1. Description of Plan

General

Lucent Home Health, LLC 401(k) Profit Sharing Plan (Plan) is a defined contribution plan covering all full-time employees of Lucent Home Health, LLC, Inc. (Company) who have one year of service and are 21 years of age or older. The Plan was originally adopted effective January 1, 2010. The owner of the Company is the Plan sponsor and is responsible for the oversight of the Plan. Effective January 1, 2014, the Plan was amended and restated to include safe harbor matching contributions.

Contributions

All employees of the Company are eligible to become participants in the Plan. Participants may contribute up to 100% of their compensation, as defined in the Plan, limited to the maximum amount permitted under the applicable Internal Revenue Code (IRC) regulations. Catch-up contributions and rollovers from other qualified plans are also allowed. Each participant's account is credited with the participant's contributions.

The Company makes safe harbor contributions. During 2019, the Company made matching contributions to the Plan equal to 100% of the first 3% and 50% of the next 2% of the participant's annual compensation. Additionally, the Company may make discretionary profit sharing contributions to the Plan. The Company did not make any profit sharing contributions for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor contributions, discretionary profit sharing contributions and investment earnings, and charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings, matching or account balances, as defined by the Plan. Certain administrative expenses may be charged directly to the participants' accounts incurring those expenses.

Vesting

Participants are vested immediately in their rollover balances, their contributions, Company safe harbor contributions and earnings thereon. Vesting in the Company's discretionary profit sharing contributions is based on years of service. A participant vests at 20% per year of credited service and is fully vested after six years.

Notes Receivable from Participants

Notes receivable from participants represent loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Plan participants may borrow from their accounts an amount generally not to exceed the lesser of $50,000, reduced by any outstanding loan or the lesser of one-half the participant's vested amount. The repayment terms of loans may not exceed five years except for loans used to acquire a principal residence. Each loan bears interest at a rate determined by the Plan. Principal and interest are paid ratably through automatic payroll deductions. No allowance for credit losses has been recorded as of December 31, 2019. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be a distribution, notes receivable from participants is reduced and a benefit payment is recorded.

Benefits Paid to Participants

Distribution of a participant's account balance is available upon the participant's retirement, death, disability, termination of employment, attainment of age 59½ or for a financial hardship meeting the requirements of the IRC.

Forfeitures

Forfeitures resulting from the non-vested portions of accounts of participants who terminate prior to being fully vested are used first to pay administrative expenses and any remaining amounts may be used to reduce future Company contributions. For the year ended December 31, 2019, no forfeitures were used to offset administrative expenses. At December 31, 2019, no forfeitures were available for future use.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Termination of the Plan

While the Company has not expressed any intent to do so, it may terminate the Plan at any time. In the event the Plan is terminated, participants would become fully vested in their account balances, and net assets of the Plan would be distributed to participants in accordance with the provisions of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements in accordance with U.S. generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. Actual results could vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

See Note 3 for discussion of fair value measurements. The Plan presents the net change in fair value of investments, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits to participants are recorded when paid.

Risks and Uncertainties

The Plan provides for investment options in various mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

Under the Fair Value Measurements and Disclosures topic of the Codification, ASC 820, disclosures are required about how fair value is determined for assets and liabilities and a hierarchy for which these assets and liabilities must be grouped is established, based on significant levels of inputs as follows:

Level 1 Quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and model-derived valuations in which all significant inputs are observable in active markets.

Level 3 Valuations derived from valuation techniques in which one or more significant inputs are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The investments held by the Plan as of December 31, 2019 and 2018 are measured using Level 1 inputs. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019	2018
Mutual funds	$ 2,365,389	$ 1,795,708

4. Financial Information Certified by the Plan's Custodian (Unaudited)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Capital Bank and Trust Company (Custodian), a party-in-interest as defined by ERISA, as of December 31, 2019 and 2018 and for the year ended December 31, 2019, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule. This information consists of the following as of and for the year ended December 31:

	2019	2018
Mutual funds	$ 2,365,389	$ 1,795,708
Notes receivable from participants	9,907	10,998
Total	$ 2,375,296	$ 1,806,706
Net appreciation in fair value of investments	$ 283,206	
Interest and dividends	$ 94,963	
Interest income on notes receivable from participants	$ 504	

5. Tax Status

The Plan obtained an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which states that the Plan document satisfies the applicable provisions of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

6. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by the Custodian and related parties and , therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than an direct payment.

The Plan trustee is an employee of the Company and also a participant of the safe harbor Plan. The trustee contributes tax deferred contributions to the plan and receives safe harbor matching contributions.

7. Subsequent Events

Effective January 1, 2020, the Plan changed custodians and transferred all assets to Nationwide.

In March 2020, the World Health Organization recognized the novel strain of coronavirus, COVID-19, as a pandemic. The coronavirus outbreak has severely restricted the level of economic activity in the north central Texas area. Due to the pandemic, the Plan experienced losses in its investment portfolio, none of which were determined to be other than temporary. Given the uncertainty of the spread of the coronavirus, the related financial impact to the Plan, if any, cannot be determined at this time.

Plan management evaluated subsequent events after the statement of net assets available for benefits date through the date the financial statements were available to be issued, and concluded that no additional disclosures are required.
