1. DESCRIPTION OF THE PLAN

The following description of Star Beverage Umbrella Retirement Plan (the "Plan") provides general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan, which began on January 1, 2009 covering almost all employees of Star Beverage Company, Inc., Western Beverages Liquors of Texas, Inc., Sunset Wine & Spirits, Jakes Liquors, Inc., Colorado Liquor Co., Inc., Parker Liquor Co., Inc., and Mountain Liquor Co., Inc. (collectively known as the "Company" or "Employer"), who have completed at least one year of service and are 21 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Plan assets were held in trust with Great-West Trust Company, LLC (the "Trustee").

Contributions – An eligible Participant may authorize the Company to withhold one percent up to one hundred percent of eligible compensation not to exceed the annual limits established by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participant contributions are invested in accordance with investment directions provided to the Trustee by each participant.

Employer Contributions – The Employer shall make a safe harbor matching contribution equal to 100% of all participant contributions up to 3% of eligible compensation and then 50% of all participant contributions up to 5% of eligible compensation. In addition, the Plan Administrator, at its discretion, may make qualified non-elective contributions to eligible participants, allocated in proportion to their respective compensation. During the years ended December 31, 2019 and 2018, there were no non-elective contributions. Contributions are subject to certain IRS limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon as well as all employer safe harbor matching contributions and those earnings. Participants' interest in any non-elective employer contributions vests as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

1. DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participants – Participant's may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and a participant may only have one receivable outstanding at any point in time. The loan interest rate is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through regular payroll deductions.

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of his or her account. Absent election, participant balances less than $5,000 as of the date of termination are distributed in accordance with the Plan provisions.

Withdrawals – Withdrawals during employment are permitted under certain circumstances. There are two types of withdrawals: hardship and non-hardship. A hardship withdrawal is available under limited circumstances, which the participant must document. A non-hardship withdrawal is available under certain circumstances, depending on the participant's age, length of Plan participation, and/or type of account or sub-account involved.

Forfeited Accounts – Forfeited balances of terminated participants' nonvested accounts are used to first pay administrative expenses and then to reduce future Company contributions. At December 31, 2019 and 2018, forfeited non-vested accounts totaled **$0** and $376, respectively. During 2019, earnings were **$3** and **$379** was used to pay plan expenses.

Administrative Expenses – Plan expenses are charged to the Plan and paid using forfeited funds, if applicable. Fees associated with specific transactions (loans, distributions, etc.) and quarterly administrative fees are charged to the participant as incurred. All fees are deducted from the participant's account as those fees are assessed.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer non-elective contributions, if any.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are reported on the accrual basis of accounting.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee and insurance company. See Note 8 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are reported at contract value which is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits – Benefits are recorded when paid.

Funding Policy – It is the policy of the Plan's employer to deposit the participants' withheld contributions within the ERISA required time limit which is the earliest date funds can be segregated from general assets.

Risks and Uncertainties – Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Withdrawing Participant Obligations – Amounts allocated to withdrawing participants are claims that have been processed and approved for payment prior to year-end, but not paid as of that date. These amounts were not deemed material at December 31, 2019 and 2018.

3. PARTY-IN- INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Great-West Trust Company, LLC. Great-West Trust Company, LLC is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the services provided by the Trustees amounted to **$26,349** for the year ended December 31, 2019. Fees paid by the Plan for investment advisor services provided by Pensionmark Financial Group, LLC amounted to **$14,525** for the year ended December 31, 2019. Fees paid by the Plan for investment management services by Empower Retirement Advisory Services was **$561** for the year ended December 31, 2019. Fees paid by the Plan for audit services by Fisher Herbst & Kemble was **$304** for the year ended December 31, 2019. Various indirect investment expenses were paid from the participant investment earnings as described in Form 5500 Schedule C. In 2019, the remaining plan administrative fees were paid directly by the Plan Sponsor.

The Plan has an Administrative Budget account which is treated as "plan assets" and must be used only for payment of legitimate Plan expenses including payments to a third party or allocation to participants. Employer contributions cannot be paid from the Administrative Budget account. No payments will be made under an Administrative Budget that is not expressly described in the recordkeeping agreement and formally agreed to by the client, as evidenced by a fully executed agreement. The Administrative Budget funds should be used in the year in which they are generated or as soon thereafter as administratively feasible. The Administrative Budget dollars will continue to earn interest and dividends as any other participant account. During 2019, the account received **$14,525** which is recorded as other income and expenses of the Plan.

4. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations, information prepared and certified by a bank or insurance company, which is regulated, supervised and subject to periodic examination by a state or federal agency, need not be audited. The Plan Administrator has received certification from the Trustee of the market value of the Plan's portfolio as of December 31, 2019 and 2018, and on interest income, dividend income, and the cost and market value of the Plan transactions made during the year ended December 31, 2019. The Plan's financial statements and supplemental schedules have been prepared based upon this certified information. No auditing procedures were performed with respect to the information certified as complete and accurate by the Trustee.

4. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED) (continued)

The following presents the total investments at December 31, 2019 and 2018.

	2019	2018
Investments, at contract value	**$ 163,481**	$ 158,840
Investments, at fair value	**3,730,136**	3,061,863
Total investments	**$ 3,893,617**	$ 3,220,703

The following presents investment income at December 31, 2019:

Interest and dividends	**$ 28,558**
Net change in fair value of investments	**572,508**
Total investment income	**$ 601,066**

5. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The net assets available for benefits and the changes in net assets available for benefits per the financial statements reconciled to Schedule H of Form 5500 without a difference.

6. INCOME TAX STATUS

The IRS has determined and informed the Plan Administrator by a letter dated March 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Trustee believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

7. FIDELITY BOND

The Plan was covered by a fidelity bond for the years ended December 31, 2019 and 2018 which was within the prescribed limits as set forth by the ERISA.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB Accounting Standards Codification 820 ("FASB ASC 820"), "*Fair Value Measurements and Disclosures"*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 Inputs – Inputs to the valuation methodology are other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (for example, interest rates, volatilities, prepayment speeds, loss severities, credit risks and default rates) or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs – Significant unobservable inputs that reflect an entity's own assumptions that market participants would use in pricing the assets or liabilities.

A description of the valuation methodologies used for assets and liabilities measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The Plan Administrator determines fair value based on quoted market prices, where available. If quoted prices are not available, fair value is estimated based upon other observable inputs. The Plan Administrator uses unobservable inputs when observable inputs are not available. Adjustments may be made to reflect the assumptions that market participants would use in pricing the asset or liability.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

The following table presents information about the Plan's assets measured at fair value on a recurring basis and indicates the fair value hierarchy of the inputs utilized to determine those fair values:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
December 31, 2019				
Mutual funds	**$ 3,730,136**	**$ -**	**$ -**	**$ 3,730,136**
Total investments at fair value	**$ 3,730,136**	**$ -**	**$ -**	**$ 3,730,136**
December 31, 2018				
Mutual funds	$ 3,061,863	$ -	$ -	$ 3,061,863
Total investments at fair value	$ 3,061,863	$ -	$ -	$ 3,061,863

9. STABLE VALUE FUND – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan offers as an investment option a benefit-responsive stable value fund with Great-West Trust Company, LLC. Great-West Trust Company, LLC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value option fund ("SVF") issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The SVF contract seeks to provide safeguarding of principal value. The investment choices have a portfolio investment rate design in which all deposits are credited with the same interest rate on a quarterly basis, with no maturity. The effective credited interest rate is set quarterly and effective on the first day of the calendar quarter. Contract charges may reduce the return. The SVF is not guaranteed by the FDIC or any other government agency.

Contract value, as reported to the Plan by Great-West Trust Company, LLC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value for the stable value fund – investment contract at December 31, 2019 and 2018 totaled **$163,481** and $158,840, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

9. STABLE VALUE FUND – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT (continued)

Although plan participants generally may withdraw assets from the SVF without restrictions, a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance maybe imposed. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable. The SVF does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

10. SUBSEQUENT EVENTS

The Plan Sponsor has performed a review of subsequent events through the date of the opinion, which is the date the financial statements were available for issuance, and concludes there were no other events or transactions occurring during this period that required recognition or disclosure in the financial statements except as noted below. Any events occurring after this date have not been factored into the financial statements being presented.

The outbreak of COVID-19 and its development into a pandemic in March 2020 has significantly disrupted many aspects of society as well as economic markets. The extent to which the pandemic will impact the Plan will depend on future developments, which are highly uncertain and cannot be predicted or estimated. Because the values of the Plan's individual investments have fluctuated and will continue to fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted. The CARES Act provides immediate and temporary relief for eligible retirement plans and their participants who were adversely impacted by COVID-19. The Plan has adopted the provisions of the CARES Act to allow these participants to: take coronavirus-related distributions and defer loan repayments for up to one year.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) was enacted and was effective beginning on January 1, 2020. The SECURE Act provisions included, among other things, an increase in the age limit for required minimum distributions from 70½ to 72.

10. SUBSEQUENT EVENTS (continued)

Effective January 1, 2020, the Plan will not initiate a six-month suspension period on Elective Deferrals (and after-tax contributions) following a hardship distribution. Participant suspension of elective deferrals prior to the effective date will continue as originally scheduled. Additionally, participants do not need to take plan loans before taking hardship distributions, and earnings on elective deferrals may be withdrawn on account of a hardship. Hardship needs also include residential casualty losses (without regard to whether the casualty was in a federal declared disaster area). The Plan also changed the eligibility requirements from 1 year of service to 500 hours of service within 6 months, or 1,000 hours within 1 year if participant does not qualify for the 500 hours of service within 6 months.
