SOUTHERN GRAPHICS, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2019, AND 2018, AND FOR THE YEAR ENDED DECEMBER 31, 2019

1. DESCRIPTION OF THE PLAN

The following description of the Southern Graphics, Inc. Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's information.

General-The Company elected to adopt the Transamerica Retirement Solutions, LLC Volume Submitter 401(k) Profit Sharing Plan effective January 1, 2016. Transamerica Retirement Solutions, LLC ("Transamerica") is the recordkeeper of the Plan. State Street Bank and Trust Company ("State Street") acts as both the custodian and the trustee of the Plan. Massachusetts Fidelity Trust Company ("MFTC") serves as trustee of the Stable Pooled Fund, in which the Plan invests. The Plan is a defined contribution plan covering all full-time employees of Southern Graphics, Inc. (the "Plan Sponsor") and related participating employers (collectively, the "Company/Employer") who have completed ninety days of service. Employees covered by a collective bargaining agreement, leased employees, or temporary employees with less than 1,000 hours of service within the 12 month period beginning on the employment commencement date or the first day of any Plan Year beginning subsequent to such employment commencement date are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions-Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, and (iii) participant rollovers from another plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions; these additional contributions are ineligible for a Company matching contribution.

Participants may elect to contribute a percentage of their compensation, excluding bonuses, commissions, fringe benefits, reimbursements or other expense allowances, and deferred compensation, to the Plan each year, subject to the limitations, as defined in the Plan document. Participants determine if these contributions will be included in their taxable income for federal income tax purposes at the time of compensation (contribution) or excluded from their taxable income until received as a withdrawal or distribution from the Plan.

For the 2019 Plan year, the Company provided employer matching contributions that were 50% of that portion of a participant's elective contributions that did not exceed 8% of the participant's eligible compensation. The Company may elect to make additional discretionary contributions. No additional discretionary contributions were made in 2019. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant Accounts-Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and related Company matching contributions, discretionary contributions, and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan earnings/losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments-Participants may direct the investment of their accounts into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan currently offers twenty-eight mutual funds, one stable value fund, and one personal choice retirement account ("PCRA") as investment options for participants. The PCRA makes available to the participant a wider range of investments and the ability to more independently manage their investments and make trade decisions.

Vesting-Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service using the cliff vesting method. A participant is 100% vested after three years of continuous service.

Notes Receivable from Participants-Participants may borrow from their account an amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment funds and the loan fund. Loan terms range from one to five years, with the exception of loans for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates at the time the funds are borrowed. Principal and interest are paid ratably through payroll deductions. Interest rates ranged from 4.25% to 6.50% for the year ended December 31, 2019 with maturity dates ranging from April 2019 to June 2028.

Payment of Benefits-On termination of service with the Company (including termination of service due to death, disability, or retirement), a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments, or any other form authorized by the Internal Revenue Service ("IRS"), as defined by the Plan.

Participants are also eligible to make hardship withdrawals from the Plan in the event of certain financial hardships, provided they meet the provisions described in the Plan document.

Forfeited Accounts-When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future employer contributions or Plan administrative expenses for the Plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the Plan document, the account will be reinstated. At December 31, 2019 and 2018, forfeited account balances totaled \$23,229 and \$6,143, respectively. During 2019, employer contributions were reduced by \$159,316 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting-The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative GAAP.

Use of Estimates-The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties-The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition-The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on

the accrual basis. Dividends are recognized on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants-Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. As of January 1, 2019, Diadeis New York LLC, a subsidiary of Southern Graphics, Inc. was added to the Plan as a participating employer. The employees of Diadeis New York LLC were then eligible to participate in the Plan and rollover assets into the Plan. Though this was not a plan merger, some of the employees had existing loans totaling \$56,345 that were transferred into the Plan as of April 29, 2019.

Administrative Expenses-Administrative expenses of the Plan are paid by the Plan Sponsor as provided in the Plan document. All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative expenses of 0.16% are deducted from participant accounts. Participants also pay administrative costs for loans, distributions and qualified domestic relation orders. If a fund provides revenue share in excess of 0.16%, the amount greater than 0.16% is then credited back to the participant. If a fund provides revenue share less than 0.16%, then a plan service fee is applied to that fund to bring it to the 0.16%. Of the 0.16%, Transamerica's required revenue is 0.14% and 0.02% is credited back to the Plan to pay for Plan related expenses. For the year ended December 31, 2019, \$38,270 was used to offset Plan expenses and the remaining balance of the expense budget account was \$24,292 and \$26,252 as of December 31, 2019 and 2018, respectively. Future Plan expenses can be paid from these remaining revenue sharing amounts.

Payment of Benefits-Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but had not yet been paid at December 31, 2019 and 2018.

Excess Contributions Payable-The Plan is required to return contributions received during the Plan year in excess of the IRC limits. There were no such amounts at December 31, 2019 and 2018.

Plan Mergers-There were no plan mergers that occurred in 2019.

Subsequent Events-Subsequent events were evaluated through August 24, 2020, the date the financial statements were available to be issued. See Note 8.

Recently Issued and Adopted Accounting Standards

In January 2016, FASB issued ASU No. 2016-01, Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities, effective for fiscal years beginning after December 15, 2018 with early adoption permitted. Prior to ASU 2016-01, FASB ASC 825-10-50 generally required public entities or nonpublic entities with over \$100 million in assets to make certain disclosures related to the fair value of financial instruments not recorded at fair value on the statement of net assets available for benefits. Upon adoption of ASU No. 2016-01, employee benefit plans are no longer required to make disclosures related to the fair value of financial instruments not recorded at fair value. Adoption of this guidance does not have a material impact to the Plan's net assets available for benefits.

In February 2018, FASB issued ASU No. 2018-03, Technical Corrections and Improvements to Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities. This update clarified certain aspects of the recognition, measurement, presentation, and disclosure of financial instruments, namely for those without a readily determinable fair value. One such clarification states that an entity may change its approach from a measurement alternative to a fair value method when in accordance with Topic 820, Fair Value Measurement, an election that would irrevocably apply to that security and all identical or similar investments at that time and for all future purchases. This update is a continuation of ASU No. 2016-01 and

has the same effective date. Adoption of this guidance does not have a material impact to the Plan's net assets available for benefits.

In August 2018, FASB issued ASU No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement. This update does not add new disclosure requirements for a nonpublic entity, but it does state that transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities are to be disclosed as opposed to a rollforward of Level 3 fair value measurements. An entity is required to disclose the timing of liquidation of its assets and the date when restrictions from redemption might lapse for an investment that calculates net asset value only once the investee has announced the timing publicly or communicated it directly to the entity. This update also clarifies that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. This update also removes the disclosure requirements for the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of transfers between levels, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses included in earnings for recurring Level 3 fair value measurements. The amendments in this update are effective for fiscal years for all entities beginning after December 15, 2019, with early adoption available. Management is currently evaluating this ASU to determine its impact to the Plan's financial statements, and it is not expected to have a material impact to the Plan's net assets available for benefits.

3. INFORMATION CERTIFIED BY THE TRUSTEES

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street and MFTC, the trustees of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants information reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018, the Schedule of Assets (Held at End of Year) at December 31, 2019, and the related investment income and interest income information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques-Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Personal Choice Retirement Accounts-Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds-Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund-Valued at the net asset value ("NAV") of units of a bank collective trust. The NAV of \$1 per unit for the Stable Value Fund (the "Fund") is provided by the trustee and used as a practical expedient to estimate fair value. On a daily basis, units are issued and redeemed at the Fund's constant NAV and distributions to the Fund's unit holders are declared from the net investment income. Distributions are reinvested in the Fund on a

monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable NAV of \$1 per unit; although there is no guarantee that the Fund will be able to maintain this value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Redemption for common collective trusts is permitted daily with no other restrictions or notice periods and there are no unfunded commitments. In accordance with GAAP, the stable value fund measured at NAV has not been classified in the fair value hierarchy. The fair value amount presented in the table below is intended to permit reconciliation to the amounts presented in the Statements of Net Assets Available for Benefits.

Cash Reserve Account-Held primarily in short-term money market funds, which are valued at cost plus accrued interest.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value (represented in US dollars) on a recurring basis at December 31, 2019 and 2018.

Fair Value Measurements at December 31, 2019 Using:

* Party-in-interest

Transfers Between Levels-The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers between levels.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are in investment funds managed by State Street, MFTC or related affiliates. State Street and MFTC are trustees as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to Transamerica for administrative services totaled \$212,965 for the year ended December 31, 2019.

Administrative revenues arise when investment managers return a portion of the investment fees to Transamerica to offset administrative expenses. Any excess resulting from this revenue sharing remains in an unallocated account from which future Plan expenses can be paid. The Plan held undistributed revenues of \$24,292 and \$26,252 as of December 31, 2019 and 2018 respectively.

The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, participants would become 100% vested in their accounts.

7. FEDERAL INCOME TAX STATUS

The IRS ruled on March 31, 2014 that the Volume Submitter Profit Sharing Plan (sponsored by Transamerica Retirement Solutions Corporation and upon which the Plan is based), as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. During 2019, the Department of Labor conducted a routine audit of the Plan. The Plan administrator has engaged legal counsel with regards to this matter and does not believe there will be a material impact to the Plan. There are currently no other audits for any tax periods in progress.

8. SUBSEQUENT EVENTS

In March 2020, the World Health Organization declared the global novel coronavirus disease 2019 ("COVID-19") outbreak a pandemic. Further, the United States Centers for Disease Control and Prevention confirmed the spread of the disease throughout the United States. The COVID-19 outbreak has triggered volatility in financial markets and a significant negative impact on the global economy. The ultimate impact to the Plan and Plan Sponsor is not known at this point as the scale and severity of the outbreak, and resulting economic impact, is still largely unknown.

On March 27, 2020, Congress passed the *Coronavirus Aid, Relief, and Economic Security Act* ("CARES Act"). The Plan was operationally amended to implement certain changes provided for under the CARES Act including temporary penalty-free distributions, increased limits for Plan loans, suspension of loan repayments, and delaying required minimum distributions.
