrator, except for investments in the ESOP account. At any time, participants may liquidate any mutual fund holdings and invest the funds in cash or a money market fund investment. Additionally, participants may change their investment options within mutual funds on a quarterly basis. The Plan's Qualified Default Investment Alternative (QDIA) is the American Funds Target date retirement funds.

Effective July 1, 2019, the Plan amended certain provisions with respect to the self-direction of investments permissible under the Plan to align the Plan provisions to the new Reshuffling Policy. See disclosure of Plan amendments at Note 9 for additional details.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Company's discretionary matching contributions vest to participants immediately, and discretionary profit-sharing contributions fully vest after six years of service based on a graded scale of twenty, forty, sixty, eighty and one hundred percent after one, two, three, four, and five years of service, respectively.

Notes from Participants

Participants may borrow from their accounts an amount not to exceed the lesser of: (a) one-half of the participant's vested account balance or (b) $50,000 reduced by the participant's greatest outstanding loan balance during the 12 months preceding the date of the loan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.50% to 5.50%, which are commensurate with local prevailing rates as determined by the Plan administrator at the time of loan origination. The loan must be entirely repaid within five years of the date the loan proceeds are received, unless the loan is to be used to acquire the principal residence of the participant, in which case the loan must be entirely repaid within a period not to exceed 30 years of the date the loan proceeds are received. Principal and interest are repaid ratably through payroll deductions.

As discussed in the subsequent events at Note 10, Plan Administration elected for the Plan to adopt certain financial relief measures related to participant loans as provided in the CARES Act.

Payments of Benefits

Payments for benefits under the Plan are recorded when paid. Upon termination of service due to death, disability or retirement, participants may receive a lump sum payment equal to their vested account balance. Participants who are also active employees can request a hardship withdrawal up to their vested account balance, subject to certain conditions and restrictions.

Effective July 1, 2019, certain Plan provisions impacting payments of benefits were amended to facilitate the Plan to operate under a new Reshuffling Policy. See disclosure of Plan amendments at Note 9 for a more detailed discussion.

As discussed in the subsequent events at Note 10, Plan Administration elected for the Plan to adopt certain changes related to the age for required minimum distributions as provided in the SECURE Act, and certain financial relief measures related to distributions as provided in the CARES Act.

Forfeitures

Forfeitures represent the portion of non-vested account balances of terminated participants. Amounts forfeited from a Participant's Account shall be used to restore forfeitures, reduce Company contributions or to pay Plan expenses as provided by the Plan. At December 31, 2019 and 2018, there were no forfeited non-vested accounts.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company may pay the purchase price in a single cash payment or in substantially equal periodic payments over a period of five years.

Reshuffling

Company Stock held in a participant's ESOP account shall be transferred to other accounts of the participant as follows: (i) The transfer shall occur when the participant receives a distribution from the participant's ESOP account; (ii) The Plan shall value the Company Stock as of the most recent valuation date; (iii) The Plan shall transfer all of the Company Stock in the participant's ESOP account; and, (iv) Only participants whom the Company actively employs shall receive an allocation of the transferred Company Stock.

Effective July 1, 2019, certain Plan provisions impacting reshuffling were amended to facilitate the Plan to operate under a new Reshuffling Policy. See disclosure of Plan amendments at Note 9 for additional details.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In the first five years, eligible participants may diversify up to 25 percent of their shares in the company stock (at fair market value of the employer stock based on the most recent valuation) allocated to their individual ESOP accounts. The 25 percent allocation is cumulative for all five years and is reduced in any year by any amounts previously diversified. In the sixth year, eligible participants may elect to cumulatively diversify up to 50 percent of their ESOP account.

2. Summary of Significant Accounting Policies

Date of Management's Review and Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure through July 24, 2020, which is the date the financial statements were available to be issued. See Note 10 for disclosure of subsequent event.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurements.

The net appreciation in fair value of investments consists of the realized gains and losses from sales of investments and unrealized appreciation (depreciation) of investments. The net change in unrealized appreciation (depreciation) in the fair value of investments is determined by the change in fair value from the beginning of the year to the end of the year or change in fair value from date of the purchase to the end of the year.

Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019, and 2018, no allowance for credit losses has been recorded.

If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. The fair value disclosures for financial instruments are not required for participant loans. Also, participant loans continue to be considered as investments for Form 5500 reporting purposes.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. However, such officers and employees receive no compensation from the Plan. Administrative expenses of the Plan are paid by the Company if not paid by the Plan.

Recent Accounting Pronouncements

The FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. The ASU removes, adds, and modifies certain disclosure requirements for fair value measurements as part of the FASB's disclosure framework project.

The removed disclosures with a potential impact on the Plan include: (a) The amount of and reasons for transfers between Level 1 and Level 2. (b) The policy of timing of transfers between Levels. (c) The valuation processes for Level 3 fair value measurements. (d) For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

The modified disclosures with a potential impact on the Plan include: (a) instead of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. (b) For investments in certain entities that calculate net asset value, the entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse, only if the investee has communicated the timing to the entity or announced the timing publicly. (c) The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date.

The two additional disclosure requirements are not required for nonpublic entities. However, the amendments eliminate at a *minimum* from the phrase "*an entity shall disclose at* a *minimum*" to promote the appropriate exercise of discretion by entities when considering fair value measurement disclosures and to clarify that materiality is an appropriate consideration of entities and their auditors when evaluating disclosure requirements.

ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted. The Plan is evaluating the impact of adoption of this ASU on its financial statements and does not anticipate any material impact.

4. Fair Value Measurements

ASC Topic 820, *Fair Value Measurements and Disclosures* establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three broad levels of the fair value hierarchy are as follows:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1).
- Level 3 inputs consist of unobservable inputs and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs are not available. At December 31, 2019 and 2018, there were no plan assets requiring the use of Level 2 inputs.

Level 1 Fair Value Measurements

Money market funds - The money market fund is valued using pricing models maximizing the use of observable inputs for similar securities. Although a money market fund seeks to preserve the value of $1 of investment at $1 per share (unit), it is possible to lose money by investing in such a fund.

Mutual funds - The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 3 Fair Value Measurements

Sponsor company common stock - The fair value of sponsor company common stock is measured at estimated fair value based on the evaluation of an independent third-party valuation specialist. The fair value is determined using the Combined Valuation approach which is the cumulative sum of the products of the weighted value per share determined using the income approach and the market approach (Guideline and Prior transactions method) adjusted year to year for changing conditions affecting the Company.

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Fair Value Measurements Using:		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Unobservable Inputs (Level 3)	Fair Value
December 31, 2019:			
Money market funds	$ 784,181	$ -	$ 784,181
Mutual funds	8,380,914	-	8,380,914
Sponsor company common stock	-	17,345,154	17,345,154
Total investments, at fair value	$ 9,165,095	$ 17,345,154	26,510,249
December 31, 2018:			
Money market funds	$ 2,169,704	$ -	$ 2,169,704
Mutual funds	7,907,602	-	7,907,602

Total investments, at fair value	$ 10,077,306	$ 16,736,022	26,813,328

The following table reconciles the beginning and ending balances of fair value measurements using unobservable inputs (Level 3) of nonparticipant-directed investments for the year ended December 31, 2019 and 2018:

	Sponsor Company Common Stock	
	2019	2018
Balance, beginning of year	$ 16,736,022	$ 14,527,270
Total gains or (losses) included in changes in net assets available for benefits	2,702,111	1,752,851
Purchases	272,000	515,000
Sales	(2,364,979)	(59,099)
Balance, end of year	$ 17,345,154	$ 16,736,022

The sponsor company common stock represents 65,207 shares and 73,083 shares of the Company's common stock held by the Plan at December 31, 2019 and 2018, respectively, and recorded at estimated fair value of $266 and $229 (rounded) per share, respectively. See Note 5 for disclosure of related-party transactions in sponsor company common stock.

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2019 and 2018 are presented in net appreciation in fair value of investments.

5. Party-in-Interest and Related Party Transactions

Certain plan investments are shares of mutual funds and money market funds managed by Charles Schwab Bank (Schwab). Schwab is the trustee as defined by the Plan. Therefore, Schwab is a party-in-interest under ERISA and transactions with Schwab qualify as party-in-interest transactions. During 2019 and 2018, the Plan paid $6,280 and $6,441, respectively, in trustee fees to Schwab. These fees have been aggregated in the presentation of administrative fees on the accompanying statements of changes in net assets available for benefits.

Bank of Oklahoma Financial Asset Management ("BOKF") is the plan's investments manager and investments adviser, and the Plan's record keeper as defined by the Plan. Therefore, transactions with BOKF qualify as party-in-interest transactions. During 2019 and 2018, the Plan paid $47,825 and $47,413, respectively, in investment management and advisory fees, to BOKF. These fees are presented as a reduction of investment income on the accompanying statements of changes in net assets available for benefits. During 2019 and 2018, the Plan paid approximated $5,391 and $3,623 in record keeping fees, respectively, to BOKF. These fees have been aggregated in the presentation of administrative fees on the accompanying statements of changes in net assets available for benefits.

Certain Plan's assets are investments in the common stock of Sulphur Springs Bancshares, Inc. Sulphur Springs Bancshares, Inc., is the Plan sponsor as defined by the Plan. Therefore, transactions with the Plan involving the common stock of Sulphur Springs Bancshares, Inc. (Sponsor company common stock) qualify as party-in-interest transactions. During 2019 and 2018, the Plan received cash and stock dividends on Sponsor company common stock in the amounts of $807,113 and $668,211, respectively. These Sponsor company common stock dividends have been aggregated in the presentation of interest and dividend income on investments on the accompanying statements of changes in net assets available for benefits.

Additionally, on August 21, 2019, the Plan, in accordance with terms of the Stock Repurchase Agreement, sold approximately 9,274 shares of Sponsor company common stock to the Plan Sponsor at a price of $255 per share for cash proceeds totaling $2,364,979 to facilitate payment of distributions to terminated employees in accordance with the Reshuffling Policy discussed in the Plan amendments at Note 9.

Southard Financial, LLC (Southard) is the Plan's independent third-party valuation specialist for Sponsor company common stock as defined by the Plan. Therefore, Southard is a party-in-interest under ERISA and transactions with Southard qualify as party-in-interest transactions. Fees incurred by the Plan for valuation services provided by Southard are absorbed fully by the Company and are therefore, neither disclosed nor included or accrued on the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Payne & Smith, LLC is the Plan's independent public accountant (IQPA) as defined by the Plan. Therefore, the IPA is a party-in-interest under ERISA and transactions with the IPA qualify as party-in-interest transactions. Fees incurred by the Plan for audit and nonattest services provided by the IQPA are absorbed fully by the Company and are therefore, neither disclosed nor included or accrued on the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Tax Status

The Plan obtained its latest determination letter on November 21, 2014, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Sponsor believes that no events, circumstances, or amendments have changed since the date of the most recent determination letter that would result in non-compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the accompanying Plan financial statements.

Accounting principles generally accepted in the United States of America require Plan administrators to evaluate tax positions taken by the Plan and recognize a tax liability for uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax period in progress.

7. Plan Termination

While there is no intention to do so, the Company reserves the right to terminate the Plan. In the event of termination of the Plan, the participants become fully vested in their employer contribution balances, and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The following table presents concentrations of investments that represented 5% or more of the Plan's net assets at December 31, 2019 and 2018:

	2019	2018
Mutual funds:		
Vanguard Life Strategy Moderate Growth Fund I	$ 1,642,645	$ 1,663,949
Schwab Retirement Advantage Money Fund	***	2,169,704
Sponsor company common stock-		
Sulphur Springs Bancshares, Inc. - Common Stock	17,345,154	16,736,022

*** Investment concentration did not represent 5% or more of the Plan assets as of the year end presented.

See subsequent events at Note 10 for additional discussion of risks and uncertainty presented by the outbreak and spread of the novel Coronavirus Disease 2019 pandemic.

9. Plan Amendments

On July 12, 2019, the Plan was amended by changing Plan provisions related to the timing and form of distributions after termination of employment for reasons other than death, and upon death of a participant, effective July 1, 2019. Distributions after termination of employment for reasons other than death shall be in the form of cash only and shall commence immediately as soon as administratively feasible with a final payment made consisting of any allocations occurring after such termination of employment. With regards to Company stock, a lump sum distribution will be made as soon as administratively feasible in the year subsequent to the termination. Distributions on account of the death of the Participant, the entire Account balance of the deceased participant shall be paid to the beneficiaries by end of fifth year in accordance with the Basic Plan Document's, Sections 7.02(c)(l)(A) and 7.02(c)(2)(A) only.

On August 14, 2019, the Plan was amended by revising the Plan operation provisions related to participants' self-direction of accounts to permit self-direction of investments into the: Elective Deferral Account, Matching Contribution Account, Non-Elective Contribution Account, Qualified Nonelective Contribution Account, Rollover Contribution Account, and Transfer Account, effective August 15, 2019. A participant who is not an active participant may self-direct the above Accounts to the extent that they are not invested in Company Stock. A Participant who is an active Participant may self-direct the above accounts if the Account is not an ESOP Account or, if the Account is an ESOP Account, to the extent that the funds in such ESOP Account are: (i) not derived from Matching Contributions or Non-Elective Contributions or dividends on Company Stock; and (ii) are not invested in Company Stock.

On August 15, 2019, the Plan was amended by adopting a Reshuffling Policy to authorize the Plan Administrator to direct the Trustee of the Plan to reshuffle accounts of ESOP participants annually following their termination, retirement, or death. Accordingly, the Plan amended Article 4A (Special ESOP Provisions) of the Basic Plan Document by adding Section 4A.06 (Reshuffling and Rebalancing) to the Basic Plan Document, effective July 1, 2019. The purpose of the Reshuffling Policy is to maintain the ESOP shares of the Company as 100% owned by the ESOP on behalf of current employees who are participants in the ESOP and to freeze the investments of former employees in Company Stock allocated to them under the terms of the ESOP in a manner that is consistent with the applicable Internal Revenue Service and Department of Labor rules and regulations. Adoption of the Reshuffling Policy has led to an increase in benefit payments to terminated participant. During 2019 and 2018, distributions to terminated participants, aggregated in the presentation of benefit payments to participants on the accompanying statements of changes in net assets available for benefits, approximated $5,864,000 and 141,000, respectively.

See subsequent events at Note 10 for disclosure of other Plan amendments and changes adopted in 2020. Participants should refer to the Plan document and the Plan Administrator for a more complete description of the Plan's provisions.

10. Subsequent Events

Effective January 1, 2020, certain provisions of the Plan were amended to adopt changes related to the age for required minimum distributions ("RMD") as provided in the SECURE Act enacted on December 20, 2019. Accordingly, the Plan has increased the age for RMDs from age 70½ to 72. The change is effective for RMDs to plan participants born after June 30, 1949.

On March 13, 2020, the President of the United States (US) declared the novel Coronavirus Disease 2019 (COVID-19) outbreak a National Emergency. In weeks following the declaration, the US legislature enacted new laws while the Federal government implemented a series of monetary and fiscal interventions aimed at protecting the US economy from the potential adverse effects of COVID-19. The Coronavirus Aid, Relief and Economic Security Act of 2020 (CARES Act) enacted on March 27, 2020, contains certain provisions that provide temporary financial relief to small businesses, impacted employees, and employer-sponsored retirement plans during the COVID-19 National Emergency period and certain periods thereafter.

Effective April 17, 2020, Plan Administration elected for the Plan to adopt the following rule changes to the Plan as permitted by the CARES Act:

(a) For distributions made between January 1, 2020 and December 31, 2020, the Plan will allow affected retirement plan participants to take distributions up to $100,000 from their vested account balances. These withdrawals will not be subject to the mandatory 20% withholding and will not incur the 10% early distribution tax normally applied to payments made prior to age 59½. The income taxes due on the distribution amounts are optionally includable over a three-year period and may be repaid to the Plan, an eligible retirement plan or IRA within three years of taking the distribution.

(b) As mandated by the CARES Act, the Plan will temporarily waive required minimum distribution (RMD) rules in 2020 and extend the RMD waiver eligibility to participants who turned age 70½ in 2019 and had not yet received their 2019 distributions.

(c) Effective March 27, 2020, the Plan temporarily increased the maximum loan amount that impacted employees can borrow from their vested accounts in the Plan from 50% to 100% of their total vested balance, up to $100,000 (from $50,000). Impacted employees may also have their loan repayments suspended for up to 12 months for repayment due dates between March 27, 2020 through December 31, 2020.

As of July 24, 2020, Plan Administration is reviewing the CARES Act and the SECURE Act for consideration of other possible Plan changes. According to legislative guidance, Plan amendments are due on or before the last day of the first plan year beginning on or after January 1, 2022, or later if prescribed by the US Secretary of the Treasury. Plan Administration believes that implementation of other provisions, if elected, will be completed within the specified timeframe.

Participants should refer to the Plan document and the Plan Administrator for a more complete description of the Plan's provisions as revised to include the rule changes of the CARES Act discussed herein.

As of July 24, 2020, recent events related to the spread of the coronavirus (COVID-19) pandemic continue to significantly impact the global and domestic financial markets. The spread of COVID-19 presents risks and uncertainty with respect to the Plan's operation, Plan's investment performance, and the Plan's financial results. Therefore, it is at least reasonably possible that changes in the fair value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Due to the uncertainty as of the date of this report, Plan Administration is unable to estimate the total impact that COVID-19 may have on the Plan.
