Banyan Air Services, Inc. 401 (K) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Banyan Air Services, Inc. 401 (K) Plan, which comprise the statement of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

BANYAN AIR SERVICES, INC. 401 (K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Banyan Air Services, Inc. 401 (K) Plan, (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the plan's provision.

General

The plan is a single employer defined contribution plan covering eligible employees. The plan is subject to the provisions of ERISA. All eligible employees 21 years of age or over of Banyan Air Services, Inc. can participate in the plan. Union employees and nonresident aliens are excluded from participation. Participation commences on the first day of each month of each Plan Year.

Contributions

Each year participants may contribute up to 90% of their compensation not to exceed the maximum allowable IRC 402(g) limit of $19,000 for 2019. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified plans. The Plan has the automatic deferral provision at 3%.

The Company makes matching contributions on behalf of its eligible participants. The Company may also make discretionary contributions to eligible participants in accordance with the plan document.

The maximum IRC 415 limit for total contributions made on behalf of a participant (deferrals and employer contributions) is $56,000. Catch-up contributions can be made in excess of this limit.

Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers various mutual funds as options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Forfeitures

Forfeitures attributable to employer contributions shall be used to offset plan expenses and fund the employer contribution for the Plan year following the year such forfeitures occur. At December 31, 2019 and 2018 forfeited non-vested accounts totaled $46,669 and $47,894, respectively. Also 1n 2019, employer contributions were reduced by $23,695 from forfeited non-vested accounts.

NOTE 1. DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participant

Participants may borrow up to maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as participant directed investments. Loan terms range from one to five years. Loan terms may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing prime rates. Interest rates on loans outstanding as of December 31, 2019 and 2018 were between 5.25% to 6.25%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, purchase of an annuity, or payment in equal installments.

The distributable amount is equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of discretionary contributions.

The plan also allows for in-service distributions upon attainment of age 59½ for any reason, and before age 59½ due to financial hardship, as defined in the plan document.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America (US GAAP). Employer contributions and income from investments are recorded when they are earned. Expenses are recorded in accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and those changes could materially affects the amounts reported in the statements of net assets available for benefits.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Notes Receivables from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. As of December 31, 2019, $15,135 was recorded as interest income on notes receivable from participants.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investments related expenses are included in net appreciation(depreciation) of the fair value of investments.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standard Board (FASB) issued an Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement which removes, modifies and adds disclosures to Topic 820. The amendments in this ASU 2018-13 apply to all entities that are required, under existing U.S Generally Accepted Accounting Principles (GAAP), to make disclosures about recurring or nonrecurring fair value measurements. The amendments in this ASU 2018-13 are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. This update is not expected to have a material impact on the Plan's financial statements and Plan's management, the Plan Sponsor, is evaluating the impact of the update on the Plan's notes to the financial statements.

In February 2017, the FASB issued ASU 2017-06, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965). This update removes the requirement to disclose the percentage interest in the master trust for plans with divided interests and requires that all plans disclose the dollar amount of their interest in each of those general types of investments. This update is effective for fiscal years beginning after December 15, 2018, with early application permitted. This update is not expected to have a material impact on the Plan's financial statements and Plan's management, the Plan Sponsor, is evaluating the impact of the update on the Plan's notes to the financial statements.

Subsequent Events

The Plan has evaluated subsequent events through July 23, 2020, the date the financial statements were available to be issued.

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. Global financial markets have experienced significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's net assets available for benefits, contributions and benefit obligations will depend on future developments, including the duration and continued spread of the outbreak.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Subsequent Events (Continued)

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act), signed into law March 2020, introduces temporary relief provisions related to retirement plans. The Plan adopted the distribution relief provided under the CARES Act. To be eligible for this relief, the participant must satisfy one of the following requirements. 1) the participant has been diagnosed with COVID-19 or the virus SARS-CoV-2 by a CDC- approved test; 2) the participant's spouse or other tax dependent (as defined by Internal Revenue Code Section 152) has been diagnosed with COVID-19 or the virus SARS-CoV-2 by a CDC- approved test; or 3) the participant experiences adverse financial consequences as defined in the CARES Act. If eligible, participants may withdraw up to $100,000 or his/her total vested account balance, if less. This change means participants who are currently employed by the Company may take a distribution, through December 30, 2020, regardless of age or employment status. Distribution will not be subject to the 10% early withdrawal penalty that applies to distributions taken before age 591/2. Otherwise, the distributions will be included in the participant's taxable income ratably over a three (3) year tax period beginning with the 2020 tax year unless the participant elects out of this tax treatment. Any portion of the distribution repaid within three years is not taxable. In addition, the Plan adopted the loan repayment relief provided under the CARES Act, which allows participants to defer their loan repayments through December 31, 2020. The deferment could extend the terms of the loan beyond the five-year repayment period.

The Plan Sponsor is unable to accurately predict how COVID-19 will affect the results of the Plan operations because of the severity and duration of the pandemic are uncertain. However, while it is premature to accurately predict the ultimate impact of these developments, the Plan's results for the year ended December 31, 2020 may be materially impacted.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following is a summary of the unaudited information regarding the Plan, as included in the accompany financial statements and supplemental schedules prepared by or derived from information reported by the custodian of the Plan, Fidelity Management Trust Company for 2019 and 2018. The Plan administrator has obtained certifications from the custodian that such information is complete and accurate at December 31, 2019 and 2018 and for the year ended December 31, 2019, as follows:

	2019	2018
Statement of net assets available for benefits:		
Investments at fair value	$ 11,343,631	$ 9,080,959
Investments at contract value	1,419,357	1,273,128
Note Receivable from participants	270,442	241,842
Statement of changes in net assets available for benefits:		
Investment income:		
Interest and dividends	$ 514,080	
Net appreciation in fair value of investments	1,938,510	

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 as described as follows:

Level 1	*Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.*
Level 2	*Inputs to the valuation methodology include* • *quoted prices for similar assets or liabilities in active markets;* • *quoted prices for similar assets or liabilities in inactive markets;* • *inputs other than quoted prices that are observable for the asset or liability;* • *inputs that are derived principally from or corroborated by observable market data by correlation or other means.* *If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.*
Level 3	*Inputs to the valuation methodology are unobservable and significant to the fair value measurement.*

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: The fair value is determined on the basis of quoted prices in an active market. Shares of mutual funds are valued at the net asset value ("NAV") of shares held by the Plan on the last business day of the Plan year where the price of the fund is quoted in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019 and 2018:

	Asset at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 11,343,631	$ -	$ -	$ 11,343,631
Total asset at fair value	**$ 11,343,631**	**$ -**	**$ -**	**$11,343,631**

	Asset at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 9,080,959	-	-	$ 9,080,959
Total asset at fair value	**$ 9,080,959**	**-**	**-**	**$ 9,080,959**

NOTE 5. STABLE VALUE FUND

The Stable Value Fund is a separately managed fund that invests in fully benefit-responsive SICs, which are supported by underlying assets owned by the Plan, including collective trusts, totaling $1,419,357 in 2019 and $1,273,128 in 2018 . Assets underlying the collective trusts include government securities, private and public mortgage-backed securities, investment grade corporate obligations and cash equivalents held for liquidity purposes. The objective of a stable value fund is to preserve capital and achieve a competitive level of income over time. In addition, it strives to maintain a $1 per unit price, but cannot assure it will do so. A stable value fund returns to its shareholders income earned by the fund's investments after expenses. Although individual investment contracts within the Portfolio represent credit obligations of the issuer, units of the Portfolio are neither guaranteed by Fidelity Management Trust Company or the Plan Sponsor, nor are they insured by the FDIC or any other state or federal agency. Investments in units of the Portfolio may involve investment risk, including, under certain circumstances, loss of the principal amount invested.

The fully benefit-responsive investment contracts are included in the financial statements of the Plan at contract value as reported to the Plan by the issuers. Contract values reflect contributions made under the contract, plus earnings, less benefit withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 5. STABLE VALUE FUND

Security-backed SIC contracts generally provide for withdrawals associated with certain events which are not in the ordinary course of issuers' operations. These withdrawals are paid with a market value adjustment applied to the withdrawal as defined in the investment contract. Each contract issuer specifies the events which may trigger a market value adjustment; however, such events may include all or a portion of the following:

- material amendments to the Plan's structure or administration;
- changes to the participating plans' competing investment options including the elimination of equity wash provisions;
- complete or partial termination of the Plan, including a merger with another Plan;
- the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA;
- the redemption of all or a portion of the interests in the Plan held by a participating plan at the direction of the participating plan sponsor, including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the participating plan (such as a group layoff or early retirement incentive program), the closing or sale of a subsidiary, employing unit, or affiliate, the bankruptcy or insolvency of a plan sponsor, the merger of the plan with another plan, or the plan sponsor's establishment of another tax qualified defined contribution plan;
- any change in law, regulation, ruling, administrative or judicial position, or accounting requirement, applicable to the Plan or participating plans;
- the delivery of any communication to plan participants designed to influence a participant not to invest in the Plan.

At this time, the Plan does not believe that the occurrence of any such market value event, which would limit the Plan's ability to transact at contract value with participants, is probable. Security-backed contracts generally are evergreen contracts that contain termination provisions, allowing the Plan or the contract issuer to terminate with notice, at any time at fair value, and providing for automatic termination of the contract if the contract value or the fair value of the underlying portfolio equals zero. The issuer is obligated to pay the excess contract value when the fair value of the underlying portfolio equals zero. In addition, if the Plan defaults in its obligations under the security-backed contract (including the issuer's determination that the agreement constitutes a non-exempt prohibited transaction as defined under ERISA), and such default is not corrected within the time permitted by the contract, then the contract may be terminated by the issuer and the Plan will receive the fair value as of the date of termination. There is no contractual waiting period for the Plan to exit the Fund; therefore, if the Plan chose to exit the Fund it would happen as soon as administratively possible.

NOTE 6. NONPARTICIPANTS-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2019 and 2018.

NOTE 7. RELATED-PARTY TRANSACTIONS

The Plan investments at the end of the year are funds managed by Fidelity Management Trust Company, the Custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity Management for investment management services amounted to $2,369 for the year ended December 31, 2019.

NOTE 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its operations at any time and to terminate the plan subject to the provisions of ERISA. In the event of the plan termination, participants will become 100 percent vested in their accounts. Any unallocated assets of the plan shall be allocated to participant accounts and distributed in such a manner as the company may determine.

NOTE 9. PLAN AMENDMENT AND TAX STATUS

The Plan was restated in April 2015. The Company has not obtained an IRS Determination Letter for the restated plan that states the Plan and its related trust are designed in accordance with applicable sections of the Internal Revenue Code. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10. RISK AND UNCERTAINTIES

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
