NOTE 1 – DESCRIPTION OF PLAN

Liberty Lift Solutions, LLC 401(k) Plan (the Plan) is a defined contribution plan covering all full-time employees of Liberty Lift Solutions, LLC (the Company). The Plan was originally adopted on January 1, 2013 and was amended and restated effective January 1, 2019. The Plan was subsequently amended July 1, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions, which is available from Plan management.

Administration – The Board of Directors of the Company is responsible for oversight of the Plan. The 401(k) Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Board of Directors.

Eligibility – All eligible employees of the Company are eligible to participate in the Plan upon date of hire. Participants may enter the Plan on the first day of the month coinciding with or next following the date in which they satisfy the eligibility requirement.

Contributions – Participants may elect to defer up to 89% of their eligible compensation into the Plan on a pre-tax or Roth basis, not to exceed the dollar limit set by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to start, increase or reduce elections to contribute to the Plan effective as soon as administratively feasible. Participants may suspend their elections at any time.

The Plan is referred to as a safe harbor 401(k) plan. In order to maintain safe harbor status, the Company shall contribute for each Plan year a Company required contribution equal to 100% of a participant's salary deferrals that does not exceed 4% of a participant's considered compensation for the Plan year. During 2019, the Company made a safe harbor matching contribution of $517,473 to the Plan.

The Company may make a discretionary matching contribution to the Plan on behalf of eligible Plan participants as a percentage of salary deferrals participants make each quarter. The Company will decide each quarter how much, if any, they wish to make as a discretionary matching contribution. Participants must be employed on the last day of the quarter to receive the quarterly match. During 2019, the Company did not make a discretionary matching contribution to the Plan.

The Company may make a discretionary profit sharing contribution to the Plan on behalf of eligible Plan participants in an allocated amount. Participants are eligible to receive profit sharing contributions to the Plan if they are employed by the Company on the last day of the Plan year. The Company will decide each year how much, if any, they wish to make as a discretionary profit sharing contribution. During 2019, the Company did not make a discretionary profit sharing contribution to the Plan.

Participants may roll over part or all of an eligible rollover distribution they receive from an eligible retirement plan into this Plan.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollovers and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations of administrative expenses are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants direct the investment of their assets under the Plan into various investment securities offered by the Plan. The Plan currently offers various mutual funds and a common collective trust as investment options for participants. Participants may redirect the investment of future contributions or exchange existing balances among available investment securities at any time.

Vesting – Participants are immediately vested in their deferral contributions, including Roth and catch-up contributions, safe harbor contributions, rollover contributions and discretionary matching contributions, plus any earnings thereon. Vesting in the discretionary profit sharing contributions is based on years of vesting service. Participants will become 100% vested after five years of service.

Notes Receivable From Participants – Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum of $50,000 reduced by the excess of their highest outstanding balance of loans during the prior one-year period or 50% of their vested account balance, whichever is less. The loans are adequately secured by the balance in the participant's account and bear a reasonable rate of interest at rates commensurate with local prevailing rates as determined by Plan management. Principal and interest are paid ratably through bi-weekly payroll deductions over a term not to exceed five years, unless the loan was obtained to acquire a principal residence.

Payment of Benefits – Participants may receive a distribution of the vested portion of some or all of their accounts in the Plan upon termination of employment, normal retirement, disability or death. If a participant's vested account balance does not exceed $5,000, then the participant's account balance may only be distributed in a single lump-sum payment. If a participant's account balance exceeds $5,000, the participant must consent to any distribution before it may be made.

Participants may be entitled to receive an in-service distribution. A participant may request a hardship withdrawal to satisfy certain immediate and heavy financial needs. Participants who have attained age 59½ may receive an in-service distribution from the Plan from fully vested accounts prior to termination of employment.

Forfeited Accounts – If a participant terminates employment before being fully vested, they will forfeit the nonvested portion of their account balance when they receive a distribution. Forfeitures may be used to pay administrative expenses or to reduce future employer contributions. At December 31, 2019 and 2018, forfeited accounts totaled $-0-. During 2019, there were no forfeitures used during the year.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded at the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefit are recorded when paid.

Administrative Expenses – Administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through August 31, 2020, the date the financial statements were available to be issued (*see Note 10*).

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust – The Plans investment in a common collective trust during the Plan year include the T. Rowe Price Stable Value Fund (the Fund). Valued using NAV as reported by the Fund. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it was determined to be probable that the Fund will sell the underlying investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. In accordance with ASU No. 2015-07, these investments that are measured at fair value using NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the fair value table below are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedule.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and units of a stable value fund provided by T. Rowe Price. T. Rowe Price is the recordkeeper and Reliance Trust Company is the trustee for the Plan and, therefore, these transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their accounts.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – TAX STATUS

The Company adopted a volume submitter profit sharing plan with CODA sponsored by DST Retirement Solutions LLC. The Plan obtained its latest opinion letter on June 1, 2015, in which the Internal Revenue Service (IRS) stated that the plan, as then designed, was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	**$ 6,160,288**	$ 3,715,968
Employer contribution receivable	**(1,577)**	(79,836)
Net assets available for benefits per Form 5500	**$ 6,158,711**	$ 3,636,132

The following is a reconciliation of total contributions per the financial statements for the year ended December 31, 2019, to Form 5500:

Total contributions per the financial statements	$ 1,788,020
Less: employer contributions receivable at December 31, 2019	(1,577)
Add: employer contributions receivable at December 31, 2018	79,836
Total contributions per Form 5500	$ 1,866,279

NOTE 10 – SUBSEQUENT EVENTS

Effective January 1, 2020, the Plan was amended to comply with certain IRS requirements regarding hardship distributions.

Effective July 1, 2020, the Plan was amended to discontinue the safe harbor matching contributions under the Plan.

Subsequent to year-end, many countries around the world, including the United States of America, were impacted by the COVID-19 outbreak. While the virus is continuing to evolve, its implications are triggering volatility in financial markets and a significant negative impact to the global economy. As a result, the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, and the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. At this time, management cannot quantify the extent of any market fluctuations that the virus may have on the Plan's financial information.

As a result of the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The CARES Act includes certain relief provisions available to tax-qualified retirement plans and their participants. Plan management is continuing to evaluate the relief provisions available to plan participants under the CARES Act and evaluating provisions for implementation by the Plan.
