**REPORT OF INDEPENDENT AUDITORS**

To the Participants and Trustees of  
Precision Steel Warehouse, Inc.  
Employees' Profit Sharing Trust

***Report on the Financial Statements***

We have audited the accompanying financial statements of Precision Steel Warehouse, Inc. Employees' Profit Sharing Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the net assets available for benefits of Precision Steel Warehouse, Inc. Employees' Profit Sharing Trust as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

**PRECISION STEEL WAREHOUSE, INC.  
EMPLOYEES' PROFIT SHARING TRUST**

**NOTES TO FINANCIAL STATEMENTS**

DECEMBER 31, 2019 AND 2018

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Method of Accounting** - The accompanying financial statements of Precision Steel Warehouse, Inc. Employees' Profit Sharing Trust (the Plan) are prepared using the accrual basis of accounting.

**Investments** - Investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

**Payment of Benefits** - Benefits are recorded when paid. There were no participants who elected to withdraw from the Plan but were not paid at either December 31, 2019 or 2018.

**Expenses** - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by Precision Steel Warehouse, Inc. and Precision Brand Products, Inc. (collectively referred to herein as the Companies). Expenses that are paid by the Companies are excluded from these financial statements. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

**Estimates** - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

**Subsequent Events** - Subsequent events have been evaluated through July 8, 2020, which is the date the financial statements were available to be issued.

## **NOTE 2. DESCRIPTION OF THE PLAN**

The Plan is maintained by Precision Steel Warehouse, Inc. and Precision Brand Products, Inc. (collectively, the Companies). The Plan is a defined contribution retirement plan covering all nonunion employees who have at least one year of service and are at least age 21. The Plan qualifies as a 401(k) profit sharing plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation.

Employer contributions to the Plan represent the Companies' aggregate contribution. Participants may elect to voluntarily defer their pre-tax annual base compensation, as defined by the Plan, in any amount up to the maximum percentage and dollar amount permissible by law. The minimum employer contribution by each related company is 4% of the base compensation earned by the participants for the Plan year plus an additional contribution equal to 25% of the first 2% of each participant's voluntary pay deferral amount, subject to each participating company's profitability. An additional amount may be contributed at the discretion of the Companies as determined by the combined Board of Directors.

Contributions to the Plan are invested as directed by the participant in various investment funds. In the absence of participant direction, contributions are invested in a default investment option. Participants must evaluate their own investment goals and objectives and choose the investments best suited to achieve those goals and objectives. Poor investment performance by the investment funds selected by participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Participants are immediately vested in their voluntary compensation deferrals plus actual earnings thereon. Participants become 20% vested in the Companies' contributions plus actual earnings thereon after two years of service with an additional 20% for each year thereafter, achieving full vesting after six years of service. Participants' accounts become fully vested upon retirement, permanent disability or death.

Each participant's account is credited with the participant's contribution and an allocation of (a) the Companies' contributions, and (b) forfeitures of terminated participants' nonvested accounts. Allocations are based on participants' eligible compensation, as defined. Participants' accounts are also credited with investment earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeitures of \$27 and \$3,271 were used to reduce employer contributions during the years ended December 31, 2019 and 2018, respectively. Included in net assets available for benefits are forfeited unallocated balances at December 31, 2019 and 2018 of \$0 and \$19, respectively.

Upon termination of service, participants are entitled to receive a lump sum amount equal to the vested value of their account. Participants may also withdraw their benefits under the hardship withdrawal provisions of the Plan.

Participants should refer to the summary plan description for more complete information.

### NOTE 3. PRIORITIES UPON TERMINATION

Although they have no present intention to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested in the employer contribution portion of their account.

In 2015, more than 20% of the Plan's participants were terminated due to downsizing efforts made by the Companies at that time. This resulted in a partial termination of the Plan, and all affected participants became fully vested in their benefits regardless of whether they met the vesting requirements of the Plan at that time.

### NOTE 4. TAX STATUS

The Internal Revenue Service issued a determination letter dated April 27, 2011, indicating that the Plan, as designed, is a qualified plan under Internal Revenue Code Section 401(a). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### NOTE 5. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

#### Basis of Fair Value Measurement

|         |                                                                                                                                                                       |
|---------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities                              |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable                                                     |

**NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)**

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

## **NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)**

### Level 1 Measurements

The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

The money market fund represents shares held in a mutual fund.

### Measurements Using Net Asset Value as a Practical Expedient

The Plan's investment in the common collective trust is valued at the net asset value per share, used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The common collective trust is a direct filing entity (DFE) and files a Form 5500 with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. Redemptions are available on a daily basis without notice and are not subject to significant withdrawal restrictions.

## **NOTE 6. PARTY-IN-INTEREST TRANSACTIONS**

Certain mutual funds held by the Plan are considered proprietary funds of Vanguard Fiduciary Trust Company (VFTC), the custodian for the Plan's investments. VFTC acts as trustee for those investments. Therefore, transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

## **NOTE 7. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities, in general, are subject to various risks, including credit, interest rate, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The current economic environment has increased the degree of uncertainty.

## **NOTE 8. SUBSEQUENT EVENTS**

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact the Plan, though the potential impact and duration is unknown as of the date the financial statements were available to be issued.

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted in March 2020. The CARES Act is an approximately \$2 trillion emergency economic stimulus package in response to the coronavirus outbreak, which among other things contains numerous tax, emergency funding and other provisions that affect certain retirement plan provisions. In May 2020, the Plan authorized changing distribution administrative provisions as allowed by the CARES Act. The Companies continue to evaluate the impact of the CARES Act on Plan provisions, operations and cash flows.

Additionally, the Plan is evaluating certain changes permitted by the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), which among other provisions, delays the commencement date for required minimum distributions. Written amendments to the Plan to reflect any operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
