## 1. Description of Plan

The following description of Culinaire International, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution profit sharing plan adopted as of January 1, 1996, by Culinaire International, Inc. (the "Company"). All employees of the Company who have 2 months of service and are 18 years of age or older are eligible to participate. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is defined by Section 401 (k) of the Internal Revenue Code.

Plan Year – The plan year begins January 1 and ends December 31.

Contributions – Each year, participants may contribute up to 90 percent of pretax or post tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company can contribute, at the discretion of the board of directors, discretionary contributions and matching contributions which equal 25 percent of each participant's first ten percent of compensation contributed as elective deferrals. Contributions are recorded as they become receivable. Contributions are subject to certain limitations as defined in the Plan and required by ERISA.

Rollovers – Participants may transfer retirement savings from other qualified savings plans at other plan sponsors into the Plan.

Forfeitures – Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. The forfeited amounts may be used to reduce future Company contributions. The forfeiture balances as of December 31, 2019 and 2018 were $26,076 and $14,570, respectively. During the year ended December 31, 2019, the Company used $12,314 in forfeitures to reduce Company contributions.

Participant Accounts – Each participant's account is credited with (1) the participant's contribution, (2) participant's rollover amount from another qualified plan, and (3) allocation of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administration expenses. Allocations are based on participant contributions, participant earnings, or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Fees – The Company absorbs certain administrative fees of the Plan.

Payment of Benefits – Distributions to a participant or to the beneficiaries of the participant are made in a lump sum upon retirement, death, disability, or other termination of employment. Distributions equal the value of the participant's vested balance in his or her account. Benefits are recorded when paid.

## 1. Description of Plan (continued)

Loans to Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their account balance. Loan terms range from one to five years, unless loan funds are used to acquire a participant's principal residence, in which case it may exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. Principal and interest are paid ratably through regular payroll deductions.

Investment Options – Upon enrollment in the Plan, a participant may direct contributions in any of several investment mutual fund options.

Vesting – Participants are fully vested at all times in their elective deferral account and rollover account plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. The vesting schedule is as follows:

| Year of Service | Vested Percentage |
|---|---|
| 1 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

## 2. Summary of the Accounting Policies

Basis of Presentation – The financial statements of the Plan are prepared under the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the date paid to the Plan's investment account.

Investment Valuation – The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## 2. Summary of the Accounting Policies (continued)

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statement and the reported amount of revenues and expenses for the year then ended. Actual results could differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses paid to investment advisors, transfer agents, and others described in the fund prospectus or other published documents are deducted by the investment funds or accounts prior to the allocation of the Plans' investment earnings activity and are therefore included in net appreciation of fair value of investments.

## 3. Fair Value Measurements

Generally accepted accounting principles establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

**Level 1** - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

## 3. Fair Value Measurements (continued)

**Level 2** - Inputs to the valuation methodology include:

1) Quoted prices for similar assets or liabilities in active markets
2) Quoted prices for identical or similar assets or liabilities in inactive markets
3) Inputs other than quoted prices that are observable for the asset or liability
4) Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

**Level 3** - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's assets measured at fair value on a recurring basis and recognized in the accompanying 2019 and 2018 statement of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy:

**Mutual funds**: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets recognized in the accompanying statements of net assets available for benefits measured at fair value on recurring basis as of December 31, 2019 and 2018:

| December 31, 2019 | Fair Value | Quoted Prices In Active Markets for Identical Assets (Level 1) Inputs | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
|---|---|---|---|---|
| Mutual funds | $ 9,816,247 | $ 9,816,247 | $ - | $ - |
| | $ 9,816,247 | $ 9,816,247 | $ - | $ - |

| December 31, 2018 | Fair Value | Quoted Prices In Active Markets for Identical Assets (Level 1) Inputs | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
|---|---|---|---|---|
| Mutual funds | $ 7,820,706 | $ 7,820,706 | $ - | $ - |
| | $ 7,820,706 | $ 7,820,706 | $ - | $ - |

## 4. Information Prepared and Certified by Plan Custodian

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the custodian:

| | 2019 | 2018 |
|---|---|---|
| Investments, at fair value | $9,816,247 | $ 7,820,706 |
| Guaranteed accounts, at contract value | 359,988 | 228,126 |
| Participant loans receivable | 70,132 | 61,524 |
| Investment income | 1,645,510 | ** |

**The 2018 investment income and interest are not included in the accompanying financial statement.

## 5. Investment Contract with Insurance Company

The Plan is invested in a fully benefit-responsive guaranteed investment contract. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest rates for December 31, 2019 and 2018 was 2.46% and 2.40%, respectively, which are based on a formula agreed upon with the issuer. Such interest rates are reviewed periodically for resetting.

**5. Investment Contract with Insurance Company (continued)**

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The guaranteed investment contract does not permit the investment company to terminate the agreement prior to the scheduled maturity date.

**6. Parties-In-Interest**

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company, custodian, auditor, the Plan's employees and third-party administrator qualify as party-in-interest transactions. Additionally, the Plan invests in certain funds managed by the plan custodian which qualify as party-in-interest transactions.

**7. Income Taxes**

The company adopted a prototype plan. The prototype plan received an opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Company has amended the Plan since the date of the opinion letter; however, the Company believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

**8. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If terminated, net assets of the Plan will be distributed to participants and beneficiaries as prescribed by the terms of the Plan. Participants will become 100 percent vested in their accounts.

## 9. Reconciliation of Financial Statements to the Form 5500

The following schedule reconciles net assets available for benefits as presented in form 5500 and the financial statements as of:

| December 31, | 2019 | 2018 |
|---|---|---|
| Net assets available for benefits – financial statements | $ 10,280,207 | $ 8,143,987 |
| Contributions receivable, current year | (33,840) | (33,631) |
| Net assets available for benefits – Form 5500 | $ 10,246,367 | $ 8,110,356 |

The following schedule reconciles the net change in net assets reflected in the financial statements to Form 5500 for the year ended:

| December 31, 2019 | |
|---|---|
| Net increase in net assets | $ 2,136,220 |
| Add: Contribution receivable, prior year | 33,631 |
| Less: Contributions receivable, current year | (33,840) |
| Net increase – Form 5500 | $ 2,136,011 |

## 10. Subsequent Event

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies and other events subsequent to December 31, 2019. As noted in the risk and uncertainties note, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the risk associated with investment securities and changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. The extent of this impact cannot be reasonably estimated at this time.

In preparation of these financial statements and related footnotes, management has considered events through July 6, 2020, the date these financial statements were available to be issued.
