We were engaged to audit the accompanying financial statements of Solenis LLC Employee Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2019 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter – Supplemental Schedules

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by the custodian. Their report, dated October 24, 2019, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2019 financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of Plan

The following description of the Solenis LLC Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Solenis LLC (the Company), except for employees covered by a collective bargaining agreement, leased employees and any person compensated on an hourly rate or any employee designated by the Company as not included in a designated eligible payroll classification. Employees may enter the Plan on the first day in which the employee becomes a member subsequent to satisfying the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was established following a corporate transaction where the Company agreed to purchase Ashland Inc.'s water technologies division effective as of July 31, 2014. The effective date of the Plan is August 1, 2014. Any employees that were employed by Ashland Inc. became eligible participants as of the effective date of the Plan (Ashland Employee). These participants were allowed to roll funds from the Ashland Savings Plan, including any outstanding loan balance, to the Plan.

In January 2019, the Company acquired a division of BASF, another company in the paper and water chemicals industry. The newly combined company will operate under the Solenis brand. Effective with the acquisition, BASF employees became employees of the Company and therefore eligible to participate in the Plan. The Plan was amended effective February 1, 2019 to allow service with BASF to be considered in determining periods of service for these participants.

Contributions

Each year, participants may contribute from one percent up to 65 percent of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute more than 65 percent of pretax annual compensation to contribute catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

(1) Description of Plan, Continued

Contributions, Continued

The Plan provides for automatic enrollment. Any newly eligible, non Ashland Employee, who has not affirmatively elected to contribute to the Plan or has not affirmatively declined to participate in the Plan, will be automatically enrolled in the Plan with a four percent withholding of pretax annual compensation. The Company contributes a safe harbor matching contribution of 100 percent of the first four percent of eligible compensation that a participant contributes to the Plan. The Company also contributes basic retirement contributions based on a participant's division, compensation, years of service, and age, as outlined in the Plan document. The divisions are as follows: Heritage Ashland Members; Heritage Hercules Members; Non-Heritage Ashland Members, and other, which is any eligible participant not included in the previously named divisions. The Plan also allows for discretionary performance retirement contributions as determined by the Company. The Company contributed a performance retirement contribution of approximately $2,863,000 for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions, the Company's basic retirement contributions, the Company's discretionary performance retirement contributions, if any, and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants were vested immediately in all contributions plus actual earnings thereon.

Effective January 1, 2020, employees hired on or after January 1, 2020 will vest in employer contributions in accordance with the following schedule:

Period of Service	Vested Percentage
Less than 3 years	0%
3 or more years	100%

Participants hired prior to January 1, 2020 remain immediately vested in all Company contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their account balance not to exceed the participants account balance held outside any self-directed brokerage accounts. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at prime interest rate plus one percent. Principal and interest are paid through payroll deductions.

Payment of Benefits

Benefits are payable upon retirement at age 65, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum and installment payments.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company. The Plan pays recordkeeping, audit and investment advisory fees, from the Plan expense account (Note 6). Transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events for disclosure in these financial statements through August 27, 2020, which is the date the financial statements were available to be issued.

(3) Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (Fidelity), the trustee of the plan, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedules. The following information was relied upon in the preparation of the financial statements and supplemental schedules:

- The investments at fair value and contract value at December 31, 2019 and 2018.
- Notes receivable from participants at December 31, 2019 and 2018.
- Interest and dividend income for the year ended December 31, 2019.
- Net appreciation in fair value of investments for the year ended December 31, 2019.
- Interest income on notes receivable from participants for the year ended December 31, 2019.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

Continued…

(4) Fair Value Measurements, Continued

- inputs other than quoted prices that are observable for the assets or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies and money market fund: Valued at the daily closing price as reported by the registered investment companies and money market fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Fair Value Measurements, Continued

The table below presents the balances measured at fair value on a recurring basis by level within the fair value hierarchy as of December 31, 2019 and 2018:

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

There were no significant transfers among investment levels during the years ended December 31, 2019 and 2018.

The following table summarizes investments measured at fair value based on the NAV per share as a practical expedient as of December 31, 2019 and 2018, respectively.

Investment	Fair Value at December 31, 2019	2018	Unfunded Commitments	Redemption Frequency	Redemption Notice Notice Period
Common Collective Trust Funds	$ 98,174,789	$ 73,729,434	None	Daily	None

(5) Guaranteed Investment Contract

The Plan participates in a benefit responsive investment contract with Prudential Retirement Insurance and Annuity Company (Prudential) via an investment in a Guaranteed Investment Contract (GIC). Prudential commingles the assets of the GIC with other assets in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Prudential is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract has no maturity date and there is no market value adjustment upon discontinuance. There are no events that would limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe termination of the contract is probable.

(6) Related-Party Transactions and Party In Interest Transactions

Certain Plan investments are managed by affiliates of Fidelity. Fidelity is the trustee and recordkeeper as defined by the Plan. Other fees paid to the Plan's investment advisor, auditor and recordkeeper amounted to $181,157 for the year ended December 31, 2019. These transactions qualify as exempt party-in-interest transactions.

The Plan is party to a plan expense agreement with Fidelity that provides for a Revenue Credit Program. Under the agreement, any eligible revenue earned by Fidelity on the investments in the Plan is deposited into the Revenue Credit Program Account. The amounts in the Revenue Credit Program Account can be used to pay administrative expenses of the Plan or allocated to participant accounts. In 2019, $99,796 of other income was earned by the Plan related to this agreement. Approximately $24,000 related to this agreement was reflected as other receivables at December 31, 2018. Approximately $21,000 of expense were accrued at December 31, 2018, related to these expenses.

The balance in the Revenue Credit Program Account at December 31, 2019 and 2018 is $23,116 and $74,015, respectively. These amounts are reported with investments at December 31, 2019 and 2018, as the funds are invested in the Plan's default investment fund. These funds are eligible to pay Plan expenses or to be reallocated to participant accounts. These transactions quality as exempt party-in-interest transactions.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(8) Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan administrator by letter dated July 6, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Prohibited Transactions

The Company failed to remit to the trustee certain employee contributions and loan repayments during 2019, 2018 and 2017, totaling $1,499,251, $4,378,716, and $1,425,351, respectively, within the period prescribed by Department of Labor regulations. In 2019, the Company deposited lost earnings required, if any, to correct the delinquent remittances for Plan years 2017 through 2018. Subsequent to year end, the Company deposited the lost earnings required, to correct the 2019 delinquent remittances. Additionally, the Company intends to file under the Department of Labor's (DOL) Voluntary Fiduciary Correction Program (VFCP) in order to fully correct the late remittances. These delinquent remittances are considered nonexempt party-in-interest transactions.

(10) Risk and Uncertainties

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

(11) Reconciliation to Form 5500

(12) Subsequent Events

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions and the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2019 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter – Supplemental Schedules

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by the custodian. Their report, dated October 24, 2019, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of Plan

The following description of the Solenis LLC Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Solenis LLC (the Company), except for employees covered by a collective bargaining agreement, leased employees and any person compensated on an hourly rate or any employee designated by the Company as not included in a designated eligible payroll classification. Employees may enter the Plan on the first day in which the employee becomes a member subsequent to satisfying the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was established following a corporate transaction where the Company agreed to purchase Ashland Inc.'s water technologies division effective as of July 31, 2014. The effective date of the Plan is August 1, 2014. Any employees that were employed by Ashland Inc. became eligible participants as of the effective date of the Plan (Ashland Employee). These participants were allowed to roll funds from the Ashland Savings Plan, including any outstanding loan balance, to the Plan.

In January 2019, the Company acquired a division of BASF, another company in the paper and water chemicals industry. The newly combined company will operate under the Solenis brand. Effective with the acquisition, BASF employees became employees of the Company and therefore eligible to participate in the Plan. The Plan was amended effective February 1, 2019 to allow service with BASF to be considered in determining periods of service for these participants.

Contributions

Each year, participants may contribute from one percent up to 65 percent of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute more than 65 percent of pretax annual compensation to contribute catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

(1) Description of Plan, Continued

Contributions, Continued

The Plan provides for automatic enrollment. Any newly eligible, non Ashland Employee, who has not affirmatively elected to contribute to the Plan or has not affirmatively declined to participate in the Plan, will be automatically enrolled in the Plan with a four percent withholding of pretax annual compensation. The Company contributes a safe harbor matching contribution of 100 percent of the first four percent of eligible compensation that a participant contributes to the Plan. The Company also contributes basic retirement contributions based on a participant's division, compensation, years of service, and age, as outlined in the Plan document. The divisions are as follows: Heritage Ashland Members; Heritage Hercules Members; Non-Heritage Ashland Members, and other, which is any eligible participant not included in the previously named divisions. The Plan also allows for discretionary performance retirement contributions as determined by the Company. The Company contributed a performance retirement contribution of approximately $2,863,000 for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions, the Company's basic retirement contributions, the Company's discretionary performance retirement contributions, if any, and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants were vested immediately in all contributions plus actual earnings thereon.

Effective January 1, 2020, employees hired on or after January 1, 2020 will vest in employer contributions in accordance with the following schedule:

Period of Service	Vested Percentage
Less than 3 years	0%
3 or more years	100%

Participants hired prior to January 1, 2020 remain immediately vested in all Company contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their account balance not to exceed the participants account balance held outside any self-directed brokerage accounts. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at prime interest rate plus one percent. Principal and interest are paid through payroll deductions.

Payment of Benefits

Benefits are payable upon retirement at age 65, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum and installment payments.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company. The Plan pays recordkeeping, audit and investment advisory fees, from the Plan expense account (Note 6). Transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events for disclosure in these financial statements through August 27, 2020, which is the date the financial statements were available to be issued.

(3) Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (Fidelity), the trustee of the plan, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedules. The following information was relied upon in the preparation of the financial statements and supplemental schedules:

- The investments at fair value and contract value at December 31, 2019 and 2018.
- Notes receivable from participants at December 31, 2019 and 2018.
- Interest and dividend income for the year ended December 31, 2019.
- Net appreciation in fair value of investments for the year ended December 31, 2019.
- Interest income on notes receivable from participants for the year ended December 31, 2019.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

Continued…

(4) Fair Value Measurements, Continued

- inputs other than quoted prices that are observable for the assets or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies and money market fund: Valued at the daily closing price as reported by the registered investment companies and money market fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Fair Value Measurements, Continued

The table below presents the balances measured at fair value on a recurring basis by level within the fair value hierarchy as of December 31, 2019 and 2018:

Self-directed brokerage accounts consists of cash equivalents and registered investment companies as of December 31, 2019 and 2018.

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

There were no significant transfers among investment levels during the years ended December 31, 2019 and 2018.

The following table summarizes investments measured at fair value based on the NAV per share as a practical expedient as of December 31, 2019 and 2018, respectively.

Investment	Fair Value at December 31, 2019	2018	Unfunded Commitments	Redemption Frequency	Redemption Notice Notice Period
Common Collective Trust Funds	$ 98,174,789	$ 73,729,434	None	Daily	None

(5) Guaranteed Investment Contract

The Plan participates in a benefit responsive investment contract with Prudential Retirement Insurance and Annuity Company (Prudential) via an investment in a Guaranteed Investment Contract (GIC). Prudential commingles the assets of the GIC with other assets in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Prudential is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract has no maturity date and there is no market value adjustment upon discontinuance. There are no events that would limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe termination of the contract is probable.

(6) Related-Party Transactions and Party In Interest Transactions

Certain Plan investments are managed by affiliates of Fidelity. Fidelity is the trustee and recordkeeper as defined by the Plan. Other fees paid to the Plan's investment advisor, auditor and recordkeeper amounted to $181,157 for the year ended December 31, 2019. These transactions qualify as exempt party-in-interest transactions.

The Plan is party to a plan expense agreement with Fidelity that provides for a Revenue Credit Program. Under the agreement, any eligible revenue earned by Fidelity on the investments in the Plan is deposited into the Revenue Credit Program Account. The amounts in the Revenue Credit Program Account can be used to pay administrative expenses of the Plan or allocated to participant accounts. In 2019, $99,796 of other income was earned by the Plan related to this agreement. Approximately $24,000 related to this agreement was reflected as other receivables at December 31, 2018. Approximately $21,000 of expense were accrued at December 31, 2018, related to these expenses.

The balance in the Revenue Credit Program Account at December 31, 2019 and 2018 is $23,116 and $74,015, respectively. These amounts are reported with investments at December 31, 2019 and 2018, as the funds are invested in the Plan's default investment fund. These funds are eligible to pay Plan expenses or to be reallocated to participant accounts. These transactions quality as exempt party-in-interest transactions.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(8) Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan administrator by letter dated July 6, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Prohibited Transactions

The Company failed to remit to the trustee certain employee contributions and loan repayments during 2019, 2018 and 2017, totaling $1,499,251, $4,378,716, and $1,425,351, respectively, within the period prescribed by Department of Labor regulations. In 2019, the Company deposited lost earnings required, if any, to correct the delinquent remittances for Plan years 2017 through 2018. Subsequent to year end, the Company deposited the lost earnings required, to correct the 2019 delinquent remittances. Additionally, the Company intends to file under the Department of Labor's (DOL) Voluntary Fiduciary Correction Program (VFCP) in order to fully correct the late remittances. These delinquent remittances are considered nonexempt party-in-interest transactions.

(10) Risk and Uncertainties

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

(11) Reconciliation to Form 5500

(12) Subsequent Events

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions and the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

We were engaged to audit the accompanying financial statements of Solenis LLC Employee Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2019 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter – Supplemental Schedules

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by the custodian. (1) Description of Plan

The following description of the Solenis LLC Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Solenis LLC (the Company), except for employees covered by a collective bargaining agreement, leased employees and any person compensated on an hourly rate or any employee designated by the Company as not included in a designated eligible payroll classification. Employees may enter the Plan on the first day in which the employee becomes a member subsequent to satisfying the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was established following a corporate transaction where the Company agreed to purchase Ashland Inc.'s water technologies division effective as of July 31, 2014. The effective date of the Plan is August 1, 2014. Any employees that were employed by Ashland Inc. became eligible participants as of the effective date of the Plan (Ashland Employee). These participants were allowed to roll funds from the Ashland Savings Plan, including any outstanding loan balance, to the Plan.

In January 2019, the Company acquired a division of BASF, another company in the paper and water chemicals industry. The newly combined company will operate under the Solenis brand. Effective with the acquisition, BASF employees became employees of the Company and therefore eligible to participate in the Plan. The Plan was amended effective February 1, 2019 to allow service with BASF to be considered in determining periods of service for these participants.

Contributions

Each year, participants may contribute from one percent up to 65 percent of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute more than 65 percent of pretax annual compensation to contribute catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

(1) Description of Plan, Continued

Contributions, Continued

The Plan provides for automatic enrollment. Any newly eligible, non Ashland Employee, who has not affirmatively elected to contribute to the Plan or has not affirmatively declined to participate in the Plan, will be automatically enrolled in the Plan with a four percent withholding of pretax annual compensation. The Company contributes a safe harbor matching contribution of 100 percent of the first four percent of eligible compensation that a participant contributes to the Plan. The Company also contributes basic retirement contributions based on a participant's division, compensation, years of service, and age, as outlined in the Plan document. The divisions are as follows: Heritage Ashland Members; Heritage Hercules Members; Non-Heritage Ashland Members, and other, which is any eligible participant not included in the previously named divisions. The Plan also allows for discretionary performance retirement contributions as determined by the Company. The Company contributed a performance retirement contribution of approximately $2,863,000 for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions, the Company's basic retirement contributions, the Company's discretionary performance retirement contributions, if any, and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants were vested immediately in all contributions plus actual earnings thereon.

Effective January 1, 2020, employees hired on or after January 1, 2020 will vest in employer contributions in accordance with the following schedule:

Period of Service	Vested Percentage
Less than 3 years	0%
3 or more years	100%

Participants hired prior to January 1, 2020 remain immediately vested in all Company contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their account balance not to exceed the participants account balance held outside any self-directed brokerage accounts. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at prime interest rate plus one percent. Principal and interest are paid through payroll deductions.

Payment of Benefits

Benefits are payable upon retirement at age 65, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum and installment payments.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company. The Plan pays recordkeeping, audit and investment advisory fees, from the Plan expense account (Note 6). Transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events for disclosure in these financial statements through August 27, 2020, which is the date the financial statements were available to be issued.

(3) Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (Fidelity), the trustee of the plan, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedules. The following information was relied upon in the preparation of the financial statements and supplemental schedules:

- The investments at fair value and contract value at December 31, 2019 and 2018.
- Notes receivable from participants at December 31, 2019 and 2018.
- Interest and dividend income for the year ended December 31, 2019.
- Net appreciation in fair value of investments for the year ended December 31, 2019.
- Interest income on notes receivable from participants for the year ended December 31, 2019.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

Continued…

(4) Fair Value Measurements, Continued

- inputs other than quoted prices that are observable for the assets or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies and money market fund: Valued at the daily closing price as reported by the registered investment companies and money market fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Fair Value Measurements, Continued

The table below presents the balances measured at fair value on a recurring basis by level within the fair value hierarchy as of December 31, 2019 and 2018:

Self-directed brokerage accounts consists of cash equivalents and registered investment companies as of December 31, 2019 and 2018.

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

There were no significant transfers among investment levels during the years ended December 31, 2019 and 2018.

The following table summarizes investments measured at fair value based on the NAV per share as a practical expedient as of December 31, 2019 and 2018, respectively.

Investment	Fair Value at December 31, 2019	2018	Unfunded Commitments	Redemption Frequency	Redemption Notice Notice Period
Common Collective Trust Funds	$ 98,174,789	$ 73,729,434	None	Daily	None

(5) Guaranteed Investment Contract

The Plan participates in a benefit responsive investment contract with Prudential Retirement Insurance and Annuity Company (Prudential) via an investment in a Guaranteed Investment Contract (GIC). Prudential commingles the assets of the GIC with other assets in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Prudential is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract has no maturity date and there is no market value adjustment upon discontinuance. There are no events that would limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe termination of the contract is probable.

(6) Related-Party Transactions and Party In Interest Transactions

Certain Plan investments are managed by affiliates of Fidelity. Fidelity is the trustee and recordkeeper as defined by the Plan. Other fees paid to the Plan's investment advisor, auditor and recordkeeper amounted to $181,157 for the year ended December 31, 2019. These transactions qualify as exempt party-in-interest transactions.

The Plan is party to a plan expense agreement with Fidelity that provides for a Revenue Credit Program. Under the agreement, any eligible revenue earned by Fidelity on the investments in the Plan is deposited into the Revenue Credit Program Account. The amounts in the Revenue Credit Program Account can be used to pay administrative expenses of the Plan or allocated to participant accounts. In 2019, $99,796 of other income was earned by the Plan related to this agreement. Approximately $24,000 related to this agreement was reflected as other receivables at December 31, 2018. Approximately $21,000 of expense were accrued at December 31, 2018, related to these expenses.

The balance in the Revenue Credit Program Account at December 31, 2019 and 2018 is $23,116 and $74,015, respectively. These amounts are reported with investments at December 31, 2019 and 2018, as the funds are invested in the Plan's default investment fund. These funds are eligible to pay Plan expenses or to be reallocated to participant accounts. These transactions quality as exempt party-in-interest transactions.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(8) Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan administrator by letter dated July 6, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Prohibited Transactions

The Company failed to remit to the trustee certain employee contributions and loan repayments during 2019, 2018 and 2017, totaling $1,499,251, $4,378,716, and $1,425,351, respectively, within the period prescribed by Department of Labor regulations. In 2019, the Company deposited lost earnings required, if any, to correct the delinquent remittances for Plan years 2017 through 2018. Subsequent to year end, the Company deposited the lost earnings required, to correct the 2019 delinquent remittances. Additionally, the Company intends to file under the Department of Labor's (DOL) Voluntary Fiduciary Correction Program (VFCP) in order to fully correct the late remittances. These delinquent remittances are considered nonexempt party-in-interest transactions.

(10) Risk and Uncertainties

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

(11) Reconciliation to Form 5500

(12) Subsequent Events

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions and the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.
