TRW Automotive 401(k) Savings Plan

Notes to Financial Statements

December 31, 2019

1. Description of the Plan

The following description of the TRW Automotive 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

General

The Plan is a defined contribution benefit plan designed to provide eligible employees of a participating plant, division, subsidiary, or affiliate of TRW Automotive U.S. LLC, the sponsor of the Plan (as applicable, the Company or TRW), with a vehicle to systematically save funds to supplement their retirement benefits. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Salaried or nonunion hourly employees of the specified locations in the plan document are eligible to participate in the Plan on the first day of employment with the Company.

Employee Contributions

Each year, participants may contribute a percentage of annual compensation on a pretax and/or Roth basis, not to exceed the applicable Internal Revenue Code (IRC) limitations. Participants may also elect to contribute up to 10% of after-tax compensation, as defined in the Plan. Total participant contributions are limited to \$19,000 for 2019 and \$18,500 for 2018. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. A participant who was 50 years old on or before the last day of the plan year-end was eligible to make an additional catch-up contribution of \$6,000 for 2019 and 2018.

Upon enrollment, a participant may direct contributions in 1% increments to any of the Plan's investment options. Participants may change their investment options or transfer assets between investment options at any time during the year.

TRW Automotive 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Employer Contributions

The Company matches an amount equal to 100% of the participant's pretax contribution up to 6% of the participant's compensation. Matching contributions are made in cash and allocated based on the participant's elective deferrals.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contribution, an allocation of administrative expenses and the earnings on invested contributions. Allocations of administrative expenses are based on the participant's account balance. The benefit to which a participant is entitled cannot exceed the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon.

Forfeitures

Nonvested employer contributions of employees who terminated became forfeitures of the Plan and will be used to reduce future employer contributions or administrative expenses. Forfeited funds are transferred to the Fidelity Managed Income Portfolio II fund when a nonvested employee takes a distribution. No forfeited funds were used to reduce employer contributions during 2019 and 2018. Forfeiture amounts were used to pay administrative expenses during 2019 for \$32,716. At December 31, 2019 and 2018, \$505,840 and \$25,842, respectively, of forfeited funds were available.

Participant Loans

Participants may borrow an amount limited to a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate on the last business day of the preceding calendar month plus one percentage point. Principal and interest are paid ratably through regular payroll deductions.

TRW Automotive 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits

Upon termination of service due to retirement, death, or disability, a participant or the participant's beneficiary may receive a lump-sum amount equal to the vested value of the participant's account. Financial hardship withdrawals and in-service withdrawals are permitted as defined by the Plan.

Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

In-service withdrawals are available either from the participant's after-tax contributions and/or rollover contributions or upon attainment of age 59 ½ under certain provisions of the Plan.

Administrative Expenses

Certain administrative expenses of the Plan related to loan setup, withdrawals, and qualified domestic relations orders are paid by the participants. The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts, and distributions to participants and beneficiaries will be made at such time after termination of the Plan as provided by the plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan had an insignificant excess contribution payable for the 2019 and 2018 plan years.

Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held, and notes receivable from participants at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan.

4. Fair Value Measurements

The inputs to valuation techniques used to measure fair value are prioritized into a three-level hierarchy. This hierarchy gives the highest priority to quoted prices in active markets for identical assets and liabilities and lowest priority to unobservable inputs as follows:

Level 1 – Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date.

Level 2 – Inputs are other than quoted prices that are observable for the asset or liability, either directly or indirectly.

Level 3 – Unobservable inputs are supported by little or no market activity. The unobservable inputs represent the Company's best assumptions of how market participants would price the assets or liabilities.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following valuation techniques and inputs were used to determine the fair value of investments recorded at fair value in the statements of net assets available for benefits.

4. Fair Value Measurements (continued)

Mutual funds, including those held within participant's self-directed brokerage accounts: Valued at quoted market prices, which represent net asset value (NAV) of shares.

Common/collective trust funds: Valued at NAV provided by the administrator of the fund.

Common stock (within self-directed brokerage accounts): Valued at quoted market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 737,021,731	\$ —	\$ —	\$ 737,021,731

Common/collective trust funds	283,971,692	—	—	283,971,692
Total	\$ 1,057,801,525	\$ —	\$ —	\$ 1,057,801,525

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 771,503,028	\$ —	\$ —	\$ 771,503,028
Self-directed brokerage accounts	27,432,897	—	—	27,432,897

Total	\$ 858,629,195	\$ —	\$ —	\$ 858,629,195

5. Related-Party Transactions

Certain plan investments are units of participation in a common/collective trust fund and shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transactions rules under ERISA.

6. Risks and Uncertainties

The Plan allows for investments in various investment securities. Investment securities are exposed to various risks such as interest rate, foreign currency exchange, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Income Tax Status

The Plan has received a determination letter from the IRS dated December 12, 2013, stating that the Plan is qualified under Section 401(a) of the IRC and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

Management evaluated subsequent events for the Plan through August 10, 2020, the date the financial statements were available to be issued.

The Coronavirus Disease 2019 (COVID-19) outbreak, was declared a pandemic by the World Health Organization on March 11, 2020. This has negatively impacted the national and global economy as a result. The duration and ultimate impact of COVID-19 is uncertain and difficult for management to assess or predict.

8. Subsequent Events (continued)

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”). The Plan was operationally amended to implement certain changes provided for under the CARES Act including allowing certain eligible individuals to a) receive coronavirus-related distributions up to a maximum of \$100,000; b) delay participant loan repayments until December 31, 2020; and c) temporarily suspend required minimum distributions.
