SECUR CORP 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2019

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Secur Corp 401(k) Profit Sharing Plan & Trust ("the Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

1. General - The Plan is a defined contribution plan covering substantially all eligible employees of Secur Corp ("the Plan Sponsor") and all eligible employees of Integrated Security Services, Inc., a related participating employer. Employees become eligible to contribute to the Plan after 6 consecutive months of employment following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions – Each year, participants may contribute any combination of pre-tax elective deferrals or Roth elective deferrals from 1% to 86% of eligible earnings, as defined by the Plan, up to regulatory maximums. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company will make a safe harbor matching contribution of 100% of elective deferrals up to 4% of eligible compensation. In addition to employer matching contributions, the Company may make optional contributions for any Plan year, at its discretion. No discretionary contributions were made for the year ended December 31, 2019.

3. Participant Accounts - A separate account is maintained for each Plan participant. Each participant's account is credited with the participant's contributions, Company's contributions, and plan earnings (losses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting - Participants are immediately vested in their contributions and non-elective safe harbor contributions plus actual earnings thereon. Participants are 100% vested in the Company's discretionary contributions after they have completed 1,000 hours of service within a plan year and are employed by the Company on the last day of the Plan year.

5. Payment of Benefits – On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of a participant's vested interest in his or her account. Participants with account balances greater than $5,000 may defer receipt of their distributions until they are required by law to receive minimum required distributions. If the participants' vested account balance is $5,000 or less, payment must be made in a lump-sum distribution.

6. Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, reduced by the highest outstanding balance of all other loans from the Plan during the one-year period ending the day before the new loan is executed. Note terms range from one to five years and up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

SECUR CORP 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest.

Date of Management's Review

Subsequent events were evaluated through August 28, 2020 which is the date the financial statements were available to be issued.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative functions are performed by employees of the Company who receive no compensation from the Plan. The Company also pays certain administrative expenses of the Plan.

NOTE C – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority.

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Mutual Funds: The fair value of mutual fund investments is determined by obtaining quoted prices on nationally recognized securities exchanges.

Collective Trust Funds: The fair value of participation units held in the collective trust funds is based on the net asset value per unit as reported by the fund managers. The collective trust funds provide for daily redemptions by the Plan at reported net asset value per share, with no advance notice requirement. Units of participation are redeemable upon receipt of the unit holder's instruction based on the next determined net asset value per unit.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

December 31, 2019	Quoted Prices in Active Markets For Identical Assets (Level 1)	Total
Investment type		
Mutual funds	$ 750,350	$ 750,350
Total assets in the fair value hierarchy	750,350	750,350
Investments measured at net asset value*:		
Collective investment funds		7,542
Investments at fair value	$ 750,350	$ 757,892

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D - INVESTMENTS

Plan assets are held by the trustee, MidAtlantic Trust Company, in a general asset fund. All securities' values, appreciation, gains, losses, and allocation of investment earnings to participants are certified by MidAtlantic Trust Company. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	December 31, 2019
Mutual funds	$ 750,350
Common collective funds	$ 7,542
Net appreciation in fair value of investments	$ 99,204
Dividends	$ 41,165

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE F - INTERNAL REVENUE SERVICE STATUS

The Plan operates under a prototype plan document. Under the Internal Revenue Service's determination letter program, an employer who adopts a word-for-word approved document is not required to request a determination letter to confirm that the Plan meets the requirements of the Internal Revenue Code ("IRC"). The Internal Revenue Service ("IRS") has reviewed and approved the prototype document that this Plan operates under. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. generally accepted accounting principles requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability

NOTE F - INTERNAL REVENUE SERVICE STATUS (CONTINUED)

(or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market rate, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H – SUBSEQUENT EVENT

In March 2020, the World Health Organization declared the outbreak and ongoing coronavirus 2019 disease ("Covid-19") a pandemic. Covid-19 has contributed to significant declines and volatility in financial markets. As such, the Plan saw a relative decline in market value of securities held subsequent to year end. The Plan adopted certain features specified in recent Federal regulations of the Coronavirus Aid Relief and Economic Security Act ("CARES Act") for qualifying participants including Covid-19 distribution options of up to $100,000, deferment of loan payments, and elimination of 2020 Required Minimum Distributions for those participants who meet certain qualifications.
