**VAIL-VERSAY 401(k) PLAN**

**NOTES TO THE FINANCIAL STATEMENTS**

## NOTE 1 – DESCRIPTION OF PLAN

The following description of the Vail-Versay 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

***General.*** The Plan is a defined contribution plan covering all eligible employees of Vail Systems, Inc. and Versay Solutions, LLC (collectively the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Great-West Trust Company, LLC is the "Custodian" of the Plan.

***Eligibility.*** To be eligible for participation in the Plan, employees must be U.S. residents who are at least 21 years old and not covered by a collective bargaining agreement. Participants are admitted the first day of the month following the date eligibility is met.

***Contributions.*** Participants may elect to make pre-tax and post-tax contributions subject to amounts established by the Internal Revenue Code ("IRC"). The Company matches 50% of the first 6% of the participants' contributions. The Plan has an auto-enrollment provision whereby participants are auto-enrolled in the Plan on the first entry date upon meeting the eligibility requirements at a contribution deferral rate of 6%. Additionally, the Plan has annual an contribution deferral rate increase. On September 1 of every year, a participant who was auto enrolled and has not made any deferral changes will automatically have their deferral rate increase 2% until a maximum deferral rate of 12% is acheived.

The Company may also elect to make a discretionary profit sharing contribution for all participants who have completed a year of service, as defined, during the Plan year and are employed at the end of the Plan year. The Company did not elect to make a discretionary profit sharing contribution for the year ended December 31, 2019.

***Participant Accounts.*** Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of Employer contributions, if any, and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Investment Options.*** Each participant directs the investment of their account balances into any combination of the various investment options offered by the Plan. All investments are maintained with the Custodian. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

In addition, participants may, subject to certain investor procedures established by the Plan administrator, direct substantially all of their investments into self-directed investments (as permitted by the Plan). All earnings/losses and expenses of the self-directed accounts are allocated on a separate and distinct basis.

***Vesting.*** Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Employer matching contributions and profit sharing contributions is based upon years of continuous service. A participant is fully vested in these contributions after completion of three years of service.

***Forfeited Accounts.*** Forfeitures shall be applied to Plan administrative expenses or can be used to offset Employer matching contributions. There were forfeited nonvested account balances of $23,809 and $8,639 as of December 31, 2019 and 2018, respectively. During the year ended December 31, 2019, approximately $32,000 in forfeited amounts were used to offset Employer matching contributions.

**VAIL-VERSAY 401(k) PLAN**

**NOTES TO THE FINANCIAL STATEMENTS**

**NOTE 1 – DESCRIPTION OF PLAN** (Concluded)

***Notes Receivable from Participants.*** Participants are allowed to borrow up to a maximum of $50,000 or 50% of their vested account balance. The minimum amount of the loan is $1,000. The loans are guaranteed by the participant's account balance and the interest rate is based on the rates that would be charged by financial institutions in the business of providing loans at the time of the loan. The interest rate is fixed over the life of the loan. Loans must be paid back within five years, with both principal and interest payments credited to the Participant's account, however loans for the purpose of purchasing a residence can have a term of up to thirty years. Participants are only allowed one loan outstanding at any given time.

***Payments of Benefits.*** On termination of service due to death, disability, or retirement, a participant may elect to 1) receive a lump-sum amount or installment disbursements equal to the value of the participant's vested interest in the account; 2) rollover the account into another qualified plan or individual retirement account; or 3) if over $1,000, maintain the account without having an option of contributing further. Accounts that are valued at less than $1,000 may be automatically cashed out to the participant, as defined. In-service distributions are permitted when a participant has attained age 59½. Hardship withdrawals are allowed if an immediate financial need occurs, as specified by the plan.

***Party-In-Interest Transactions.*** Certain administrative expenses pertaining to the operation of the Plan are paid by the Company. Additionally, various administrative, legal, and accounting services are performed by Company personnel on behalf of the Plan for which no charges are made to the Plan, and for which the Company does not intend to obtain reimbursement. Investment expenses, however, are charged against the Plan's investment income. Therefore, these transactions qualify as party-in-interest transactions.

***Economic Conditions.*** In March 2020, government agencies announced warnings related to the Coronavirus (COVID-19). Any potential decline in economic activity in the U.S. and other regions of the world as a result of the virus may have an adverse impact on the Plan's Assets.

***Recent Legislation.*** The Coronavirus Aid Relief and Economic Security Act ("CARES Act") was signed into law on March 27, 2020. The CARES Act allows for Coronavirus-related distributions and loans to participants through the end of 2020 and has specific rules related to the qualification, distribution and repayment of such distributions and loans.

***Plan Amendment.*** Effective January 1, 2020, the Plan adopted a good faith amendment which modifies the existing hardship distribution Plan provisions, including the expansion of the assets available for hardship distributions.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting.*** The accompanying financial statements have been prepared on the accrual basis of accounting.

***Estimates and Assumptions.*** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from these estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained, and as the operating environment changes.

***Investment Valuation and Income Recognition.*** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

(Continued)

**VAIL-VERSAY 401(k) PLAN**

**NOTES TO THE FINANCIAL STATEMENTS**

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Concluded)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Notes Receivable From Participants.*** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

***Payment of Benefits.*** Benefits are recorded when paid.

***Expenses.*** A portion of the administrative expenses of the Plan are paid by the Company, and the Company has no plans to obtain reimbursement of these expenses from the Plan.

***Concentration of Credit Risk.*** All the Plan's assets are held by the Custodian. The Custodian of the Plan executes all investment transactions.

**NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN**

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by the Custodian, and furnished to the plan administrator. The plan administrator has obtained certifications from the Custodian that such information is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Note 4: All investment balances.
- Schedule of Assets Held at End of Year: All investment balances.

**NOTE 4 – FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

***Level 1.*** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

***Level 2.*** Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

(Continued)

**NOTE 4 – FAIR VALUE MEASUREMENTS** (Continued)

***Level 3.*** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

***Mutual Funds, Money Market Funds, and Exchange Traded Funds.*** Valued at the quoted market price reported on the active market on which the mutual funds and exchange traded funds are traded.

***Common Stocks.*** Valued at the closing price reported on the active market on which the individual securities are traded.

***Stable Value Fund and Collective Trust Funds.*** The stable value fund and collective trust funds are composed primarily of fully benefit-responsive investment contracts and are valued at the net asset value of units of the collective trust ("NAV"). The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

| | Assets at Fair Value as of December 31, 2019 | | | | |
|---|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | NAV (as a practical expedient) | Total |

***Investments Measured Using the Net Asset Value per Share as a Practical Expedient.*** The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

**NOTE 5 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

**NOTE 6 – TAX STATUS**

The Internal Revenue Service has determined in a letter dated March 31, 2014, that the prototype plan agreement used by the Plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operating in compliance with the applicable requirements of the IRC.

**VAIL-VERSAY 401(k) PLAN**

**NOTES TO THE FINANCIAL STATEMENTS**

**NOTE 7 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of self-directed brokerage accounts are managed by the Custodian and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

**NOTE 8 – RISK AND UNCERTAINTIES**

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**NOTE 9 – SUBSEQUENT EVENTS**

Management has evaluated all known subsequent events from December 31, 2019 through August 25, 2020, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period that have not been disclosed in the notes to the financial statements.
