LANSING BUILDING PRODUCTS, INC. 401(K) PLAN

Notes to Financial Statements

1. Description of Plan:

The following description of the Lansing Building Products, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Lansing Building Products, Inc. (the Company or Plan Sponsor). Employees must be age 18 or older and have completed at least three months of service to become eligible to participate in the Plan. Each employee who becomes eligible to participate shall enter the Plan effective the first day of each month, coinciding with or following the date the employee obtains eligibility as defined above. The Investments/Benefits Committee (the "Committee") is responsible for oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration: Overall responsibility for administering the Plan rests with the Company. Participant accounts are administered by Fidelity Management Trust Company, the trustee, and Fidelity Workplace Services, an affiliate of the trustee and third party administrator of the Plan.

Participant Accounts: Each participant's account is credited with the participant's contribution and the Plan Sponsor's matching contribution and allocations of any additional discretionary contributions and Plan earnings/losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transaction, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan, Continued:

Contributions: Participants may contribute up to 60% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan also includes auto-escalation provision whereby participants are subject to an annual automatic deferral rate increase of 1% until their deferral rate reaches 6% of eligible compensation. Participants may elect to discontinue their participation in the automatic deferral rate increase at any time. The Company may make a discretionary matching contribution for each plan year. An additional discretionary non-elective contribution may be made on behalf of employees at the option of the Company. No such additional discretionary non-elective contribution was made for the 2019 and 2018 plan years. For the 2019 and 2018 plan years, the Company made a 50% match on all regular participant contributions up to 15% of base pay, plus a 50% match on any catch-up contributions. Contributions are subject to certain Internal Revenue Service limitations.

Investment Options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Committee in 1% increments. Participants may change their investment options daily.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Plan Sponsor's contributions plus actual earnings thereon based on years of continuous service. A participant is 100% vested after three years of service.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Sponsor. These rates range from 4.25% to 10.50% on loans outstanding at December 31, 2019 and 2018, and mature through 2028. Principal and interest are paid ratably through regular payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Management has evaluated notes receivable for collectability and has determined that no allowance is considered necessary. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

1. Description of Plan, Continued:

Payment of Benefits: The Plan permits withdrawals when a participant terminates employment, retires or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Forfeitures: Forfeitures are used to reduce future employer contributions or pay Plan expenses. Forfeited nonvested accounts totaled $24,783 and $3,924 at December 31, 2019 and 2018, respectively. Forfeitures used to reduce employer matching contributions were $97,994 and $77,674 for 2019 and 2018, respectively. No forfeitures were used to pay administrative expenses in 2019 or 2018.

2. Summary of Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment income (loss) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States ("GAAP") requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent Events: Management has evaluated subsequent events through August 11, 2020 the date the financial statements were available to be issued, and has determined, other than as described below, there are no other subsequent events to be reported in the accompanying financial statements.

In March 2020, COVID-19 was declared a worldwide health pandemic and has had a significant impact on the national and global economy. The full impact of the COVID-19 outbreak continues to evolve as of the date the financial statements were available to be issued. This pandemic has adversely affected global economic activity and greatly contributed to deterioration and instability in financial markets.

2. Summary of Significant Accounting Policies, Continued:

Subsequent Events, Continued: Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

3. Fair Value Measurements:

The Financial Accounting Standards Board ("FASB") has issued guidance for measurement and disclosure of fair value and establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology are quoted prices for similar instruments in active and inactive markets; and model driven valuations with significant inputs and drivers derived from observable active markets.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments carried or disclosed at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Accounts primarily consists of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Common collective trust fund: Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. The NAV is not a public-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

3. Fair Value Measurements, Continued:

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2019:

	Investments at Fair Value	
	Level 1	Total
Investments:		
Mutual funds	$ 45,790,763	$ 45,790,763
Self-directed brokerage accounts	594,151	594,151
	$ 46,384,914	46,384,914
Investments measured at NAV (a)		1,779,657
Investments at fair value		$ 48,164,571

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2018:

	Investments at Fair Value	
	Level 1	Total
Investments:		
Mutual funds	$ 35,623,720	$ 35,623,720
Self-directed brokerage accounts	472,414	472,414
	$ 36,096,134	36,096,134
Investments measured at NAV (a)		1,885,057
Investments at fair value		$ 37,981,191

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

3. Fair Value Measurements, Continued:

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2019 and 2018.

As of December 31, 2019				
Instrument	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust	$1,779,657	None	Immediate	None

As of December 31, 2018				
Instrument	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust	$1,885,057	None	Immediate	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

4. Related Party Transactions:

Fidelity Management Trust Company is the trustee of the Plan; therefore, investments and transactions with the trustee qualify as parties-in-interest transactions and are identified as such in the accompanying schedule of assets (held at end of year). Fees paid by the Plan to the trustee totaled $13,600 and $9,731 during 2019 and 2018, respectively. The Company also paid certain administrative expenses of the Plan.

5. Administrative Expenses:

Although not required by the Plan, a portion of the costs of the Plan administration is paid by the Company. The Plan paid administrative fees totaling $24,353 and $26,739 during 2019 and 2018, respectively.

6. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

7. Financial Information Certified by the Trustee:

Fidelity Management Trust Company, the trustee of the Plan, has certified that the following information is complete and accurate:

- Investments, at fair value
- Investment income (loss)
- Schedule of assets (held at end of year)
- Notes receivable from participants
- Interest income on notes receivable from participants

8. Tax Status:

The Internal Revenue Service has determined and informed the prototype sponsor by letter dated March 31, 2014 that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has evaluated the effects of accounting guidance related to uncertain income tax positions and concluded that the Plan had no significant financial statement exposure to uncertain income tax positions at December 31, 2019 and 2018. The Plan is not currently under audit by any tax jurisdiction.

9. Risks and Uncertainties:

The Plan provides for investments in various securities. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

10. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31
