NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2019 AND 2018

A. DESCRIPTION OF THE PLAN:

The following description of the Ohio Motorcycle Group 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan that covers substantially all employees of H & M Acquisitions, LLC (the “Company” and “Plan Sponsor”) who have completed 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan allows other commonly owned employers to adopt its provisions. Ohio MC Riders, LLC, Erie Riders, LLC, Lakeview Motorsports, LLC, Lakeside Motorcycles, LLC and TDG Management Company, all of whom are related to the Company through common ownership, have adopted the Plan.

Contributions - Each year participants may contribute up to 100% of their pre-tax or post-tax (Roth) annual compensation, subject to the maximum amount allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company has elected to match 100% of the participants’ voluntary contributions for the first 3% of compensation and 50% of the participants’ voluntary contributions for the next 2% of compensation, which resulted in matching contributions of \$174,296 for the year ended December 31, 2019. Each year, the Company may make discretionary non-elective contributions to each participant. The Company shall provide the plan administrator with written notification of the amount of the contribution to be allocated to each participant. Discretionary non-elective contributions were \$106,647 for the year ended December 31, 2019. Approximately \$32,500 of employer contributions were funded in 2019 by forfeitures available at December 31, 2019.

With the consent of the plan administrator, the Plan may accept participant rollover contributions from other qualified retirement plans.

Vesting - A participant is fully vested immediately in elective wage deferrals and in amounts rolled over from other qualified plans. Vesting attributable to employer matching and profit sharing contributions is as follows:

<u>Years of Service</u>	<u>Vesting %</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Accounts - Each participant’s account is credited with the participant’s contributions including elective deferrals and rollover contributions and an allocation of the Company’s contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All investments of the Plan are fully participant-directed.

A. DESCRIPTION OF THE PLAN (CONTINUED):

Payment of Benefits - Upon termination of employment due to death, disability or retirement, a participant having a balance of more than \$5,000 may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. A participant having a vested account balance less than \$5,000 will receive a lump-sum distribution regardless of whether they consent to receive it.

Non-terminated employees may make withdrawals of a minimum of \$1,000 up to 100% of their vested account balances as a hardship withdrawal prior to reaching normal retirement age. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement.

Non-terminated employees who have reached age 59 ½ may make withdrawals of a minimum of \$1,000 up to 100% of their vested account balances as an in-service distribution.

Forfeited Accounts - Forfeitures which occur pursuant to the Plan may be used to pay any administrative expenses of the Plan, then to reduce profit sharing contributions, then to reduce company matching contributions. As of December 31, 2019 and 2018, there were available forfeitures of approximately \$31,900 and \$45,000, respectively. During 2019, the Plan had approximately \$30,900 of current forfeitures and approximately \$44,000 of forfeitures were used to reduce 2018 company contributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain investment management and other fees are paid directly by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events - The Company has evaluated subsequent events through July 28, 2020, which is the date the financial statements were available to be issued.

C. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments from participants held at December 31, 2019 and 2018, and investment income and benefits paid for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Life Insurance Company, the custodian of the fully benefit-responsive investment contract, and Nationwide Financial Services, Inc., the custodian of the mutual funds.

D. FAIR VALUE MEASUREMENTS:

The authoritative accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the authoritative accounting guidance are described as follows:

Level 1 - Fair values are based on quoted prices (unadjusted) in active markets for identical assets that the plan has the ability to access at the measurement date.

Level 2 - Fair values are based on inputs other than quoted price included within level 1 that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted price for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market observable inputs.

Level 3 - Fair values are based on unobservable inputs used for valuing the asset or liability. Unobservable inputs are those that reflect the plans own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available in the circumstances.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

OHIO MOTORCYCLE GROUP
401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

D. FAIR VALUE MEASUREMENTS (CONTINUED):

Mutual funds: Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are valued at the daily closing prices as reported by the fund and adjusted upon conversion into units to be allocated to participant accounts, as determined by the custodians.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All assets measured at fair value as of December 31, 2019 and 2018 were mutual funds that were level 2 assets within the fair value hierarchy.

E. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT:

The Plan offers the Nationwide Fixed Select Option, which is a group fixed annuity contract issued by Nationwide Life Insurance Company as custodian. The Nationwide Fixed Select Option is a traditional investment contract guaranteed by Nationwide Life Insurance Company that guarantees a rate of interest that will be credited to participant accounts. This contract meets the fully benefit-responsive investment contract criteria and is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Due to the nature of the contract, there are no specific underlying assets assigned. As a result, the average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contract. Under the terms of the existing contract, the crediting rate is reset on a quarterly basis. The crediting interest rate is net of administrative fees.

The contract is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of the issuer and not on the value of the securities within the insurer’s general account. Key factors that could influence future crediting interest rates are changes in interest rates, and default or credit failures of the securities in the insurer’s general assets. Past interest rates are not indicative of future interest rates.

The Fixed Select Option contract does not have a maturity date. The provisions do not provide for a distribution at book value at some specified future date. A contract holder can request a lump sum distribution with a market value adjustment, or an installment payout, at book value, over a period of years. The Fixed Select Option contract continues in force until all assets have been distributed, or no further payments are due.

**OHIO MOTORCYCLE GROUP
401(k) PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

E. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED):

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

F. TRANSACTIONS WITH PARTIES-IN-INTEREST:

Nationwide Financial Services, Inc. and Nationwide Life Insurance Company are the custodians of the Plan and hold all of the Plan's investments. Nationwide Financial Services, Inc. and Nationwide Life Insurance Company are parties-in-interest of the Plan as defined by ERISA Section 3(14), and accordingly investment transactions in the funds are parties-in-interest transactions. Certain legal and accounting fees and certain administrative expenses relating to the maintenance of participant eligibility records are absorbed by the Company.

G. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

H. TAX STATUS:

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

J. LOST OPPORTUNITY COST CONTRIBUTIONS:

The Company made late participant contributions to the Plan for the year ended December 31, 2019. The Plan contributed the late amount of \$4,438 for July 24, 2019 on August 27, 2019. The Plan calculated the lost opportunity costs totaling \$15.

The Company made late participant contributions to the Plan for the year ended December 31, 2019. The Plan contributed the late amount of \$4,131 for October 31, 2019 on November 13, 2019. The Plan calculated the lost opportunity costs totaling \$1.

The Company made late participant contributions to the Plan for the year ended December 31, 2019. The Plan contributed the late amount of \$8,640 for December 20, 2019 in January 2020. The Plan calculated the lost opportunity costs totaling \$7. The amount has been properly included as employee contributions receivable on the statements of net assets available for benefits as of December 31, 2019.

Also, a disclosure has been made on Form 5500, Schedule H, Page 4, line 4a that \$17,209 of 2019 participant contributions were not made within the time period described in 29 CFR 2510.3-102, which is considered a Section 4975(a) prohibited transaction.

All prohibited transactions have been corrected and lost earnings deposited into the Plan by the date these financial statements were issued.

K. SUBSEQUENT EVENT:

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have risen which may have negatively impacted investment income and other plan transactions. The Plan's investments may have experienced a significant decline in fair value, consistent with a general decline in financial markets. Other financial impacts could occur, though such potential impact is unknown at this time.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closing of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective on January 1, 2020 and may require significant changes to plan administration and recordkeeping.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2019 AND 2018

A. DESCRIPTION OF THE PLAN:

The following description of the Ohio Motorcycle Group 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan that covers substantially all employees of H & M Acquisitions, LLC (the “Company” and “Plan Sponsor”) who have completed 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan allows other commonly owned employers to adopt its provisions. Ohio MC Riders, LLC, Erie Riders, LLC, Lakeview Motorsports, LLC, Lakeside Motorcycles, LLC and TDG Management Company, all of whom are related to the Company through common ownership, have adopted the Plan.

Contributions - Each year participants may contribute up to 100% of their pre-tax or post-tax (Roth) annual compensation, subject to the maximum amount allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company has elected to match 100% of the participants’ voluntary contributions for the first 3% of compensation and 50% of the participants’ voluntary contributions for the next 2% of compensation, which resulted in matching contributions of \$174,296 for the year ended December 31, 2019. Each year, the Company may make discretionary non-elective contributions to each participant. The Company shall provide the plan administrator with written notification of the amount of the contribution to be allocated to each participant. Discretionary non-elective contributions were \$106,647 for the year ended December 31, 2019. Approximately \$32,500 of employer contributions were funded in 2019 by forfeitures available at December 31, 2019.

With the consent of the plan administrator, the Plan may accept participant rollover contributions from other qualified retirement plans.

Vesting - A participant is fully vested immediately in elective wage deferrals and in amounts rolled over from other qualified plans. Vesting attributable to employer matching and profit sharing contributions is as follows:

<u>Years of Service</u>	<u>Vesting %</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Accounts - Each participant’s account is credited with the participant’s contributions including elective deferrals and rollover contributions and an allocation of the Company’s contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All investments of the Plan are fully participant-directed.

401(k) PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF THE PLAN (CONTINUED):

Payment of Benefits - Upon termination of employment due to death, disability or retirement, a participant having a balance of more than \$5,000 may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. A participant having a vested account balance less than \$5,000 will receive a lump-sum distribution regardless of whether they consent to receive it.

Non-terminated employees may make withdrawals of a minimum of \$1,000 up to 100% of their vested account balances as a hardship withdrawal prior to reaching normal retirement age. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement.

Non-terminated employees who have reached age 59 ½ may make withdrawals of a minimum of \$1,000 up to 100% of their vested account balances as an in-service distribution.

Forfeited Accounts - Forfeitures which occur pursuant to the Plan may be used to pay any administrative expenses of the Plan, then to reduce profit sharing contributions, then to reduce company matching contributions. As of December 31, 2019 and 2018, there were available forfeitures of approximately \$31,900 and \$45,000, respectively. During 2019, the Plan had approximately \$30,900 of current forfeitures and approximately \$44,000 of forfeitures were used to reduce 2018 company contributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain investment management and other fees are paid directly by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events - The Company has evaluated subsequent events through July 28, 2020, which is the date the financial statements were available to be issued.

C. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments from participants held at December 31, 2019 and 2018, and investment income and benefits paid for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Life Insurance Company, the custodian of the fully benefit-responsive investment contract, and Nationwide Financial Services, Inc., the custodian of the mutual funds.

D. FAIR VALUE MEASUREMENTS:

The authoritative accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the authoritative accounting guidance are described as follows:

Level 1 - Fair values are based on quoted prices (unadjusted) in active markets for identical assets that the plan has the ability to access at the measurement date.

Level 2 - Fair values are based on inputs other than quoted price included within level 1 that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted price for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market observable inputs.

Level 3 - Fair values are based on unobservable inputs used for valuing the asset or liability. Unobservable inputs are those that reflect the plans own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available in the circumstances.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

OHIO MOTORCYCLE GROUP
401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

D. FAIR VALUE MEASUREMENTS (CONTINUED):

Mutual funds: Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are valued at the daily closing prices as reported by the fund and adjusted upon conversion into units to be allocated to participant accounts, as determined by the custodians.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All assets measured at fair value as of December 31, 2019 and 2018 were mutual funds that were level 2 assets within the fair value hierarchy.

E. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT:

The Plan offers the Nationwide Fixed Select Option, which is a group fixed annuity contract issued by Nationwide Life Insurance Company as custodian. The Nationwide Fixed Select Option is a traditional investment contract guaranteed by Nationwide Life Insurance Company that guarantees a rate of interest that will be credited to participant accounts. This contract meets the fully benefit-responsive investment contract criteria and is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Due to the nature of the contract, there are no specific underlying assets assigned. As a result, the average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contract. Under the terms of the existing contract, the crediting rate is reset on a quarterly basis. The crediting interest rate is net of administrative fees.

The contract is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of the issuer and not on the value of the securities within the insurer's general account. Key factors that could influence future crediting interest rates are changes in interest rates, and default or credit failures of the securities in the insurer's general assets. Past interest rates are not indicative of future interest rates.

The Fixed Select Option contract does not have a maturity date. The provisions do not provide for a distribution at book value at some specified future date. A contract holder can request a lump sum distribution with a market value adjustment, or an installment payout, at book value, over a period of years. The Fixed Select Option contract continues in force until all assets have been distributed, or no further payments are due.

**OHIO MOTORCYCLE GROUP
401(k) PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

E. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED):

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

F. TRANSACTIONS WITH PARTIES-IN-INTEREST:

Nationwide Financial Services, Inc. and Nationwide Life Insurance Company are the custodians of the Plan and hold all of the Plan's investments. Nationwide Financial Services, Inc. and Nationwide Life Insurance Company are parties-in-interest of the Plan as defined by ERISA Section 3(14), and accordingly investment transactions in the funds are parties-in-interest transactions. Certain legal and accounting fees and certain administrative expenses relating to the maintenance of participant eligibility records are absorbed by the Company.

G. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

H. TAX STATUS:

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**OHIO MOTORCYCLE GROUP
401(k) PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

J. LOST OPPORTUNITY COST CONTRIBUTIONS:

The Company made late participant contributions to the Plan for the year ended December 31, 2019. The Plan contributed the late amount of \$4,438 for July 24, 2019 on August 27, 2019. The Plan calculated the lost opportunity costs totaling \$15.

The Company made late participant contributions to the Plan for the year ended December 31, 2019. The Plan contributed the late amount of \$4,131 for October 31, 2019 on November 13, 2019. The Plan calculated the lost opportunity costs totaling \$1.

The Company made late participant contributions to the Plan for the year ended December 31, 2019. The Plan contributed the late amount of \$8,640 for December 20, 2019 in January 2020. The Plan calculated the lost opportunity costs totaling \$7. The amount has been properly included as employee contributions receivable on the statements of net assets available for benefits as of December 31, 2019.

Also, a disclosure has been made on Form 5500, Schedule H, Page 4, line 4a that \$17,209 of 2019 participant contributions were not made within the time period described in 29 CFR 2510.3-102, which is considered a Section 4975(a) prohibited transaction.

All prohibited transactions have been corrected and lost earnings deposited into the Plan by the date these financial statements were issued.

K. SUBSEQUENT EVENT:

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have risen which may have negatively impacted investment income and other plan transactions. The Plan's investments may have experienced a significant decline in fair value, consistent with a general decline in financial markets. Other financial impacts could occur, though such potential impact is unknown at this time.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closing of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective on January 1, 2020 and may require significant changes to plan administration and recordkeeping.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2019 AND 2018

A. DESCRIPTION OF THE PLAN:

The following description of the Ohio Motorcycle Group 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan that covers substantially all employees of H & M Acquisitions, LLC (the “Company” and “Plan Sponsor”) who have completed 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan allows other commonly owned employers to adopt its provisions. Ohio MC Riders, LLC, Erie Riders, LLC, Lakeview Motorsports, LLC, Lakeside Motorcycles, LLC and TDG Management Company, all of whom are related to the Company through common ownership, have adopted the Plan.

Contributions - Each year participants may contribute up to 100% of their pre-tax or post-tax (Roth) annual compensation, subject to the maximum amount allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company has elected to match 100% of the participants’ voluntary contributions for the first 3% of compensation and 50% of the participants’ voluntary contributions for the next 2% of compensation, which resulted in matching contributions of \$174,296 for the year ended December 31, 2019. Each year, the Company may make discretionary non-elective contributions to each participant. The Company shall provide the plan administrator with written notification of the amount of the contribution to be allocated to each participant. Discretionary non-elective contributions were \$106,647 for the year ended December 31, 2019. Approximately \$32,500 of employer contributions were funded in 2019 by forfeitures available at December 31, 2019.

With the consent of the plan administrator, the Plan may accept participant rollover contributions from other qualified retirement plans.

Vesting - A participant is fully vested immediately in elective wage deferrals and in amounts rolled over from other qualified plans. Vesting attributable to employer matching and profit sharing contributions is as follows:

<u>Years of Service</u>	<u>Vesting %</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Accounts - Each participant’s account is credited with the participant’s contributions including elective deferrals and rollover contributions and an allocation of the Company’s contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All investments of the Plan are fully participant-directed.

401(k) PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF THE PLAN (CONTINUED):

Payment of Benefits - Upon termination of employment due to death, disability or retirement, a participant having a balance of more than \$5,000 may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. A participant having a vested account balance less than \$5,000 will receive a lump-sum distribution regardless of whether they consent to receive it.

Non-terminated employees may make withdrawals of a minimum of \$1,000 up to 100% of their vested account balances as a hardship withdrawal prior to reaching normal retirement age. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement.

Non-terminated employees who have reached age 59 ½ may make withdrawals of a minimum of \$1,000 up to 100% of their vested account balances as an in-service distribution.

Forfeited Accounts - Forfeitures which occur pursuant to the Plan may be used to pay any administrative expenses of the Plan, then to reduce profit sharing contributions, then to reduce company matching contributions. As of December 31, 2019 and 2018, there were available forfeitures of approximately \$31,900 and \$45,000, respectively. During 2019, the Plan had approximately \$30,900 of current forfeitures and approximately \$44,000 of forfeitures were used to reduce 2018 company contributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain investment management and other fees are paid directly by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events - The Company has evaluated subsequent events through July 28, 2020, which is the date the financial statements were available to be issued.

C. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments from participants held at December 31, 2019 and 2018, and investment income and benefits paid for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Life Insurance Company, the custodian of the fully benefit-responsive investment contract, and Nationwide Financial Services, Inc., the custodian of the mutual funds.

D. FAIR VALUE MEASUREMENTS:

The authoritative accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the authoritative accounting guidance are described as follows:

Level 1 - Fair values are based on quoted prices (unadjusted) in active markets for identical assets that the plan has the ability to access at the measurement date.

Level 2 - Fair values are based on inputs other than quoted price included within level 1 that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted price for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market observable inputs.

Level 3 - Fair values are based on unobservable inputs used for valuing the asset or liability. Unobservable inputs are those that reflect the plans own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available in the circumstances.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

OHIO MOTORCYCLE GROUP
401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

D. FAIR VALUE MEASUREMENTS (CONTINUED):

Mutual funds: Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are valued at the daily closing prices as reported by the fund and adjusted upon conversion into units to be allocated to participant accounts, as determined by the custodians.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All assets measured at fair value as of December 31, 2019 and 2018 were mutual funds that were level 2 assets within the fair value hierarchy.

E. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT:

The Plan offers the Nationwide Fixed Select Option, which is a group fixed annuity contract issued by Nationwide Life Insurance Company as custodian. The Nationwide Fixed Select Option is a traditional investment contract guaranteed by Nationwide Life Insurance Company that guarantees a rate of interest that will be credited to participant accounts. This contract meets the fully benefit-responsive investment contract criteria and is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Due to the nature of the contract, there are no specific underlying assets assigned. As a result, the average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contract. Under the terms of the existing contract, the crediting rate is reset on a quarterly basis. The crediting interest rate is net of administrative fees.

The contract is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of the issuer and not on the value of the securities within the insurer’s general account. Key factors that could influence future crediting interest rates are changes in interest rates, and default or credit failures of the securities in the insurer’s general assets. Past interest rates are not indicative of future interest rates.

The Fixed Select Option contract does not have a maturity date. The provisions do not provide for a distribution at book value at some specified future date. A contract holder can request a lump sum distribution with a market value adjustment, or an installment payout, at book value, over a period of years. The Fixed Select Option contract continues in force until all assets have been distributed, or no further payments are due.

NOTES TO FINANCIAL STATEMENTS

E. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED):

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

F. TRANSACTIONS WITH PARTIES-IN-INTEREST:

Nationwide Financial Services, Inc. and Nationwide Life Insurance Company are the custodians of the Plan and hold all of the Plan's investments. Nationwide Financial Services, Inc. and Nationwide Life Insurance Company are parties-in-interest of the Plan as defined by ERISA Section 3(14), and accordingly investment transactions in the funds are parties-in-interest transactions. Certain legal and accounting fees and certain administrative expenses relating to the maintenance of participant eligibility records are absorbed by the Company.

G. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

H. TAX STATUS:

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

J. LOST OPPORTUNITY COST CONTRIBUTIONS:

The Company made late participant contributions to the Plan for the year ended December 31, 2019. The Plan contributed the late amount of \$4,438 for July 24, 2019 on August 27, 2019. The Plan calculated the lost opportunity costs totaling \$15.

The Company made late participant contributions to the Plan for the year ended December 31, 2019. The Plan contributed the late amount of \$4,131 for October 31, 2019 on November 13, 2019. The Plan calculated the lost opportunity costs totaling \$1.

The Company made late participant contributions to the Plan for the year ended December 31, 2019. The Plan contributed the late amount of \$8,640 for December 20, 2019 in January 2020. The Plan calculated the lost opportunity costs totaling \$7. The amount has been properly included as employee contributions receivable on the statements of net assets available for benefits as of December 31, 2019.

Also, a disclosure has been made on Form 5500, Schedule H, Page 4, line 4a that \$17,209 of 2019 participant contributions were not made within the time period described in 29 CFR 2510.3-102, which is considered a Section 4975(a) prohibited transaction.

All prohibited transactions have been corrected and lost earnings deposited into the Plan by the date these financial statements were issued.

K. SUBSEQUENT EVENT:

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have risen which may have negatively impacted investment income and other plan transactions. The Plan's investments may have experienced a significant decline in fair value, consistent with a general decline in financial markets. Other financial impacts could occur, though such potential impact is unknown at this time.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closing of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective on January 1, 2020 and may require significant changes to plan administration and recordkeeping.
