INDEPENDENT AUDITOR'S REPORT

TO THE PARTICIPANTS AND PLAN ADMINISTRATOR
ITEN INDUSTRIES, INC. 401(K) PROFIT SHARING PLAN AND TRUST

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Iten Industries, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of June 30, 2019, and the related statement of changes in net assets available for benefits for the year ended June 30, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of June 30, 2019 and 2018, and for the year ended June 30, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of and for the year ended June 30, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter – 2018 Financial Statements

The financial statements of the Plan as of June 30, 2018, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated March 19, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019 AND FOR THE YEAR THEN ENDED JUNE 30, 2019

1. DESCRIPTION OF PLAN

The following description of Iten Industries, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Iten Industries, Inc. (the "Company") who have worked six months and attained the age of 21 within the Plan year. It is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA).

Participant Accounts – Each participant's account is credited with his or her elective deferrals, the Company's matching contributions, and an allocation of the Company's profit sharing contributions and Plan earnings, and is charged with an allocation of administrative expenses. Upon enrollment in the Plan, participants may direct contributions among investment choices and may change their investment options on any normal business day. Allocations by the Plan are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions – After six months of employment, eligible employees have 6.0% of their pay withheld and contributed to the Plan unless they expressly elect a different amount to be withheld, or elect to not participate. After one year of employment, the Company is required to make matching contributions for employees' voluntary contributions. The percentage of Company matching contributions is based upon the following sliding scale:

<u>Employee Contributions</u>	<u>Company Match</u>
Less than 3%	0.0%
3.0% - 5.9%	1.0%
6.0% or higher	2.0%

The Company may make discretionary contributions up to the maximum allowable under the provisions of the Internal Revenue Code (IRC) Section 404. Company contributions are allocated to participants employed on the last day of the Plan year and who have worked at least 1,000 hours of service. Employer contributions are allocated based upon the ratio each participant's eligible compensation bears to total eligible compensation.

Notes Receivable from Participants – Participants may borrow from their fund accounts up to a maximum of 50% of their vested account balance. Notes receivable are secured by the balances in the participants' accounts and bear interest at rates between 4.25% and 6.25% at June 30, 2019. Principal and interest are paid ratably through bi-weekly payroll deductions. All expenses associated with the establishment and administration of the loans will be paid by or charged to the participants' accounts. Repayments of principal and interest are credited to the participants' separate accounts within the funds as elected by the participants.

Payment of Benefits – Benefits will be paid from the Plan in a lump-sum, installments, or partial withdrawals upon the occurrence of any of the following events:

Retirement -- A participant, upon retirement from employment with the Company at either normal retirement date (age 65) or at any time thereafter, shall be entitled to receive the entire balance in his or her account.

Disability -- In the event a participant becomes totally disabled, the participant shall be entitled to receive the entire balance in his or her account.

Death -- Upon death of a participant, the beneficiary of the participant shall be entitled to receive the entire balance in his or her account remaining at death.

In-Service Withdrawals – Upon attaining the age of 59½, a participant may take in-service withdrawals.

Termination of Employment -- Upon termination of employment with the Company for any reason other than death, retirement, or total disability, a participant shall be entitled to the vested balance in his or her account. If the value of vested benefits credited to a participant's account is \$5,000 or less at the time of termination, the entire amount will be distributed to the participant without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the plan administrator.

Hardship – A participant shall be entitled to a hardship withdrawal from the participant's account after maximum participant loans have been withdrawn. The participant will not be allowed to make salary deferral contributions for a period of six months after receiving a hardship distribution.

Vesting – Each participant has a 100% non-forfeitable vested interest in his or her elective deferral contributions and Company safe harbor matching contributions. Vesting in the participant's share of the Company's discretionary matching and profit sharing contributions is based upon years of continuous service according to a five-year graduated scale. The participant will be 20% vested after two years of service and will vest an additional 20% for each year thereafter. A participant is 100% vested after five years of credited service or in the event of death, disability, or retirement.

Forfeitures – The Company has the option to use forfeited non-vested accounts to reduce the employer's discretionary contributions. The Plan had forfeited, unallocated balances of \$13,870 and \$4,044 at June 30, 2019 and 2018, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan’s valuation policies utilizing information provided by the trustee. The change in the difference between fair value and the cost of investments and gain or loss on the sale of investments is reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The cost of investments sold is based on the average cost of the investments. Dividends are recorded on the ex-dividend date.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefits paid to participants are charged directly to the participants’ accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Benefit Payments – Benefits are recorded when paid.

Accounting Estimates – Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of changes in net assets. Actual results could vary from the estimates that were used.

3. CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at June 30, 2019 and 2018, and net appreciation in fair value of investments, dividends, and other income for the year ended June 30, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Plan assets certified by the trustee at June 30, 2019 and 2018 includes the following:

	June 30,	
	2019	2018
Investments, at fair value:		
Mutual funds	\$ 11,560,878	\$ 11,509,065
Money market funds	222,461	492,914

Plan income certified by the trustee for the year ended June 30, 2019 includes the following:

Investment income	\$ 790,892
-------------------	------------

4. VALUATION OF INVESTMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under

FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money market funds – Valued at the net asset value of shares held by the Plan at year-end, as reported on the active markets in which the investments are traded.

Mutual funds – Valued at the net asset value of shares held by the Plan at year-end, as reported on the active markets in which the investments are traded.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Total
<u>June 30, 2019</u>		
Cash equivalents	\$ 222,461	\$ 222,461
Mutual funds	11,560,878	11,560,878
Total investments at fair value		<u>\$ 11,783,339</u>
<u>June 30, 2018</u>		
Cash equivalents	\$ 492,913	\$ 492,913
Mutual funds	11,509,066	11,509,066
Total investments at fair value		<u>\$ 12,001,979</u>

5. PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

8. TAX MATTERS

The Plan is designed to be qualified and exempt from income taxes under Section 401 of the Internal Revenue Code and therefore, no provision for income taxes has been made. The Plan received a favorable opinion letter from the Internal Revenue Service (IRS) dated January 21, 1993 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has determined that the Plan does not have any uncertain tax positions and the associated unrecognized benefits that materially impact the financial statements or related disclosures. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

9. SUBSEQUENT EVENTS

Subsequent events are those events or transactions that occur following the statement of net assets available for benefits date, but before the financial statements are issued, or are available to be issued. FASB ASC Section 855, *Subsequent Events*, requires disclosure regarding the date through which subsequent events have been evaluated and the basis for determining that date. Subsequent events have been evaluated through August 12, 2020, which is the date the financial statements were available to be issued.
