Equipment Depot Defined Contribution Plan
Notes to Financial Statements
As of December 31, 2019 and For the Period July 1, 2019
(Date of Inception of the Plan) to December 31, 2019

Note 1: Description of the Plan

The following description of the Equipment Depot Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions, which is available from Plan management.

In April 2019, Pon North America, Inc. ("Pon"), the parent company of Pon Material Handling NA, Inc. (PMH), a U.S. material handling equipment dealer operating as Equipment Depot, entered into an agreement with Mitsubishi Logisnext Americas, Inc.(MLA), to sell PMH to MLA. On July 1, 2019, PMH was sold to MLA and PMH was renamed Equipment Depot, Inc.

Effective on July 1, 2019, Pon transferred in-kind the accounts (including any outstanding loan balances) in the Pon North America, Inc. Defined Contribution Plan (the Prior Plan) attributable to employees who became participants in the Plan. The transfer also included all of the assets and liabilities in the Prior Plan related thereto. The Plan was restated and accepted such transfer of accounts and underlying assets and liabilities and, effective as of the date of such transfer, assumed and agreed fully to perform, pay, and discharge, all obligations of the Prior Plan relating to the transferred accounts of the Plan beneficiaries as of the establishment date. The transfer of assets and liabilities was designed to be conducted in accordance with applicable regulatory requirements, including those under the Internal Revenue Code (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a defined contribution plan covering all employees of Pon North Material Handling NA, Inc. and adopting controlled group members, as defined in the Plan Document (collectively, the Company), who have at least three months of service. The adopting controlled group members include Equipment Depot Kentucky, Inc.; Pon Material Handling NA, Inc.; Equipment Depot Pennsylvania, Inc.; Equipment Depot Ohio, Inc.; Equipment Depot, Ltd.; Equipment Depot of Illinois, Inc. The Plan is subject to the provisions of ERISA.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants automatically have 3 percent of their annual compensation contributed as a pretax contribution each payroll period, unless they elect not to contribute or to contribute an alternate amount. The Plan also allows Roth elective deferrals, wherein participants can designate a portion of their elective deferral contributions as after-tax Roth elective deferral contributions. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes 50 percent of the first 6 percent of base compensation that a participant contributes to the Plan. The Company does not match employee catch-up contributions. Additional discretionary contributions may be allocated to participants active on the last day of the plan year and with at least 1,000 hours of service during the previous 12 months. For the period July 1, 2019 (date of inception of the plan) to December 31, 2019, none of the adopting controlled group members elected

to contribute discretionary contributions, on behalf of their participants, to the Plan. Contributions are subject to certain limitations.

Plan fees

All participants will pay the same annual fee of \$80 for administrative plan expenses, regardless of individual investment elections or account balances. This fee will be deducted from participants' accounts on a quarterly basis, which will be shown clearly on each quarterly statement.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by Plan management. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon separation of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump-sum amount or installments equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

The non-vested balance in a participant's account is forfeited upon termination of service. Forfeitures may be used to pay the Plan expenses and/or to reduce future Company contributions. At December 31, 2019, forfeited non-vested accounts totaled \$14,937. For the period July 1, 2019 (date of inception of the plan) to December 31, 2019, the Plan expenses were reduced by \$31,590 from forfeited non-vested accounts.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year, and expenses related to the Plan's investment portfolio.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2019. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits paid directly to participants are recorded when paid.

Plan Management's Review of Subsequent Events

In preparing the accompanying financial statements, Plan management has reviewed all known events that have occurred after December 31, 2019, and through August 24, 2020, which is the date the financial statements were available to be issued, for inclusion in the financial statements and footnotes.

Note 3: Investments and Investment Income

Information related to investments as of December 31, 2019 and related investment gain for the period July 1, 2019 (date of inception of the plan) to December 31, 2019 were certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Trustee), as permitted by 29 CFR 2520.103-8 of the Department of Labor rules under ERISA.

Note 4: Fair Value Measurements

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Company or Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective Trust Fund: The Principal Stable Value Z Fund (SVF), held in a collective trust fund, invests in conventional and synthetic guaranteed investment contracts issued by life insurance companies, banks and other financial institutions with excess cash invested in cash equivalents. The objective of the SVF is to provide preservation of capital and relatively stable returns regardless of the volatility of the financial markets. Investments in the SVF are reported at fair value, as determined by the issuer or the manager of the fund, based on the fair value of the underlying investments, using NAV as a practical expedient. NAV is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that

Equipment Depot Defined Contribution Plan

Notes to Financial Statements

As of December 31, 2019 and For the Period July 1, 2019

(Date of Inception of the Plan) to December 31, 2019

the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments.

Pooled Separate Accounts: Pooled separate accounts (PSAs) are privately managed through investment companies and are not publicly quoted. PSAs are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company. Investments in PSAs are reported at fair value, as determined by the issuer or the manager of the fund, based on the fair value of the underlying investments, using NAV as a practical expedient. NAV is based on the value of the underlying investment assets held through sub-accounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The Plan has concluded that the NAVs reported by the investment companies approximate the fair value of the investments. There are currently no unfunded commitments or redemption restrictions on these investments other than the 30-day restriction on completing fund transfers.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	<u>2019</u>
Level 1:	
Registered investment company or mutual funds	<u>\$ 52,346,705</u>
Investments measured at NAV:	
Common/collective trust fund	4,378,574
Pooled separate accounts	<u>26,611,297</u>

Note 5: NAV per Share

The following table sets forth a summary of the Plan's investments with a reported NAV as of December 31, 2019:

	2019	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common/collective trust fund	\$4,378,574	None	Daily	None	None
Pooled separate accounts	\$26,611,297	None	Daily	Restrictions on completing fund transfers for 30 days	None

Note 6: Party-In-Interest Transactions

Certain plan investments are managed by Principal Trust Company, the Trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the assets reported in the statement of net assets available for benefits.

Note 8: Plan Tax Status

Effective October 1, 2012, the Prior Plan adopted a non-standardized prototype defined contribution profit sharing plan with IRC Section 401(k) Cash or Deferred Arrangement (CODA) which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008. The Prior Plan was originally effective January 1, 2001. The Plan has been restarted due to spin-off effective July 1, 2019 covered by the above-mentioned determination letter. Plan management believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

US GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties

Notes to Financial Statements
As of December 31, 2019 and For the Period July 1, 2019
(Date of Inception of the Plan) to December 31, 2019

related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9: Subsequent Events

Subsequent events have been evaluated through August 24, 2020, the date the financial statements were available to be issued, to determine whether such events should be recorded or disclosed in the financial statements.

On March 11, 2020, the World Health Organization (“WHO”) classified the global coronavirus outbreak (COVID-19) as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan’s investment portfolio has incurred a significant decline in fair value since December 31, 2019. However, because the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. Management does not believe there is substantial doubt about the Plan’s ability to continue as a going concern.

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (the Act) was enacted. The Act permits optionality in adopting employee relief provisions including with regard to withdrawals, loans and loan deferrals. Certain optional items allowed for by the Act have been adopted, and are now allowable under the Plan; however, written amendments to the Plan to reflect these changes will be formalized at a later date, as permissible in accordance with applicable law and IRS guidance.
