Notes to Financial Statements

December 31, 2019

1. Description of the Plan

The following brief description of the plan provides only general information. Participants should refer to the plan document for more complete information, copies of which may be obtained from the plan sponsor.

General

The plan is a defined contribution plan for all eligible employees who are employed by DMAX, Ltd. (the Company) that meet the plan's eligibility criteria. Eligible hourly employees are automatically enrolled in the plan unless they affirmatively decline to participate. Approximately 88% of the Plan's participants are covered by a collective bargaining agreement that is effective through April 30, 2021. Fidelity Management Trust Company (Fidelity) serves as the trustee. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2019, the DMAX Salaried Employee 401(k) & Retirement Savings Plan was renamed DMAX 401(k) Savings Plan (the Plan). Also effective on that date, the DMAX Hourly Employee Personal Savings Plan was merged into the Plan and hourly employees of the Company are eligible to participate in the Plan. As a result of this merger, net assets in the amount of \$47,566,459 were transferred into the Plan.

Contributions

Participants in the Plan may contribute up to 60% of their pretax and/or Roth after-tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). If automatically enrolled, a participant's deferral is set at 3% of eligible compensation until changed by the participant. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Company contributions are as follows:

Employer Match – Salaried Employees

The Company contributes 100% of the first 4% of compensation that a participant contributes to the Plan.

Employer Fixed Nonelective – Salaried Employees

An age-weighted contribution amount ranging from 3% to 7% of compensation, as defined. Participant contributions are not required to be eligible for such contribution.

Employer Nonelective Discretionary

Funded based on compensation, as defined. For 2019, the discretionary contribution for salaried employees was 1.3%. For hourly employees, the discretionary contribution was 6%. Participant contributions are not required to be eligible for such contribution.

All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and nonelective contributions and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants may direct the investment of their contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan currently offers a mix of mutual funds, and a common trust fund, as investment options for participants.

(formerly DMAX Salaried Employee 401(k) & Retirement Savings Plan)

1. Description of the Plan (continued)

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of service. Salaried participants hired prior to April 1, 2016, vest 20% in the supplemental discretionary nonelective contribution after two years of service and are 100% vested after three years of service. Full vesting also occurs if a participant becomes disabled, as defined; dies while actively employed; or reaches full retirement age, as defined.

Payment of Benefits

When a participant terminates employment for any reason, all vested amounts in the participant's account, upon request, shall be distributed to the participant or, in the case of death, to a designated beneficiary. Terminated participants may defer receipt of their distribution. However, terminated participants cannot postpone benefit payments if their balance is \$1,000 or less. The plan administrator will instruct the trustee to distribute to the participant a lump-sum payment without the participants' consent if they do not request a distribution of their benefits. For purposes of distribution, a participant's account is valued at fair value as of the day prior to distribution.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available distributions prior to requesting a hardship withdrawal.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum level equal to the lesser of (a) 50% of the participant's vested account balance or (b) \$50,000. The loans are secured by the balance in the participants' accounts. Loan terms range to a maximum of 60 months or 120 months if the loan is for the purchase of a principal residence. The interest rate on loans outstanding is determined at the prime rate and ranges from 3.25% to 9.50%. Principal and interest are repaid weekly through payroll deduction or by check. A participant's loan is treated as a

distribution if any scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter (end of the cure period) in which a loan is initially past due or if there is any outstanding balance at the end of the cure period for the last scheduled payment date.

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future employer contributions or to pay plan administrative expenses for the plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the Plan document, the account will be reinstated. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$241,320 and \$17,837, respectively. During the year ended December 31, 2019, forfeitures of \$222,657 were used to pay administrative expenses.

Administrative Expenses

The Plan's administrative expense are paid by either the Plan or the Company. Pursuant to an agreement with Fidelity, revenue sharing amounts are used to pay expenses of the Plan. Expenses may also be paid from the forfeiture account. Should expenses exceed available revenue sharing and forfeiture accounts, expenses will be paid by the Company. Certain transaction related fees are charged to the account of the participant.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

(formerly DMAX Salaried Employee 401(k) & Retirement Savings Plan)

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

New Accounting Pronouncement

In July 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient.

DMAX 401(k) Savings Plan
(formerly DMAX Salaried Employee 401(k) & Retirement Savings Plan)

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for the net asset value per share practical expedient in accordance with Accounting Standards Codification 820, *Fair Value Measurement*. Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. The Plan adopted ASU 2018-09 for the year ended December 31, 2019. In connection with the adoption, the Plan has prospectively included certain investments in the fair value hierarchy disclosure that were previously excluded from such disclosure because those investments previously used the net asset value per share practical expedient.

3. Fair Value Measurement

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan.

Mutual Funds: Shares of mutual funds are valued based on quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Common Trust Fund: Valued at the NAV provided by the administrator of the fund.

DMAX 401(k) Savings Plan
(formerly DMAX Salaried Employee 401(k) & Retirement Savings Plan)

Notes to Financial Statements (continued)

3. Fair Value Measurement (continued)

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31:

2019				
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	\$ 68,810,591	\$ —	\$ —	\$ 68,810,591
Common trust fund	8,871,381	—	—	8,871,381
Total investments	<u>\$ 77,681,972</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 77,681,972</u>

2018				
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	\$ 16,716,927	\$ —	\$ —	\$ 16,716,927
Total	<u>\$ 16,716,927</u>	<u>\$ —</u>	<u>\$ —</u>	<u>16,716,927</u>
Common trust fund measured at NAV ^(a)				<u>2,024,229</u>
Total investments				<u>\$ 18,741,156</u>

^(a) This category includes a common trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund.

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

DMAX 401(k) Savings Plan
(formerly DMAX Salaried Employee 401(k) & Retirement Savings Plan)

Notes to Financial Statements (continued)

3. Fair Value Measurement (continued)

The significance of transfers between levels is evaluated based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2019 and 2018, there were no transfers between levels.

4. Tax Status

The underlying volume submitter plan has received an advisory letter from the IRS dated March 31, 2014, stating that the form of the plan is qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of the collective bargaining agreement and ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

DMAX 401(k) Savings Plan
(formerly DMAX Salaried Employee 401(k) & Retirement Savings Plan)

Notes to Financial Statements (continued)

6. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity, the trustee of the Plan.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Exempt Parties-in-Interest and Related-Party Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and these transactions, including issuances of loans to participants, qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on the fund.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits shown in the financial statements to the Form 5500 as of December 31:

	2019	2018
Net assets available for benefits – financial statements	\$ 81,745,075	\$ 19,011,108
Contributions receivable	–	(33,409)
Net assets available for benefits – Form 5500	<u>\$ 81,745,075</u>	<u>\$ 18,977,699</u>

DMAX 401(k) Savings Plan
(formerly DMAX Salaried Employee 401(k) & Retirement Savings Plan)

Notes to Financial Statements (continued)

9. Reconciliation of Financial Statements to Form 5500 (continued)

For the year ended December 31, 2019, the following is a reconciliation of contributions per the financial statements to the Form 5500:

	<u>2019</u>
Contributions – financial statements	\$ 5,460,686
Participant contributions receivable – 2018	33,409
Contributions – Form 5500	<u>\$ 5,494,095</u>

10. Subsequent Events

Management evaluated subsequent events for the Plan through September 2, 2020, the date the accompanying financial statements were available to be issued.

In March 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The impact of COVID-19 continues to evolve rapidly and the Company is not able at this time to estimate its full impact on the Plan's financial statements.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. The Plan has adopted certain measures included in the CARES Act that allow qualified participants to receive coronavirus-related distributions without penalty and delay repayments of any new or outstanding loans for up to one year.
