NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and December 31, 2018

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of The Wm. Powell Company (the “Company”) 1985 Pension Plan for Employees Represented by The United Steelworkers of America (the “Plan”), a defined benefit plan, is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was adopted on January 1, 1987; however, credited service was granted for service rendered subsequent to January 23, 1985, the effective date of the Plan. Effective July 8, 2016, the Plan was amended to allow eligible participants the option to take a lump sum distribution rather than monthly annuity payments. The Plan assets are held and administered by U.S. Bank, N.A.

Plan Curtailment

The Company’s union contract with employees represented by the United Steelworkers of America (the “Union”) expired January 22, 1997. On February 24, 1997, the Company and the employees reached agreement on a new contract in which benefits were frozen as of January 23, 1997.

Eligibility and Benefits

The Plan is a defined benefit plan of the Company. Covered employees were all employees covered by the collective bargaining agreement between the United Steelworkers of America and the Company, which were eligible to participate in the Plan, from the Plan’s inception at January 23, 1985 to January 23, 1997.

A participant is eligible for normal retirement upon reaching the age of 65 and 5 years of continuous service or upon the completion of 30 years of service at any age. The monthly life annuity benefit is determined at normal retirement by multiplying the Unit Benefit (\$14) per month times the years of credited service up to a maximum of 40 years. Certain participants of prior plans sponsored by the Company are entitled to full benefits at age 62, with no actuarial reductions for early retirement. If a participant is employed when he attains his normal retirement date, the participant is 100% vested; otherwise, employees are vested only upon completion of five years of qualifying service, at which time they become 100% vested. Due to a plan curtailment in 1997, an additional month of credited service was applied for the portion of the period from January 23, 1997 through March 31, 1997, during which the employees were actively employed. For vesting purposes, periods of continuous service are measured from the time the participant first became employed by the Company; however, periods prior to a break-in-service are not included.

As defined in the plan agreement, other plan benefits available include early retirement, disability retirement, deferred vested retirement, pre-retirement death and late retirement benefits.

Funding

The Company has agreed to make actuarially determined contributions to the Plan sufficient to meet the applicable minimum funding standards under Federal law (unless waived pursuant to Federal law). The minimum funding requirements of ERISA have been met for 2019 and 2018.

Forfeitures

Forfeitures of non-vested benefits are applied to reduce future contributions of the Company.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Plan Amendment

The Company made an amendment to the Plan effective January 1, 2016 through April 30, 2018. This amendment allowed participants that were eligible to receive a lump sum payment. The amendment allows that an eligible participant can elect to have an immediate lump sum payment, or if the participant is not yet eligible for an immediate lump sum payment, then there is an exception. If the lump sum payment actuarial equivalent is above the applicable dollar limit of \$5,000, then the participant can elect to receive an immediate lump sum payment or the participant can elect to receive a payment of benefits in an annuity.

Plan Termination

While the Company has not expressed any intent to terminate the Plan or to discontinue contributions, it is free to do so at any time, subject to the provisions set forth in ERISA. Should the Plan be terminated at some future time, the rights of all affected participants to benefits accrued to the date of termination shall be non-forfeitable.

If the termination is the result of the bankruptcy or near bankruptcy of the Company and the Plan's assets are not adequate to pay all benefits vested prior to the termination, the Pension Benefit Guaranty Corporation (PBGC) will take over the Plan and will pay those benefits which it guarantees. In this case, some participants may receive a smaller benefit than if the Plan had continued. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits (as to other claims) and the level of benefits guaranteed by the PBGC at that time.

If, however, the Plan is terminated for any reason other than the bankruptcy or near bankruptcy of the Company and the Plan has insufficient assets, the Company will be required to pay to the Plan an amount which would, together with Plan assets, satisfy all benefits accumulated to the date of the Plan termination.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan have been prepared in accordance with U.S. generally accepted accounting principles as applied to defined benefit plans, and in accordance with the terms of the Plan Document. A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Adoption of New Accounting Pronouncement

In January 2016, FASB issued ASU No. 2016-01, Financial Instrument (Subject 825-10) – Overall Recognition and Measurement of Financial Assets and Liabilities. ASU No. 2016-01 amended ASC 825, Financial Instruments, which eliminates the requirements to disclose the fair value of financial instruments not recorded at fair value required under ASC 825. The ASU is effective for years beginning after December 15, 2018. ASU No. 2016-01 was adopted by the Plan on January 1, 2019 and did not have a significant impact on the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2019 and December 31, 2018

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. The investments are not covered by federal insurance.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Expenses

Administrative expenses are paid by the Company.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances – retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. The actuarial present value of accumulated plan benefits is determined by the Plan's actuary, using the unit credit cost method, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment. The significant assumptions underlying the actuarial computations include: (a) assumed normal retirement age; (b) assumed interest rate of 5.29% in 2019 and 5.51% in 2018; (c) discount rate for present value of accrued benefits of 2.75% for 2019 and 3.90% for 2018; and (d) assumed mortality, turnover and disability rates based on statistical data and tables. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Reclassifications

Certain reclassifications of prior year's figures were made in order to be comparative with the current year.

NOTE 3 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of money market funds and mutual funds managed by U.S. Bank, N.A. These transactions qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2019 and December 31, 2018

NOTE 4 - FEDERAL INCOME TAXES

The Plan obtained its latest determination letter on April 21, 2017, in which the Internal Revenue Service stated that the Plan, as amended and restated on September 29, 2003, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes had been included in the Plan's financial statements.

The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2016. There are currently no audits for any tax periods in progress.

NOTE 5 - INFORMATION CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by U.S. Bank, N.A., the trustee.

	<u>December 31,</u> <u>2019</u>	<u>December 31,</u> <u>2018</u>
Investments at fair value:		
Mutual funds	\$ 1,724,731	\$ 1,534,214
Investment income (loss)	\$ 323,746	\$ (125,462)

NOTE 6 - FAIR VALUE OF FINANCIAL INSTRUMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan's investments are stated at fair value and are considered Level 1. No Level 2 or Level 3 inputs were available to the Plan.

NOTE 6 - FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

Level 1 Fair Value Measurements

The fair value of mutual fund accounts and money market funds are based on quoted net asset value of the shares held by the Plan at year-end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

The Plan administrator determines the fair value measurement policies and procedures, subject to oversight by the Company's employee benefit committee. Those policies and procedures are reassessed at least annually to determine if the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following table shows by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and December 31, 2018:

	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>
<u>December 31, 2019</u>		
Mutual Funds	\$ 1,724,731	\$ 1,724,731
Total Investments	\$ <u>1,724,731</u>	\$ <u>1,724,731</u>
	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>
<u>December 31, 2018</u>		
Mutual Funds	\$ 1,534,214	\$ 1,534,214
Total Investments	\$ <u>1,534,214</u>	\$ <u>1,534,214</u>

Gains and losses (realized and unrealized) included in changes of net assets available for benefits for the year ended December 31, 2019 and December 31, 2018 are reported in net appreciation/depreciation in fair value of investments.

During 2019 and 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$280,269 for 2019 and \$(162,527) in 2018.

NOTE 7 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

The actuarial present values of accumulated plan benefits as of January 1, 2019 and 2018 are summarized as follows:

	<u>2019</u>	<u>2018</u>
Vested benefits:		
Retired, transferred and terminated employees	\$ 1,277,170	\$ 1,518,653
Active employees	0	0
Non-vested	<u>0</u>	<u>0</u>
Total	<u>\$ 1,277,170</u>	<u>\$ 1,518,653</u>

The change in the actuarial present value of accumulated plan benefits for the year ended January 1, 2019 is attributable to the following:

Actuarial present value of accumulated plan benefits as of January 1, 2018	\$ <u>1,518,653</u>
Interest due to change in discount period	107,225
Benefits accumulated and other	13,895
Assumption changes	(5,910)
Benefits paid	<u>(356,693)</u>
Net decrease	<u>(241,483)</u>
Actuarial present value of accumulated plan benefits as of January 1, 2019	<u>\$ 1,277,170</u>

NOTE 8 - LUMP SUM PAYMENTS

During 2018, the Plan paid lump-sum window offerings to 36 terminated vested participants from the Plan totaling \$223,212. This amount was in excess of the sum of the Service Cost and Interest Cost for the year, which required the plan to use special settlement accounting. Based on liabilities at 3.90%, the lump-sum window reduced the Plan's Projected Benefit Obligation by \$231,077. A one-time settlement charge of \$91,346 was added to the 2018 Net Periodic Pension Cost, for a total expense of \$46,694. A participant that was included in the lump sum payment had an error on their check that was issued. There was a \$300 discrepancy noted and the Plan has corrected the participant check.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 9 - RISKS AND UNCERTAINTIES (Continued)

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent to year-end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the Plan, COVID-19 may impact various parts of its 2020 operations and valuation of assets held for plan benefits. Both domestically and international equity markets have experienced significant declines. The full impact of COVID-19 is unknown and cannot be reasonably estimated as these events occurred subsequent to year-end and are still developing.

In response to the pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted to provide economic relief to businesses and individuals impacted by the pandemic. Provisions of the CARES Act specific to the Plan, included increasing the amount that Plan participants may borrow from their account up to or lesser of \$100,000 or 100% of the vested account balance until 180 days after the Act's enactment date, and also allows Plan participants the option of delaying loan payments on existing or 2020 loans until January 1, 2021.

The Plan Administrator has evaluated the impact of events that have occurred subsequent to December 31, 2019 through August 11, 2020, the date the financial statements were available to be issued, for purposes of recognition and disclosure in the financial statements.

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
