Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Minnesota Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RECOVERY PLACE EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Recovery Place Employee Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan which was established October 1, 2000, and covers employees of Recovery Place, Inc. (the Company) who have completed one month of service following the employee's date of hire and who are at least eighteen years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants under the Plan may elect to reduce their compensation by a specific percentage or dollar amount and have that amount remitted to the Plan by the Company on behalf of the participants on a pre-tax basis as an elective deferral. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants elected contributions not to exceed \$19,000 and \$18,500, respectively, during the plan years ended December 31, 2019 and 2018. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions subject to certain Internal Revenue Service (IRS) limitations. Contributions made by the employer are determined annually by management on a discretionary basis. For each of the years ended December 31, 2019 and 2018, the Company made a matching contribution equal to 25% of the individual participant's contributions up to 4% of the individual participant's compensation. In March 2019, the Company made an additional employer matching contribution for the year ended December 31, 2018 of 50% of the individual participant's contributions up to 4% of the individual participant's compensation.

Contributions receivable

Contributions receivable are based upon the timing difference between the determined contributions of the employer and employees and the receipts by the investment custodian.

Participant loans

Participants may borrow from their fund accounts in accordance with the parameters in the plan agreement. The loans are secured by the balance in the participant's account and bear interest at a rate established by the plan administrator in a nondiscriminatory manner. Principal and interest are paid through a payroll deduction or a check for prepayment. A participant may have only one outstanding loan at any given time. All outstanding loan balances will become due and payable in their entirety upon the occurrence of a distributable event (other than satisfaction of the conditions for an in-service distribution, including hardship distribution, if applicable).

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Participant accounts and vesting

Each participant's account is credited with the participant's contributions and with an allocation of the Company's contributions and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's contributions are based on participant compensation. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants are vested immediately in their contributions plus actual earnings thereon and are entitled to 100% of their individual contributions upon retirement or termination. Vesting in the Company's contribution to participant accounts occurs over a period of five years as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than one	0%
One	20%
Two	40%
Three	60%
Four	80%
Five or more	100%

Payment of benefits

Benefits are payable upon (a) termination of service, (b) early retirement after attainment of age 59 1/2, (c) normal retirement after attainment of age 65, (d) late retirement upon termination of service if the participant continues to work for the Company after his or her normal retirement date, or (e) death or permanent disability. A participant may elect to receive a lump sum equal to the value of his or her account or one of several annuity options which is in compliance with the Internal Revenue Code (IRC) and Regulations. In-service distributions may be made to a participant who has not separated from service and has attained age 59 1/2.

Financial hardship withdrawals

Financial hardship withdrawals of all or part of elective deferral contributions before earnings may be permitted for immediate and severe financial need. Elective deferral contributions will be suspended for six months following the date of withdrawal. Distributions may only be made from fully vested accounts of participants who are active employees.

Forfeitures

Forfeitures serve to reduce a participant's balance when termination occurs before the employee is fully vested in the employer contributions. Forfeited balances are used in the following Plan year to pay Plan expenses or for Company matching contributions. There were no unused forfeiture balances at December 31, 2019 and 2018.

Investment options

Investments are participant-directed among fifteen funds.

Reclassifications

Certain prior year amounts have been reclassified to conform with current year presentation.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, contributions are recognized when determined rather than when received, and expenses are recognized when incurred rather than when paid.

Use of estimates

The preparation of financial statements in accordance U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of investments and income recognition

Investments are reported at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis.

Subsequent events

The Plan has evaluated subsequent events through August 20, 2020, the date the financial statements were available to be issued, noting none.

NOTE 3 - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

The custodian is authorized under contract provisions, and by ERISA regulations providing an administrative or statutory exemption, to invest in funds under its control. Certain Plan investments, including shares of mutual funds and units of collective investment trusts, are managed by Minnesota Life Insurance Company, the custodian. These transactions qualify as exempt party in interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund.

NOTE 5 - RELATED PARTY TRANSACTIONS

The Company absorbs certain administrative expenses of the Plan which totaled \$1,164 and \$1,161 for the Plan years ended December 31, 2019 and 2018, respectively.

NOTE 6 - DESCRIPTION OF INFORMATION CERTIFIED BY THE INVESTMENT CUSTODIAN

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to have the investment custodian of the Plan, Minnesota Life Insurance Company, certify as to the accuracy and completeness of certain information included in the accompanying financial statements and schedule in lieu of the Plan's independent accountants examining such information. Accordingly, the following information was certified by the investment custodian and was not subjected to any auditing procedures except for comparing such information with the related information contained in the accompanying financial statements and supplemental schedule:

- A. Investments in the statement of net assets available for benefits as of December 31, 2019 and 2018.
- B. Activity in the statement of changes in net assets available for benefits for the year ended December 31, 2019 and 2018.
- C. Information included in the supplemental schedule, as listed in the accompanying table of contents.

NOTE 7 - FAIR VALUE MEASUREMENTS

Financial Accountings Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy follow:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 7 - FAIR VALUE MEASUREMENTS (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Value is based on the NAV on the last business day of the Plan year by the entity holding the trust funds. The NAV of the collective investment trusts is used as a practical expedient to estimate fair value and is determined by the custodian based on the fair value of underlying assets in the trusts, less the liabilities.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ 652,418	\$ -	\$ 652,418
Pooled separate accounts	-	290,976	-	290,976
Total investments at fair value	<u>\$ -</u>	<u>\$ 943,394</u>	<u>\$ -</u>	<u>\$ 943,394</u>

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ 429,641	\$ -	\$ 429,641
Pooled separate accounts	-	161,543	-	161,543
Total investments at fair value	<u>\$ -</u>	<u>\$ 591,184</u>	<u>\$ -</u>	<u>\$ 591,184</u>

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

NOTE 9 - INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated January 31, 2006, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that “more likely than not” would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of employer contributions per the financial statements for the year ended December 31, 2019 to Schedule H of Form 5500:

Employer contributions per the financial statements	\$ 17,960
Plus: Amounts receivable at December 31, 2018	<u>17,471</u>
Employer contributions per Schedule H of Form 5500	<u>\$ 35,431</u>

The following is a reconciliation of employee contributions per the financial statements for the year ended December 31, 2019 to Schedule H of Form 5500:

Employee contributions per the financial statements	\$ 118,480
Plus: Amounts receivable at December 31, 2018	<u>613</u>
Employee contributions per Schedule H of Form 5500	<u>\$ 119,093</u>

NOTE 11 - SUBSEQUENT EVENTS

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has led to extreme volatility in financial markets and has affected, and may continue to affect, Plan assets. While the potential economic impact brought by COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. Plan management is in the process of reviewing the CARES Act and any resulting changes to the Plan.

NOTE 12 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Minnesota Life Guaranteed Return Account is a fully benefit-responsive investment and is reported at contract value in the statements of net assets available for benefits. The statement of changes in net assets available for benefits is also prepared on a contract value basis. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The benefit-responsive investment contract with Minnesota Life Insurance Company is a general account group annuity contract. Minnesota Life Insurance Company maintains the contribution in a general account. Specific securities within the general account are not attributed to the investment contract with the Plan. The Plan owns a series of guarantees that are embedded in the insurance contract. The contractual guarantees are backed up by the full faith and credit of Minnesota Life Insurance Company, the contract issuer. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Minnesota Life Insurance Company is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and includes such factors as the investment-year method experience of the underlying contract or pool, projected levels of cash flows within the current interest rate environment, and the projected maturity of the underlying investments. Assets are invested in the general assets of Minnesota Life, and are made up of predominately fixed income investments. The average yield was 1.50% and 1.51% for 2019 and 2018, respectively.

Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, a participant termination of employment due to: (i) removal of a group of participants from plan coverage as a result of temporary absence; (ii) change in position or other occurrence qualifying as a temporary break in service under the plan; (iii) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (iv) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business. Such events also include: (i) removal from the Plan of one or more groups or classifications of participants; (ii) partial or complete Plan termination; or (iii) Plan disqualification. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.
