1. DESCRIPTION OF PLAN

The following description of the Mindex Technologies, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code. The Plan covers substantially all of the employees of Mindex Technologies, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the sponsor and administrator of the Plan. Fidelity Management Trust Company (Fidelity) is the trustee and custodian of the Plan's assets. Additionally, Fidelity provides recordkeeping services for the Plan.

Eligibility

Effective September 1, 2018, full-time employees are eligible to participate in the Plan on the first day of the month following the participant's date of hire and the attainment of eighteen years of age. Prior to September 1, 2018, full-time employees were eligible to participate in the Plan on the first day of the month following the participant's completion of six months of service, as defined in the Plan document, and the attainment of eighteen years of age.

Participant Accounts

Participants direct the investment of their contributions and Company matching and discretionary profit sharing contributions into the various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, Company matching contributions, actual earnings or losses and allocations of (a) the Company's discretionary profit sharing contributions and (b) administrative expenses of the Plan. Allocations are based on participant earnings and losses on account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan includes an automatic enrollment provision for newly eligible employees who do not elect to opt out. Employees are automatically enrolled to make tax-deferred contributions of 7%. Effective November 2019, the deferral rate for these participants increases 1% annually until a deferral rate of 15% is reached. Prior to November 2019, the deferral rate for these participants increased 1% annually, until a deferral rate of 10% was reached.

Contributions

Participants may make voluntary tax-deferred contributions up to 90% of their compensation, subject to certain limitations under the Internal Revenue Code (IRC). The Company makes matching contributions equal to 25% of each participant's elective deferral, up to a maximum of 7% of the participant's eligible compensation. The Company may elect to make additional discretionary profit sharing contributions to all eligible employees in a given plan year. The Company made no discretionary contributions to the Plan for the Plan years ended December 31, 2019 and 2018.

1. DESCRIPTION OF PLAN (Continued)

Vesting
Participants are immediately vested in their elective 401(k) contributions and actual earnings/losses thereon. Company matching and discretionary profit sharing contributions vest 20% per year beginning with the completion of two years of service. Participants are fully vested upon completion of six years of service. Subsequent to year end, the vesting schedule was amended as further described in Note 7.

Benefits Paid to Participants
Participants generally are eligible to receive distributions of their vested benefits upon retirement, termination of employment, or due to death or disability. Additionally, the Plan provides for in-service withdrawals of their vested account balance once a participant has reached the age of 59½, even if still employed. Participants may elect disbursement of their vested account balance as a lump-sum payment, or a direct rollover into an individual retirement account or another qualified plan.

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted from a participant's pre-tax contribution account. All hardship withdrawals must comply with IRC rules relating to hardship withdrawals, which are uniformly applicable to all participants.

Administrative Expenses
Expenses associated with the administration of the Plan are paid by both the Company and the Plan.

Forfeitures
Forfeitures of non-vested account balances are to be used to reduce Company matching and profit sharing contributions or pay administrative expenses of the Plan. Forfeitures totaled $36,237 and $9,525 during 2019 and 2018, respectively. The balance of unallocated forfeited non-vested accounts totaled $16,372 and $9,384 at December 31, 2019 and 2018, respectively. The Plan used $29,249 and $7,318 of forfeitures in 2019 and 2018, respectively.

Plan Termination
Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, each participant's account will become fully vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investments
Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments (Continued)
Investments are exposed to various risks, such as interest rate, market, economic conditions, world affairs, and credit risks. Due to the level of risks associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and such changes could materially affect amounts reported in the accompanying statements.

Fair Value Measurements
Accounting Standards Codification (ASC) Section 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Section 820 are described below:

- Level 1 - Unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the ASC Section 820 hierarchy is provided in Note 4.

Benefit Payments
Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to use estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the following information was certified as complete and accurate by Fidelity, the trustee, as of and for the years ended December 31, 2019 and 2018, respectively, and is included in the accompanying financial statements and supplemental schedule:

	2019	2018
Investments, at fair value	$ 15,686,560	$ 11,508,234
Net appreciation (depreciation) in fair value of investments	$ 2,377,997	$ (1,446,301)
Interest and dividends	$ 591,482	$ 671,823
Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,450,561	$ -	$ -	$ 15,450,561
Money market fund	187,036	-	-	187,036
	15,637,597	-	-	15,637,597
Investments, at net asset value				48,963
Total investments				$ 15,686,560

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,380,647	$ -	$ -	$ 11,380,647
Money market fund	80,756	-	-	80,756
	11,461,403	-	-	11,461,403
Investments, at net asset value				46,831
Total investments				$ 11,508,234

The following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: Valued at fair value based on quoted market prices in active markets.

Money market fund: Valued at fair value based on quoted market prices in active markets.

4. FAIR VALUE MEASUREMENTS (Continued)

Common/collective trust: Valued at fair value using the net asset value (NAV) per share practical expedient, based on the value of the underlying investments held at year end, divided by the number of units outstanding. The unit price is set by the trustee; however the unit price is based on the market value of the underlying investments as measured at the close of business on the valuation date and is primarily based on observable inputs. The primary investment objective of the common/collective trust is to seek income while preserving the principal investment. These accounts do not have any unfunded commitments. The plan can redeem these investments daily. There are currently no redemption restrictions on these investments

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. TAX STATUS

The Plan is designed from a volume submitter plan offered by Fidelity. The Internal Revenue Service has determined and informed Fidelity, by letter dated March 31, 2014, that the written form of the underlying volume submitter plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not yet applied for its own determination letter and has been amended since the date the volume submitter plan received its determination letter. However, the Plan administrator and the Plan's tax counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments consist of shares in mutual funds, a money market fund and a common/collective trust fund managed by Fidelity, the trustee of the Plan. Therefore, transactions involving these investments qualify as party-in-interest transactions.

7. SUBSEQUENT EVENTS

Effective January 1, 2020, Company matching and discretionary profit sharing contributions vest 33% per year beginning with the completion of one year of service. Participants are fully vested upon completion of three years of service.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant declines in fair value since December 31, 2019. The impact of COVID-19 continues to evolve rapidly and the Company is not able at this time to estimate its full impact on the Plan's financial statements.

Subsequent events have been evaluated through August 19, 2020, which is the date the financial statements were available to be issued.
