Miami Valley Steel Service, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Miami Valley Steel Service, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering the employees of Miami Valley Steel Service, Inc. (the Company). Employees who have completed three consecutive months of service and are age 18 or older are eligible to participate. The age and service requirements for salary deferrals were waived for any eligible employee employed on August 1, 2012. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participant contributions to the Plan are made by employees within limitations stipulated in Section 401(k) of the Internal Revenue Code and provides for higher contribution limits for employees who are age 50 or older. Employees may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company matches 100% of the first 1% of eligible compensation that a participant contributes to the Plan and 50% of the next 5% of eligible compensation contributed by the participant. Additionally, the Company may decide to make a discretionary non-elective contribution to eligible participants. No discretionary non-elective contributions were made by the Company for the year ended December 31, 2019.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on each participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting: Participants are immediately 100% vested in their voluntary contributions. Vesting in the Company's matching contributions and discretionary non-elective contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in the Company's matching contributions after 2 years of credited service and 100% vested in the Company's discretionary non-elective contributions after 5 years of credited service.

Forfeitures: If a participant is not fully vested on their termination date, the non-vested amount of the account is forfeited. Forfeitures are used to reinstate previously forfeited account balances of participants, reduce future Company contributions, or to pay administrative expenses of the Plan. At December 31, 2019 and 2018, forfeited account balances totaled \$3,141 and \$1,912, respectively. Forfeited amounts of \$1,072 were used to pay administrative expenses during 2019.

Notes receivable from participants: Participants may borrow from their accounts the lesser of \$50,000 or 50% of their vested account balance. The minimum amount for any single loan is \$1,000. Loan terms range from 1-5 years, except if the funds are for certain home-related loans. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is repaid through payroll deductions. Interest rates ranged from 3.25% to 5.50% as of December 31, 2019 and were 3.25% to 5.25% as of December 31, 2018.

Payment of benefits: Upon termination of employment, the participant or, in the case of death, the beneficiary, can elect to receive a lump sum cash distribution or a direct rollover distribution. Account balances less than \$1,000 are paid in a single lump sum upon termination.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Investment valuation and income recognition: Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses in investments bought and sold as well as held during the year. Capital gain distributions are included in interest and dividend income.

Contributions: Participant contributions are recognized when earned. Company matching contributions are recognized concurrently with participant contributions. Company discretionary non-elective contributions are recognized annually, as applicable.

Notes receivable from participants: Notes receivable from participants are recorded at their unpaid principal balances plus any accrued interest. Notes receivable from participants are written off when deemed uncollectible.

Benefit payments: Benefits are recorded when paid.

Administrative expenses: Various administrative costs are paid by the Company.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 3. Information Certified and Provided by the Plan's Trustee

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2019 and 2018 and for the year ended December 31, 2019 was prepared or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that the information provided to the Plan administrator by the trustee related to these plan assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 4 and the supplemental schedule related to the Plan's assets.

PNC Bank, NA also certified to the completeness and accuracy of \$1,850,997 of net appreciation in fair value of investments, \$514,415 of interest and dividends related to investments and \$19,489 of interest income from notes receivable from participants for the year ended December 31, 2019.

Miami Valley Steel Service, Inc. 401(k) Plan

Note 4. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1: Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust fund: Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

Assets measured at fair value on a recurring basis: The following table summarizes assets measured at fair value on a recurring basis as of December 31, 2019 and 2018, segregated by level of the valuation inputs within the fair value hierarchy utilized to measure fair value.

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,332,083	\$ -	\$ -	\$ 13,332,083
Investments measured at fair value	\$ 13,332,083	\$ -	\$ -	13,332,083
Investments measured at NAV ^(a)				566,071
Total investments, at fair value				\$ 13,898,154

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,193,403	\$ -	\$ -	\$ 10,193,403
Investments measured at fair value	\$ 10,193,403	\$ -	\$ -	10,193,403
Investments measured at NAV ^(a)				640,549
Total investments, at fair value				\$ 10,833,952

^(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of transfer relative to total assets available for benefits.

The table below discloses the fair value and redemption frequency for those assets whose fair value is estimated using the NAV per unit as of December 31, 2019 and 2018.

	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2019	2018	2019	2018		
Common/collective trust fund	\$ 566,071	\$ 640,549	None	None	Immediate	None

Notes to Financial Statements

Note 5. Income Tax Status

The Plan adopted a standardized form of a prototype plan sponsored by PNC Bank, NA. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2016.

Note 6. Plan Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100% vested in their account balances.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Party-in-Interest Transactions

Certain plan assets are in investment funds managed by PNC Bank, NA. PNC Bank, NA is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Horan Retirement Advisors and CapTrust Financial Advisors served as advisors to the Plan in which the advisor fees also qualify as party-in-interest transactions. Fees paid by the Plan for investment management and advisory services totaled \$22,433 for the year ended December 31, 2019.

Note 9. Subsequent Event

Subsequent to year-end, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. The full impact of the coronavirus outbreak continues to evolve as of the date of this report; therefore, the extent of any adverse impact to the Plan's participants cannot be predicted at this time.

On March 27, 2020, the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act, contains specific provisions impacting participant loans and distributions.

The Plan has evaluated subsequent events for potential recognition and/or disclosure through August 10, 2020, the date the financial statements were available to be issued.
