NOTE 1. DESCRIPTION OF PLAN

The following description of the Nussbaum Transportation Services, Inc. 401(k) Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Nussbaum Transportation Services, Inc. as of each's date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a portion of their annual compensation, limited to certain Internal Revenue Code limitations. Participants may begin their contributions and make modifications to their contributions at any time during the year and terminate their contributions at their discretion. Nussbaum Transportation Services, Inc. may make discretionary matching contributions up to 25 percent of the amount of an eligible employee's salary deferral, up to 6 percent of his or her total compensation. Nussbaum Transportation Services, Inc. may also make a discretionary contribution that is allocated to eligible employees based upon total compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution (if any), and an allocation of Plan earnings. Allocations of Plan earnings are based on the performance of the participants' individual investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on covered years of service. A covered year of service is any 12-month period ending on the Plan year-end. Vesting in discretionary employer matching and profit sharing contributions is based on a five-year graded schedule. In addition, participants become 100-percent vested upon early retirement age, death, or disability.

Payment of Benefits

A participant account may be distributed in a lump sum or installment payments upon death, disability, retirement, or termination of employment.

Participant Loans

The Plan does not allow participant loans.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $19,695 and $18,301 respectively. These accounts may be used to reduce future employer contributions or pay administrative expenses of the Plan. Employer contributions were reduced by $18,501 and $18,680 from forfeited non-vested accounts in 2019 and 2018, respectively.

Credits of Investment Fees

Credits are received on investment expenses charged by Lincoln Financial Group Trust Company and are deposited into a separate account that the Plan trustee has the authority to allocate towards Plan expenses or credit to participant accounts. The total credits received in 2019 and 2018 were $97,980 and $56,215, respectively, which are reported net of investment earnings. As of December 31, 2019 and 2018, the account totaled $56,180 and $16,263, respectively.

Plan Termination

Although it has not expressed any intent to do so, Nussbaum Transportation Services, Inc. has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100-percent vested in their accounts.

Tax Status

Effective January 1, 2015, the Plan was amended and restated and has adopted the Sungard Business Systems LLC Volume Submitter Profit Sharing Plan with CODA. The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since its latest determination letter. It is the belief of the Trustees and the Plan's attorney that the Plan is in compliance with all applicable laws and regulations. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Administrative Expenses

Plan-related administrative salaries and legal fees are paid by the Plan sponsor. Accounting fees are paid by the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value. See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates based on management's knowledge and experience. Due to their prospective nature, actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through August 20, 2020, the date the financial statements were available to be issued.

NOTE 6. FAIR VALUE MEASUREMENTS

The Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification (FASB ASC Topic 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described on the following page.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following, is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019, from the prior year.

Separate accounts with insurance companies: Valued daily based on the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by the fund. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Deposits with insurance companies				
Pooled separate accounts	$ 8,575,531	$ 8,575,531	$ -	$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Deposits with insurance companies				
Pooled separate accounts	$ 6,143,949	$ 6,143,949	$ -	$ -

NOTE 7. RECONCLIATION TO SCHEDULE H OF FORM 5500

Net appreciation in fair value of investments, as reported on the 2019 Statement of Changes in Net Assets Available for Benefits, is different from the corresponding amount reported on Schedule H of the 2019 Form 5500 by $1,707 due to the timing of gains on forfeitures utilized in the prior year. Therefore, the increase in net assets available for benefits as reported on the 2019 Statement of Changes in Net Assets Available for Benefits is different from the 2019 Form 5500 by $1,707.

NOTE 8. SUBSEQUENT EVENT

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has incurred a significant decline in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.
