Among other duties, the Trustee receives contributions, holds and invests the fund assets in accordance with the directions of participants, and makes distributions as directed by the Company.

Eligibility and Plan Entrance Date – Except for union employees, nonresident aliens, temporary employees, and interns, employees who are age 21 or older are eligible to participate in the Plan. The Plan entry date is the first day of each month coinciding with or following meeting eligibility requirements.

Contributions – Participants may elect to contribute, on a pre-tax and Roth basis, up to the maximum amount allowed for deferral annually under the IRC, which was $19,000 for 2019. Participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions up to the maximum amount allowed annually under the IRC, which was $6,000 for 2019. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company makes Safe Harbor non-elective contributions of 3% of eligible compensation for all participants. For 2019, the Safe Harbor non-elective contributions totaled $498,409. The Company also makes non-elective discretionary profit sharing contributions of 2% of eligible compensation for all participants. For 2019, the non-elective profit sharing contributions totaled $378,472

Participant Accounts – Each participant's account is credited with the participant's and Company's contributions and allocations of Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investments – All assets of the Plan are participant-directed investments. Participants have the option of directing their account balances to one or more investment options offered by the Plan. The Plan has selected various investment options, as more fully described in the Plan Document, to which participants may designate the allocation of their account balances. The funds vary in types of investments, rates of return, and investment risk.

Vesting – Participants are vested immediately in their own contributions and Safe Harbor non-elective contributions plus actual earnings thereon. Non-elective profit sharing contributions to the Plan, plus any income or loss thereon, are vested as follows:

Years of Service	Vesting %
1	33%
2	67%
3	100%

NOTE 1 – PLAN DESCRIPTION – continued

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the Prime rate, as defined. Principal and interest are paid ratably through payroll deductions and are due in equal installments not less frequently than quarterly.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions to a terminated employee with a vested account balance equal to or less than $5,000 are made as a lump sum distribution as soon as administratively possible following the participant's termination of employment. The participant may elect whether to receive the distribution directly or to rollover the distribution into another retirement plan. If the vested account balance is less than or equal to $5,000, the Plan permits involuntary lump sum cash distributions. A participant may withdraw all or a portion of their participant deferral account balance in the event of a financial hardship as defined by the Plan. Additionally, in-service withdrawals, subject to a $1,000 minimum amount, are permitted upon attainment of age 59½.

Forfeited Accounts – Participants who terminate employment with the Company prior to full vesting forfeit the non-vested portion of the Company's contribution. The non-vested amount is used to reduce future Employer contributions or to pay administrative expenses. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $4,597 and $4, respectively. During the year ended December 31, 2019, forfeitures of $7,476 were used to pay administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of Plan additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, Trustee, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – Loan origination fees associated with notes receivable from participants, check fees associated with distributions, and certain expenses incurred maintaining the Plan are paid by the Plan and are reflected in the financial statements as Plan expenses. Investment management fees are charged to the Plan as a reduction of investment return and are included in net appreciation of fair value of investments. All other expenses of the Plan are paid by the Company.

Recent Accounting Pronouncements – In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, including the removal, modification, and addition of certain disclosure requirements. The updated guidance is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Plan has elected not to early adopt ASU 2018-13 and does not expect the ASU to have a material impact on its financial statements or disclosures.

Subsequent Events – The Company has evaluated subsequent events through July 21, 2020, the date the financial statements were available to be issued. See Note 9.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 – FAIR VALUE MEASUREMENTS – continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within level 1 of the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual Funds	$ 8,564,999	$ -	$ -	$ 8,564,999
Investments at fair value	$ 8,564,999	$ -	$ -	$ 8,564,999

	Assets at Fair Value as of December 31, 2018 (unaudited)			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual Funds	$ 4,655,994	$ -	$ -	$ 4,655,994
Investments at fair value	$ 4,655,994	$ -	$ -	$ 4,655,994

NOTE 4 – GUARANTEED INVESTMENT CONTRACT

The Plan maintains a Guaranteed Investment Contract related investment option, the Voya Fixed Account issued by Voya Retirement and Insurance and Annuity Company ("VRIAC"). The contract underlying this investment option meets the fully benefit-responsive investment contract criteria, thus these investment contracts are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The Fixed Account minimum guaranteed interest rate which is guaranteed for the lifetime of the contract is 1.0%. The contracts cannot be terminated before the scheduled maturity date. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 4 – GUARANTEED INVESTMENT CONTRACT – continued

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (a) amendments to the Plan Document (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers that would also limit the ability of the Plan to transact at contract value with the participants.

NOTE 5 – RELATED PARTY TRANSACTIONS ANS PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds. These and the fully benefit-responsive investment contract are both managed by Voya. Voya is the Trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers.

The Plan has notes receivable from participants as of December 31, 2019. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions under ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Plan operates under an adoption agreement in connection with a prototype non-standardized profit sharing plan and custodial document sponsored by VRIAC. This prototype plan document was filed with the appropriate agency, and the Sponsor has obtained a determination letter from the IRS dated September 1, 2014 stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC, and that the related trust was a tax exempt as of the financial statement date. The Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status; however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. As such, there has been no provision for income taxes made in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 8 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

December 31,	**2019**	**(Unaudited) 2018**
Investments at fair value	$ 8,564,999	$ 4,655,994
Investments at contract value	229,261	131,402

Year Ended December 31,	**2019**
Net appreciation in fair value of investments	$ 1,013,912
Interest	1,818
Dividends	193,098

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the COVID-19 pandemic has affected and may continue to affect the market price of Plan assets. The potential economic impact brought by COVID-19 and the duration thereof are difficult to assess or predict and will depend on future developments that are highly uncertain.

The Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), which was signed into law on March 27, 2020, and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), establish certain operational changes that may be made to the Plan. Among others, these changes include allowing certain eligible individuals to receive coronavirus-related relief for loan repayment, suspending required minimum distributions, and delaying the commencement date for required minimum distributions. These and other optional features within the acts are being assessed by Plan management on an ongoing basis and implemented as deemed appropriate. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
