The following description of the Electro Prime Group, LLC (the "Company") 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Electro Prime Group, LLC on January 1, 2001 and has since been restated effective January 1, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Company is the designated plan administrator of the Plan. John Hancock Life Insurance Company is the trustee of the Plan ("John Hancock"). Participation in the Plan is discretionary for all eligible employees who meet eligibility requirements as defined in the plan.

Contributions

The following types of contributions may be made to the Plan:

- a) The total amount of salary reduction (Pre-tax and Roth) each participant has elected to defer up to 92%, subject to annual limitations as defined by the Internal Revenue Code ("IRC").
- b) Catch up contributions for those participants who have attained the age of 50 before the end of the Plan year, subject to annual limitations as permitted by the IRC.
- c) At the discretion of the Plan Administrator, a participant may be permitted to contribute amounts representing distributions from other qualified plans (rollover).
- d) An employer safe harbor matching contribution equal to a participants elective deferral that does not exceed 3% of the participants compensation for the plan year, plus 50% of the participants elective deferral that exceeds 3% of their compensation for the plan year, but does not exceed 5% of the participants compensation for the plan year.

1. Description of Plan (continued)

Contributions - continued

- e) The employer may make a discretionary employer profit sharing contribution as defined in the agreement.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Company's discretionary contributions, and Plan earnings (losses). Investment income is allocated to the participant accounts regularly. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover, employer safe harbor contributions, and employer's discretionary profit sharing contribution, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 95% of one-half of their vested account balance. Note terms range from one to five years. The notes are secured by the balance in the participant's account and bear interest at a rate as determined by the Plan Administrator. At December 31, 2018 interest rates ranged from 4.25% to 5.25%. Participants may only have one note outstanding at any given time. Principal and interest is paid ratably through payroll deductions.

Notes to Financial Statements

1. Description of Plan

(continued)

Investment Options

Participants direct their contributions to a variety of pooled separate accounts offered by the Plan with various objectives and degrees of financial risk. Currently the Plan offers twenty-nine investment options through John Hancock.

Payment of Benefits

Upon death, disability, retirement, or termination of service, a participant will receive a lump sum distribution equal to the participant's vested interest in his or her account. The Plan allows for in-service distributions for those participants who have attained age 59 1/2 from their accounts which are 100% vested.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of Plan termination, participants would become 100% vested in their accounts.

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that could affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest from notes receivable is recognized when earned. Delinquent notes receivable are treated as distributions based on the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan has investments in various investment securities. Investment securities are exposed to various risks such as market and credit risks. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements

3. Investments

Group Funding Agreement with Insurance Company

The Plan entered into a group funding contract - unallocated with John Hancock Life Insurance Company. John Hancock maintains the contributions in pooled separate accounts which invest in various mutual funds. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses by John Hancock. The contract does not provide guaranteed Plan benefit payments to participants. The contract is included in the financial statements at Net Asset Value ("NAV"), which approximates fair market value, (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses).

Investment and Valuation and Income Recognition

Investments in insurance company pooled separate accounts are stated at NAV, which approximates fair market value, and represent the number of participation units owned by the Plan. Quoted market prices of the underlying investments are used to value each fund, and are based on the net asset value of the units held by the Plan at the end of the year.

4. Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Electro Prime Group, LLC

401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

4. Fair Value Measurements (continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Pooled Separate Accounts ("PSA") -

Valued daily based on the market value of the underlying net assets in each separate account. These investments are public investment vehicles valued using the NAV provided by the Plan Trustee John Hancock. The NAV is based on the value of the underlying assets owned by the Plan, minus its liabilities, and then divided by the number of shares outstanding. These PSAs are classified as Level 2.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

There have been no changes in the methodologies used at December 31, 2018.

4. Fair Value Measurements (continued)

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018.

5. Information Certified by the Trustee

Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

Participant Loans	\$ 21,164
Net Depreciation in Fair Value of Insurance Company

Electro Prime Group, LLC

401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

-
- 6. Party-in-Interest Transactions** Certain Plan investments are shares of pooled separate accounts managed by John Hancock. John Hancock is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.
- 7. Tax Status** The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014, that the non-standardized profit sharing plan and trust is designed in accordance with applicable sections of the IRC. Although the plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.
- Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.
- 8. ERISA Bond Requirement** The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the Plan's assets at the beginning of the plan year or \$500,000. At December 31, 2018, the Plan's sponsor maintained bond coverage in the amount of \$500,000.

To Whom It May Concern:

I am writing to request an extension for the filing of our audit of the 2018 plan year 5500. We have filed our 2018 5500 document, but are still working with the auditor to complete the process. The audit process should be complete within the next couple of weeks.

This is the first year that we were required to have an audit performed, and being the first, the auditor required four years' worth of information that took longer than expected to gather. Additionally, our HR Manager (one person department) had a health issue in late summer that delayed information being forwarded to the audit firm

We are working to have the audit completed as soon as possible and will forward as soon as completed.

Should you have any questions or require additional information you may contact me at 419-476-0100.
