Note 1 DESCRIPTION OF PLAN

The following description of the Klement 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan established by Karl Klement Enterprises-Nevada, Inc. (the Company). The Plan qualifies as a profit-sharing plan under the Internal Revenue Code (Code) Section 401(a) and as a cash-or-deferred arrangement under Code Section 401(k).

The Plan is a defined contribution plan that covered all employees of the Company who are age 21 or older and have one year of service through June 30, 2019. Effective July 1, 2019 the Pan covered all employees of the Company with no minimum age and three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan entry dates were semi-annual at July 1 and January 1 through June 30, 2019. Effective July 1, 2019, entry dates are the 1st day of the calendar quarter following the satisfaction of the eligibility requirements.

Employee contributions

Participants are permitted to contribute up to the maximum amounts allowed by law of their annual compensation (90% prior to July 1, 2019) to the Plan on a tax-deferred basis, up to the limits of the Code. Transfers (rollovers) from qualified plans are allowed under the provisions of the Plan.

Employer contributions

The Company's matching contribution is discretionary. The matching contribution received in 2019 was $63,810. The Company may also make nonelective (discretionary) employer contributions (profit sharing contributions). These were not made in 2019.

Administrative expenses

Certain expenses, such as participant loan fees and withdrawal charges, are charged to the participant account. The Company absorbs the cost of substantially all other administrative expenses.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, an allocation of other employer contributions, if any, and an allocation of Plan earnings. Allocations of Plan investment earnings or losses are based on participants' account balances invested in each fund.

Note 1 **DESCRIPTION OF PLAN** – (continued)

Investments

All investments are participant directed.

Vesting

Participants are fully vested in their employee contributions and earnings on those contributions. The employee's portion of their account balance derived from discretionary profit sharing and employer matching contributions are entitled to a portion of their account in accordance with the following vesting schedule:

Years of Service	Vested Percent
1	20%
2	40%
3	60%
4	80%
5	100%

Employees' discretionary profit sharing and matching balances become fully vested in employer contributions when a participant: (1) attains age 62, (2) becomes disabled, or (3) dies.

Notes receivable from participants

Effective July 1, 2019, participants may receive a loan from their participant accounts. The minimum amount of a loan is $1,000; the maximum amount is the lesser of: (1) $50,000 or (2) 50% of their vested account balance. These loans generally range up to five years in length. Participant loans are secured by the participants' vested balance in the plan. As of December 31, 2019, these loans bore interest from 5.75% to 6.25%, were payable in bi-monthly payments, and mature at various dates through November 2024.

Payment of benefits

Upon termination of service, participants with vested balances of $5,000 or less receive a distribution of their vested balances, net of tax withholding, in a lump sum. If the amount to be distributed is between $60 and $5,000 and the participant does not affirmatively elect to have the distribution rolled into a qualified plan or paid to them (net of tax withholding), the balance is transferred into an individual retirement account set up for their benefit. Otherwise, terminated participants receive a lump-sum amount equal to the value of their vested interest in their account when they elect a distribution of their account balance.

Note 1 **DESCRIPTION OF PLAN** – (continued)

In-service withdrawals of certain vested balances are available to participants in cases of hardship or upon attaining age 59 1/2. Also, contributions that were transferred into the Plan from another qualified plan may be transferred out of the Plan to an individual retirement account or another qualified plan.

Forfeitures

Forfeitures were immaterial at December 31, 2019 and 2018. Forfeitures may be used to pay administrative expenses or to reduce future employer contributions.

Other plan provisions

Other Plan provisions including investment options are described in the Plan Document.

Note 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting. This method differs from accounting principles generally accepted in the United States of America since revenues are recorded when received rather than when earned, and expenses are recorded when paid rather than when incurred.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The change in net unrealized appreciation/depreciation of investments held from the beginning of the plan year to the end of the plan year is included with realized gains/losses as net investment income/loss reported in the accompanying statement of changes in net assets available for benefits.

Note 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** – (continued)

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures. Accordingly, the actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Subsequent events

The Plan has evaluated subsequent events through August 25, 2020, the date which the financial statements were available to be issued.

Effective January 1, 2020, the Plan was amended and the Company will make safe harbor matching contributions based on each participant's contributions for the Plan year. The matching rate is 100%, limited to matching participant contributions up to 3% of salary and 50% of the next 2% of eligible employee contributions.

In March 2020, excess contributions from 2019 were refunded to participants totaling $26,444.

In April, 2020, the Plan switched custodians.

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic, and economic uncertainties have arisen which may negatively affect the overall economy. The economic downturn may have an impact on the Plan's operations. The financial impact resulting from this downturn is unknown at this time.

Note 3 **TAX STATUS**

The Plan adopted the Nova Associates, Inc. Volume Submitter Profit Sharing Plan and Trust, Basic Plan Document #001 effective July 1, 2017 through June 30, 2019. Effective July 1, 2019, the Plan adopted the Rogers Wealth Group, Inc. Volume Submitter Profit Sharing Plan and Trust, Basic Plan Document #001 (Prototype Plan).

Note 3 **TAX STATUS** – (continued)

The Prototype Plan has received an advisory letter from the Internal Revenue Services (IRS) dated March 31, 2014, stating that the Prototype Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Prototype Plan was amended since receiving the determination letter. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is subject to income tax examinations for all periods since inception.

Note 4 **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan's sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become fully vested in their employer contributions.

Note 5 **INFORMATION CERTIFIED**

The December 31, 2019 statement of net assets available for benefits, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2019, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodians in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $668,744 and $353,362 at December 31, 2019 and 2018, and related investment earnings of $87,906 for the year ended December 31, 2019. In addition to the amounts noted, loan activity netting $12,185 was certified.

These accounts were maintained by John Hancock Life Insurance Company (U.S.A.), d/b/a John Hancock and TD Ameritrade Trust Company, parties-in-interest.

Note 6 **FAIR VALUE MEASUREMENTS**

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities and have the highest priority. Level 2 inputs consist of observable inputs other than quoted market prices for identical assets or liabilities. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 138,789	$ -	$ -	$ 138,789

Common-collective trust*				-
Total				$ 353,362

*= Carried at net asset value.

Note 7 **REPORTABLE TRANSACTIONS**

There were no reportable transactions in 2019.

Note 8 **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 **PARTY IN INTEREST TRANSACTIONS**

Certain plan investments were managed by John Hancock prior to July 1, 2019 and after by TD Ameritrade Trust Company. John Hancock and TD Ameritrade Trust Company are the custodians of the Plan and, therefore, these transactions qualify as party in interest transactions.

Note 10 **CONCENTRATIONS**

As of December 31, 2019 and 2018, approximately 38% and 30%, respectively, of the Plan's assets were invested in two investment accounts. The underlying value of the investments is dependent on the performance of these funds and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of these investments in the near term could materially affect participants' account balances and the amounts reported in the statement of assets available for benefits and the statement of changes in assets available for benefits.
