Note 1 - Description of Plan

The following description of the Stimpson Employee 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 1996 and restated on April 1, 2019, is a defined contribution profit sharing plan covering all eligible employees of Edwin B. Stimpson Company, Inc. (the "Sponsor") who are age 21 or older and have three months of service with the Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and Section 401(k) of the Internal Revenue Code ("IRC"). The Plan was amended effective January 1, 2017 to remove the existing matching contributions and add a safe harbor matching contribution, and was amended effective March 1, 2017 to allow for partial payments of benefits rather than limiting distributions to lump sum payments. Effective January 1, 2019, the Plan was amended further to remove the safe harbor matching contribution and add a safe harbor nonelective contribution of 3.5% of eligible employees' compensation, regardless of whether the employee made any contributions.

The Sponsor is the Plan Administrator. Certain employees of the Sponsor act as the Plan Administrator. For the period from January 1, 2018 through March 31, 2019, State Street Bank and Trust Company ("State Street") was the trustee and custodian and Transamerica Retirement Solutions, LLC ("Transamerica") was the record keeper of the Plan. Effective April 1, 2019, State Street and Transamerica were removed as trustee and recordkeeper, respectively, and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal") was appointed successor trustee, custodian and recordkeeper.

Contributions

Each year, participants may voluntarily contribute up to 100% of eligible annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the IRC for 2019 of $19,000, plus a maximum of $6,000 in catch-up contributions for participants who have attained age 50 before the end of the Plan year. Highly compensated employees are subject to additional limits set forth in the IRC. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation for the first year with incremental increases of 1% until contributions reach a maximum of 10%. Their contributions are invested in a designated balanced fund until changed by the participant.

Note 1 - Description of Plan (cont'd.)

Contributions (cont'd.)

In accordance with a Plan amendment effective January 1, 2019, the Sponsor makes safe harbor non-elective contributions each year of 3.5% of eligible employees' compensation. The safe harbor non-elective contribution is invested as directed by the participant. The Plan amendment removed the safe harbor matching contributions that were based on a scaled match formula from 1% to 3.5%.

The Sponsor may make discretionary non-elective profit sharing contributions in an amount to be determined by the Sponsor and allocated to participants based on the ratio of the eligible compensation to the total eligible compensation paid to all eligible participants.

In 2018, the Plan received funds in the amount of $4,822,502 transferred from the Sponsor's retirement plan, the Employee's Retirement Plan of Edwin B. Stimpson Company, Inc. for excess pension fund assets allocated to the Sponsor. These funds were credited to the Sponsor's account in the Plan and invested in the MetLife Stable Value Fund to be used for future Sponsor contributions and Plan expenses. During the year ended December 31, 2019, $1,000,000 was used to pay discretionary profit sharing contributions for 2018, and $364,373 was used as safe harbor non-elective contributions for 2019. Earnings net of plan expenses in the amount of $73,955 were credited to the Sponsor account, leaving $3,532,084 as the remaining balance of the Sponsor's account at December 31, 2019.

Subsequent to year-end, management approved a $1,000,000 discretionary contribution to all of the plan members who were employed as of December 31, 2019, and allocated the amount to the participant accounts from the Sponsor's account balance by January 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions and rollover contributions, and an allocation of employer contributions, as well as allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants shall have a vested percentage in the Sponsor's safe harbor matching contribution according to a graded vesting schedule based on years of service as follows:

Years of Service	Percent Vested
Less than 2	0%
2 or more	100%

Note 1 - Description of Plan (cont'd.)

Vesting (cont'd.)

Vesting in the Sponsor's discretionary non-elective profit sharing contributions is based on the following schedule:

Years of Service	Percent Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

In addition, participants become 100% vested with respect to the Sponsor's contributions upon death, disability or attaining 65 years of age while, in each case, in the employment of the Sponsor.

Notes Receivable from Participants

Participants may borrow from their fund accounts one loan at any given time of a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%, as defined by the Plan. The interest rate is determined as of the date of origination and is fixed for the loan term. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the maximum repayment period is ten years.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant or beneficiary is entitled to receive an amount equal to the value of the participant's vested interest in his or her account as a lump-sum distribution. The Plan also allows certain withdrawals at age 59½ as well as hardship withdrawals.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $0 and $79, respectively. During the year ended December 31, 2019, participant forfeitures of $23,340 in nonvested accounts were used to offset employer expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. Interest rates on loans outstanding at December 31, 2019 ranged from 4.25% to 6.50%.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Plan administrative expenses, including investment-related expenses, totaling $65,837 were paid by the Plan for the year ended December 31, 2019. Certain other expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Note 3 - Information Prepared and Certified by the Trustees

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by State Street Bank and Trust Company, the trustee of the Plan for the period from January 1, 2018 through March 31, 2019, and at December 31, 2018, and Principal, the trustee of the Plan for the period from April 1, 2019 through December 31, 2019, and at December 31, 2019. This information has not been audited by the independent auditors.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Note 4 - Fair Value Measurements (cont'd.)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable value collective trust fund: Valued at the NAV of units of the bank collective trust and composed primarily of fully benefit-responsive investment contracts. The NAV is used as a practical expedient to fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (cont'd.)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2019 and 2018. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

	Assets at Fair Value at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,845,730	$ -	$ -	$ 14,845,730
Collective investment trusts (a)				2,949,220
Stable value collective trust fund (a)				8,616,013

	Assets at Fair Value at December 31, 2018

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 - Fair Value Measurements (cont'd.)

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	As of December 31, 2019			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective investment trusts	$ 2,949,220	n/a	Daily	12 Months
Stable value collective trust fund	$ 8,616,013	n/a	Daily	12 Months

	As of December 31, 2018			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value collective trust fund	$ 4,872,948	n/a	Daily	12 Months

Note 5 - Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of collective investment trusts managed by Principal Life Insurance Company, the recordkeeper of the Plan. Therefore, the transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in the net change in the fair value of investments. The trustee and custodian of the Plan from April 1, 2019 through December 31, 2019 is Principal. The trustee and custodian from January 1, 2018 to March 31, 2019 was State Street, and the recordkeeper was Transamerica. Fees paid to these entities qualify as party-in-interest transactions.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 6 - Tax Status

Effective April 1, 2019, the Plan has adopted the Principal Financial Group Prototype Basic Savings Plan as a Profit Sharing Plan. Prior to April 1, 2019, the Plan adopted Transamerica Retirement Solutions Corporation Volume Submitter 401(k) Profit Sharing Plan. Accordingly, the Plan is permitted to rely on Principal Financial Group's and Transamerica Retirement Solutions Corporation's opinion letters. The Internal Revenue Service has determined and informed both Principal Life Insurance Company by a letter dated March 31, 2014 and Transamerica Retirement Solutions Corporation by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is exempt.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax benefit only if it is more likely than not that the tax position would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset), or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Delinquent Participant Contributions

During the year ended December 31, 2019, the Sponsor did not submit employee contributions and loan repayments of $29,551 in a timely manner. This requires the Sponsor to file notice with the Internal Revenue Service and the Department of Labor, which will result in the payment of an excise tax by the Sponsor. On April 30, 2019, these delinquent contributions were corrected under the DOL's Voluntary Fiduciary Correction Program ("VFCP") and the Sponsor restored lost earnings and interest of $275 to the participants.

Note 10 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 to the Form 5500:

Net assets available for benefits per the financial statements	$	27,167,200
Adjustment to fair value for stable value collective trust fund, December 31, 2019		154,922
Deemed distributions of participant loans		(1,885)
Net assets available for benefits per the Form 5500	$	27,320,237

The following is a reconciliation of total additions (income) per the financial statements for the year ended December 31, 2019 to the Form 5500:

Total additions per the financial statements	$	4,552,709
Adjustment to fair value for stable value collective trust fund, December 31, 2019		154,922
Total additions per the Form 5500	$	4,707,631

The following is a reconciliation of total deductions (expenses) per the financial statements for the year ended December 31, 2019 to the Form 5500:

Total deductions per the financial statements	$	2,849,610
Deemed distributions of participant loans		1,885
Total deductions per the Form 5500	$	2,851,495

Note 11 - Subsequent Events

Subsequent to December 31, 2019, local, U.S. and world governments have declared a global pandemic due to the coronavirus disease ("COVID-19"). Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Although it cannot be reasonably determined at this time whether this will have a long-term impact, in the short-term, this has caused significant losses in U.S. and global markets and the values of investment securities, which could negatively impact participants' account balances and the amounts reported in the statements of net assets available for benefits.

In response to the financial effects of COVID-19, the U.S. Congress approved the Coronavirus Aid, Relief and Economic Security ("CARES") Act on March 27, 2020. Certain provisions of the CARES Act increase the maximum loan amount participants may borrow from the lesser of $50,000 or 50% of the value of the participant's vested balance to the lesser of $100,000 or 100% of the vested balance, delay loan repayments for one year, allow hardship withdrawals related to COVID-19 of up to $100,000 that can be redeposited to a qualified plan within three years without tax penalty, and allow for certain other benefits. The CARES Act does not require a formal amendment to the Plan document until the last day of the Plan year beginning on or after January 1, 2022, as long as the Plan operates within the revised limits.

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2019 through September 2, 2020, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure, except as discussed above and in the Contributions section of Note 1.
