NOTES TO FINANCIAL STATEMENTS

1. Plan Description:

The following description of the Marshall & Sterling Enterprises, Inc. Employees 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all full-time employees of Marshall & Sterling Enterprises, Inc. (the "Company"). Employees are immediately eligible to enroll and contribute to the plan. Employees must complete six months of service to be eligible for employer matching and employer non-elective contributions. Effective May 1, 2019, Marshall & Sterling, Inc. acquired Broadstone Equine Insurance Agency, LLC. Employees from Broadstone Equine Insurance Agency, LLC. became immediately eligible to participate in the 401(k) plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 75% of annual compensation, not to exceed the Internal Revenue Service limit, as defined in the Plan agreement. The elective deferral contributions are considered pre-tax elective unless all or a portion is designated as Roth elective deferral. The Company matches 100% of the employee's elective deferral contributions up to 3% of the employee's compensation, plus 50% of the employee's elective deferral contributions which are over 3% but less than 5% of the employee's compensation. Contributions are subject to certain limitations. Effective November 1, 2017, the Plan was amended to require automatic enrollment at 3% with a 1% increase annually, to a maximum of 5%.

Participant Accounts

Participant accounts are credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings/(losses). Allocations are based on each participant's earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent of their vested account balance. Loan terms range from one to five years, with the exception of loans for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus two percent per annum. Principal and interest are paid ratably through payroll deductions.

Effective June 13, 2016, the Plan was amended to allow a participant to request a new loan once the previous loan is paid off. A participant may have only one outstanding loan at a time.

Vesting

Participant contributions are 100% vested at all times. Participants are vested in employer contributions based on years of vesting service. A participant is 100% vested after six or more years of service.

Distributions

Upon termination, retirement or death, a participant may receive a lump-sum amount equal to the value of his or her account. Upon termination, any non-vested portion of the account balance is forfeited. In the event of such separation prior to age 65, the terminated participant may elect to defer the distribution until the participant reaches age 65, or at an earlier date, provided that the participant's eligible distribution exceeds $5,000.

The participant may elect to withdraw all or any part of the vested account, prior to termination of employment, if it is (1) an amount from the participant's rollover contribution or (2) an amount, in the event of hardship, from the participant's 401(k) elective deferral contribution (but none of the income earned on such contributions) or from discretionary contributions.

Forfeitures

Forfeitures in the amount of $112,053 and $85,873 were used to reduce Company matching contributions during 2019 and 2018, respectively. The outstanding forfeiture balance as of December 31, 2019 and 2018 was $116 and $1,042, respectively.

1. Plan Description (continued):

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will be 100% vested in their account balances.

Administration
The Plan is administered by the Company. Fidelity Management Trust Company ("Fidelity") is the trustee and the recordkeeper for the Plan.

2. Summary of Significant Accounting Policies:

Basis of Accounting
The Plan uses the accrual method of accounting which recognizes income when it is earned and expenses as they are incurred.

Pervasiveness of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Fair Value of Financial Instruments
The carrying amounts of financial instruments, including payables arising in the ordinary course of business, approximate fair value due to the short maturity of these instruments.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments sold during the year and held at year-end.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits
Benefits are recorded when paid. Corrective distributions payable generally represent the distribution of certain assets to employees in order for the Plan to comply with ERISA nondiscrimination rules.

Administrative Expenses
All expenses of maintaining the Plan, to the extent that the Company does not pay such expenses, are paid by the Plan. Participant loan setup fees and distribution fees are deducted from the proceeds paid to the initiating participants.

Income Taxes
Effective May 1, 2012, the Plan adopted a Volume Submitter Profit Sharing Plan with CODA sponsored by Fidelity Management Trust Company. The Plan has received an opinion letter from the Internal Revenue Service as to the Plan's qualified status. The profit sharing plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan and concluded that, as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

2. Summary of Significant Accounting Policies (continued):

Risks and Uncertainties
The Plan utilizes various investment instruments which are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements. The Plan's investments are not insured or protected by the Plan's trustee. Accordingly, the Plan is subject to the normal investment risks associated with money market funds, mutual funds, stocks, bonds and other similar types of investments.

Subsequent Events
The date to which events occurring after December 31, 2019, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is June 10, 2020, which is the date on which the financial statements were available to be issued.

3. Information Certified by Trustee:
The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the years then ended, included throughout the Plan's financial statements and the supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule.

The following table presents the fair value of the assets in the Plan certified by Fidelity:

As of December 31	**2019**	2018
Mutual Funds	**$ 36,685,547**	$ 28,195,636
Collective Trust	**2,979,696**	2,932,992
Total Certified Investments	**39,665,243**	31,128,628
Notes Receivables from Participants	**804,124**	803,793
Total Certified Plan Assets	**$ 40,469,367**	$ 31,932,421

Fidelity also certified to the completeness and accuracy of $5,048,964 and $(3,058,962) of net appreciation/(depreciation) in fair value of investments and $1,199,364 and $1,659,247 of interest and dividends related to the aforementioned Plan Assets for the years ended December 31, 2019 and 2018, respectively.

4. Fair Value Measurements:
The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

a. Quoted prices for similar assets or liabilities in active markets;
b. Quoted prices for identical or similar assets or liabilities in inactive markets;
c. Inputs other than quoted prices that are observable for the asset or liability;
d. Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (continued):

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust: Value is based on the collective trust's underlying investments based on information reported by the investment advisor using the financial statements of the collective trust at year end.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of the future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2019			
	Total	**Level 1**	**Level 2**	**Level 3**
Mutual Funds	**$ 36,685,547**	**$ 36,685,547**	**$ -**	**$ -**
Collective Trust	**2,979,696**	**-**	**2,979,696**	**-**
	$ 39,665,243	**$ 36,685,547**	**$ 2,979,696**	**$ -**

	December 31, 2018			
	Total	Level 1	Level 2	Level 3
Mutual Funds	$ 28,195,636	$ 28,195,636	$ -	$ -
Collective Trust	2,932,992	-	2,932,992	-
	$ 31,128,628	$ 28,195,636	$ 2,932,992	$ -

5. Excess Contributions Payable:
As of December 31, 2019 and 2018, a liability of $243,787 and $257,631, respectively, was recorded for the amount refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

6. Subsequent Events:
Effective March 2, 2020, the Plan was amended to add two new participating employers, Baker Magras & Associates, Inc. and Marshall & Sterling of Florida, Inc.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of the Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Plan has implemented certain changes required by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance. No other subsequent events were identified through June 10, 2020 the date these financial statements were available to be issued.
