Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Lusamerica 401(k) Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

LUSAMERICA 401(K) PLAN

Notes to Financial Statements

December 31, 2019

Note 1 - Description of plan:

The following description of the Lusamerica (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. *General* - The Plan is a defined contribution plan established on October 1, 1991, most recently amended effective October 8, 2018, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

   The Company is the Plan Administrator and retains the services of third parties to assist in the administration of the Plan. For the years ended December 31, 2019 and 2018, the Plan's custodian and third party administrator was Fidelity Management Trust Company.

b. *Eligibility* - Except for excluded employees, all employees who have reached age eighteen and who are not a resident of Puerto Rico or covered by a collective bargaining agreement for which retirement benefits have been the subject of good faith negotiations, are eligible to participate in the Plan. Entry into the Plan occurs on the first day of each month following the date an employee meets the eligibility requirement. An employee may elect not to participate in the Plan.

c. *Participant contributions* - Each year participants may contribute an annual limit of 75% of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their account balances into various investment options offered by the Plan. Participants may change their investment options daily. Contributions are subject to certain statutory limitations. Contributions are presented net of corrective distributions which consist of contributions refunded to participants during the plan year. Corrective distributions were approximately $2,000 for the years ended December 31, 2019 and 2018.

d. *Employer matching contributions* - The Plan provides for discretionary employer matching contributions to be determined by the employer each Plan year. Contributions are subject to certain limitations. There were no employer contributions made in 2019 and 2018.

Note 1 - Description of plan (continued):

e. *Participant accounts* - Each participant's account is credited with the participant's contribution and allocations of (1) the Company's contribution, and (2) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

f. *Vesting* - Participants are immediately vested in their deferral contributions, rollover contributions, qualified matching contributions, qualified non-elective contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, at a rate of 20% per year between years 2 and 6.

g. *Notes receivable from participants* - Participants may borrow from their fund accounts from a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from one to five years, except for loans used for a purchase of a primary residence, which may be paid over a longer period of time, but not exceed ten years. The loans are secured by the balance in the participant's account and bear interest at rates of 6.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. Participants may only have one outstanding loan at a time.

h. *Payment of benefits* - On termination of service due to death, hardship, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments, in accordance with the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

i. *Forfeited accounts* - Any forfeiture will first be used to reduce administrative expenses. Any remaining forfeitures are then used to reduce employer contributions. There were no forfeitures remaining in the Plan as of the years ended December 31, 2019 and 2018.

j. *Administrative expenses* - The Company absorbs substantially all administrative expenses of the Plan, except investment manager and distribution fees which are borne by the participants.

Note 2 - Summary of significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with GAAP. Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid. The Plan's investments are stated at their fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Notes receivable from participants are valued at their outstanding balances, which approximates fair value. The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net appreciation (depreciation) in fair value of plan assets - The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investment companies and other investments are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of Plan assets.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Note 2 - Summary of significant accounting policies (continued):

Payment of benefits - Benefit payments to participants are recorded when paid. As of the year ended December 31, 2019 and 2018, there were no distributions approved that were not disbursed prior to year end.

Operating expenses - All expenses of maintaining the Plan are paid by the Company and are excluded from the Plan's financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Recent accounting pronouncement - In August 2018, Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2018-13, "Fair Value Measurements: Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurements". This ASU modifies the disclosure requirements for fair value measurements. Those modifications include the removal and addition of disclosure requirements as well as clarifying specific disclosure requirements. The ASU is effective for fiscal years beginning after December 15, 2019. Certain provisions of the ASU will be applied prospectively while the rest of the provisions will be applied retrospectively. The Plan's management has not yet determined the impact that implementation of this ASU will have on the Plan's financial statements.

Date of management's review - Subsequent events are evaluated through the date of the independent auditors' report, which is the date the financial statements were available to be issued and determined that no material subsequent events require an estimate to be recorded as of the year ended December 31, 2019, except as disclosed in Note 9.

Note 3 - Fair value:

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

Note 3 - Fair Value (continued):

The three levels of the fair value hierarchy are described as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in techniques used for assets measured at fair value.

- *Money Market Fund:* Assets are money market mutual funds which are valued at the net asset value (NAV), generally $1 per share, and are reported on the active market on which securities are traded.

- *Mutual funds:* The fair value of mutual fund investments are determined by the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (level 1 inputs). These funds are required to publish their daily value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a calculation of value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies of assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair Value (continued):

As of December 31, 2019 and 2018, investments were measured as follows:

Fair Value Measurements at December 31, 2019		Level 1
Mutual funds	$	5,851,737
Money market funds		101,368
		5,953,105

Fair Value Measurements at December 31, 2018		Level 1
Mutual funds	$	4,750,392
Money market funds		107,900
		4,858,292

Note 4 - Investments:

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent accountants did not perform any auditing procedures with respect to this information certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.

- Investment income as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2019 and 2018.

- Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019.

Note 5 - Party-in-interest transactions:

Certain Plan investments are units in mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fidelity Management Trust Company provides certain administrative services to the Plan pursuant to an agreement between the Company and Fidelity Management Trust Company. Fidelity Management Trust Company receives revenue from mutual fund service providers for services Fidelity Management Trust Company provided to the funds. This revenue is used to offset certain amounts owed to Fidelity Management Trust Company for administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing rather than a direct payment. If the revenue received by Fidelity Management Trust Company from such mutual fund service providers exceeds the amount owed under the agreement, Fidelity Management Trust Company remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Company may make a payment to Fidelity Management Trust Company for administrative services not covered by revenue sharing.

Notes receivable from participants represent a portion of the Plan's receivables. These transactions also qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Income tax status:

The Plan adopted the Fidelity Volume Submitter Profit Sharing Cash or Deferred Arrangement ("CODA"). Fidelity received an opinion letter in March 2014 from the Internal Revenue Service ("IRS") indicating the prototype, as designed, was exempt from federal income tax. The IRS permits the Plan to rely on their approval of the Fidelity prototype plan. The Plan has since been amended by adopting the IRS Model Amendment relating to several tax law changes. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Note 9 - Subsequent events:

On March 11, 2020, the World Health Organization declared that the spread of the coronavirus disease (COVID-19) has become a pandemic. On March 13, 2020, the President of the United States announced a national emergency in response to the COVID-19 outbreak. In response to these two announcements, many businesses have closed their doors in order to assist in the containment of the virus for the next several months. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the fair value of Plan investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. At the date of the independent accountants' audit report, the extent to which COVID-19 may impact the Plan's financial condition or results of operations is uncertain, however Plan management is confident that the Plan will continue as a going concern.

The Plan has considered implementation of certain allowable plan amendments by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. If adopted, written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
