(1) Description of the Plan

The following description of PSCU Incorporated 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all employees of PSCU Incorporated and Subsidiary (the "Company") who have completed the service requirement of one calendar month or 30 days of continuous service. The Plan was established effective November 29, 1988, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan has adopted certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA").

The Plan operates under an agreement with Lincoln Financial Group Trust Company ("Lincoln"), the trustee and recordkeeper of the Plan. Lincoln is responsible for maintaining the investments of the Plan and reporting on the earnings and investments of the Plan.

During 2019 the Plan was amended to implement an annual true-up of employer contributions.

(b) Contributions

Participants in the Plan may contribute up to 100% of their annual compensation, as defined, as pre-tax or post-tax Roth deferrals, not to exceed the maximum annual contribution limit allowed by the Internal Revenue Code (the "Code"). The Plan also provides for catch-up contributions subject to Internal Revenue Service ("IRS") limits for those participants who reach age 50 during the plan year. For the year ended December 31, 2019, the Company matched 100% of the first 3% of a participant's compensation that was contributed and 50% of the next 3% of a participant's compensation that was contributed. The Plan's elected match qualifies the Plan as a safe harbor plan.

The Plan accepts rollovers and direct transfers from other tax-qualified plans.

(c) Investment Options

Upon enrollment in the Plan, participants may direct employer and employee contributions in percentage increments to any of the investment options offered by the Plan and may change their investment options at any time. Participants should reference prospectus information for detailed fund information.

(d) Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's matching contributions, rollover contributions from other qualified retirement plans and allocations of the Plan's earnings and administrative expenses. Allocation of earnings is based upon the participant's account balance, as defined.

(1) Description of the Plan - Continued

(e) Vesting

Participants are immediately 100% vested in their elective contributions and the employer matching contributions plus actual earnings thereon.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms may not exceed five years unless for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. For loans initiated while the Plan worked with the previous trustee, principal and interest are being paid ratably through bi-weekly payroll deductions. For loans initiated subsequent to the change to Lincoln, loan repayments are the responsibility of the participant and are setup between Lincoln and the participants outside of payroll. Loans to participants are made from their vested account balances as directed by participants, in accordance with the plan document. A participant may not have more than one outstanding loan balance at any time. Loans to participants bear interest at rates ranging from 3.25% to 8.75%.

(g) Benefit Payments

Upon a participant's retirement, death, total and permanent disability, or termination of employment, the vested balance in the participant's account is distributed to the participant or the designated beneficiary. The Plan provides for benefit distributions by lump-sum payment or partial withdrawals.

(h) Administrative Expenses

All of the administrative expenses of the Plan may be paid by the Company or the Plan. During 2019, the Plan paid substantially all of the administrative expenses of the Plan.

(i) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates that affect amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(c) Investments Valuation and Income Recognition

Shares of registered investment companies are valued at the net asset value of the shares held by the Plan at year-end based on quoted market prices.

The Plan offers participants the option to invest in the Lincoln Stable Value Account ("SVA"), a guaranteed interest account, which is a fixed annuity contract issued by Lincoln National Life Insurance Company and is considered a fully-benefit responsive investment. The SVA is backed by the general account issuing company; as such there are no specifically identifiable underlying assets. The SVA guarantees a fixed interest rate to participants with a minimum of 1%. The value of the SVA is recorded at contract value, which represents the amount participants would receive if they were to initiate a benefit-responsive transaction under the terms of the ongoing plan.

Withdrawals from the SVA to pay participant benefits are made at contract value. Certain events may limit the ability of the Plan to transact at contract value at which time a surrender charge is applicable and market value adjustment or withdrawals are made in installment payments only over a period of time as elected by the contract holder. The Company does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(d) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities based upon participant requests. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

(3) Information Certified by Lincoln (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Lincoln, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2019 and December 31, 2018;
- Total investment income and related investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019;
- The Schedule of Assets (Held at End of Year), as of December 31, 2019, as shown in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

(4) Fair Value Measurements

The Plan applies the provisions of Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, in measuring fair value. ASC Topic 820 established a three tier fair value hierarchy which prioritized the inputs used in measuring fair value as follows:

Level 1: Observable inputs such as quoted prices in active markets;

Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly;

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Following is a description of the valuation methodologies used for investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered Investment Companies

Registered investment companies are valued at quoted market prices in an exchange and active markets at year end and are classified as Level 1 inputs.

(4) Fair Value Measurements - Continued

The following tables set forth information regarding the Plan's financial assets that are measured at fair value in accordance with ASC Topic 820:

		Fair Value Measurements at Reporting Date Using		
Description	December 31, 2019	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 132,133,667	132,133,667	-	-

		Fair Value Measurements at Reporting Date Using		
Description	December 31, 2018	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 99,588,459	99,588,459	-	-

(5) Party-in-Interest

Certain plan investments are shares of mutual funds and guaranteed interest accounts managed by the respective trustee of the Plan during the year. The Plan paid Lincoln approximately $200,000 in record keeping and administrative fees during the year ended December 31, 2019. Additionally, the Plan paid approximately $66,000 in audit and advisory fees during the year ended December 31, 2019. These transactions qualify as party-in-interest transactions but are exempt from the prohibited transactions rule.

(6) Income Tax Status

The Plan has adopted a volume submitter plan ("VSP") sponsored by Lincoln which received its latest opinion letter dated March 31, 2014 from the IRS stating that the VSP is qualified under Section 401(a) of the Code, and therefore, the related plan is exempt from taxation. Once qualified, the VSP is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Subsequent Events

In preparing these financial statements, plan management has evaluated events and transactions for potential recognition and disclosure through August 25, 2020, the date the financial statements were available to be issued.

During 2020 the Plan was restated to merge The C.U. Recovery, Inc. /The Loan Service Center, Inc. 401(k) Plan into the Plan. As a part of this merger the plan document was further amended to change certain definitions, adjust automatic rollover rules, and allow for qualified reservist distributions.

On January 30, 2020, the World Health Organization (WHO) declared the coronavirus originating in Wuhan, China (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally beyond its point of origin. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, there has been heightened market risk and the Plan's investment portfolio has incurred significant volatility in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2020, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal. The requirement to exhaust loan distributions prior to receiving a hardship distribution was not removed from the Plan. The Plan is in the process of formally amending the plan document to adopt these provisions.

In December 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act was signed into law, related to required minimum distributions and the limitation of life-time or stretch distributions to remain compliant under the applicable laws and regulations. These provisions are effective beginning January 1, 2020. Plan management is in the process of evaluating the provisions available to plan participants under the SECURE Act.

Additionally, on March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security ("CARES") Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions during 2020:

- Special coronavirus distributions up to $100,000;
- Increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance;
- Extended the period for loan repayments, if applicable, up to one year.
