EURO USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition. Investments are reported at fair value as determined by the trustee using quoted market prices at December 31, 2019 and 2018.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions. Contributions are recorded on an accrual basis.

Payment of Benefits. Benefits are recorded when paid.

Use of Estimates. The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Plan Administration Costs. The Company absorbs significant costs of Plan administration related to legal, accounting, record keeping and general administration.

Certain reclassifications have been made to prior year amounts to conform with the current year presentation.

NOTE B - DESCRIPTION OF THE PLAN

The Plan, adopted on June 1, 1996, is a defined contribution savings plan covering substantially all non-union employees, who are at least age 21, of Euro USA, Inc. (the Company and Plan Sponsor). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions. Employees who elect to participate may contribute up to 100% of their gross compensation, subject to limitations imposed by the Internal Revenue Code. Participants who have attained age 50 before the Plan year end are eligible to make catch-up contributions. Eligible employees may also contribute amounts representing distributions from other qualified plans, even if not yet a participant in the Plan. The Company provides discretionary matching contributions, currently equal to 25% of the first 6% of each employee's contribution. Supplemental discretionary contributions may also be made by the employer.

EURO USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

Continued

NOTE B - DESCRIPTION OF THE PLAN - Continued

Supplemental discretionary contributions are allocated among all eligible participants who are active participants on the last day of the Plan year. Allocation is based on a percentage of each eligible participant's compensation. Contributions are subject to certain limitations. No supplemental discretionary contribution was made for the year ended December 31, 2019.

Notes receivable - Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance and bear interest at a fixed rate between 6.75% and 7.50% as determined by the Plan Sponsor at the date of issuance. The loans are secured by the balance in the participant's account. The Plan does not provide an allowance for loan losses as the loan balances are fully secured by the participant's accounts. Principal and interest is paid ratably through payroll deductions.

Participant Accounts. Each participant's account is credited with the participant's contribution, the Company's matching contribution and an allocation of Plan earnings/(losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested in both the Company's matching and discretionary contributions after five years of credited service.

Payment of Benefits. Benefits are paid to a participant upon their retirement, death, or in certain cases, termination from employment. Benefits are paid in a lump sum. In-service distributions are available in certain limited circumstances, as defined by the Plan. Hardship distributions are allowed for participants incurring immediate and heavy financial need, as defined by the Plan. Hardship distributions are strictly regulated by the Internal Revenue Service (IRS).

Forfeitures. Forfeitures relating to employer-matching and employer supplemental discretionary contributions may be used by the employer to reduce future employer contributions or to pay administrative expenses of the Plan. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$3,420 and \$6,317, respectively. During the year ended December 31, 2019, \$7,450 was used to pay Plan expenses.

NOTE B - DESCRIPTION OF THE PLAN - Continued

New Accounting Pronouncements. In August 2018, the Financial Accounting Standards Board (FASB) issued Financial Accounting Standards Update (ASU) 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurements*. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Company has elected to not early adopt ASU 2018-13.

The Plan was restated in October 2018. There were no material changes to the Plan as a result of this restatement.

Further information may be obtained from the plan administrator.

NOTE C - CERTIFIED INFORMATION

The Plan's investments are maintained by AdvisorTrust, Inc. The plan administrator has instructed the independent public accountants not to examine the information certified as complete and accurate by the custodian. The custodian's certification applies to all Plan assets and transactions for the dates presented.

NOTE D - INVESTMENTS

During the year ended December 31, 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$476,568 as follows:

Mutual Funds	<u>\$476,568</u>
--------------	------------------

NOTE E - FAIR VALUE MEASUREMENTS

The Plan follows the provisions of Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, which defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements. *Fair Value Measurements and Disclosures* does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

Fair Value Measurements and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobserved inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

EURO USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

Continued

NOTE E - FAIR VALUE MEASUREMENTS - Continued

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at quoted prices from an active market, which represents the net asset value (NAV) of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value.

Assets at Fair Value as of December 31, 2019

The Plan held no Level 3 Investments as of December 31, 2019 and 2018.

NOTE F - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contributions allocated to their accounts.

NOTE G - INCOME TAX STATUS

The Plan has adopted a volume submitter 401(k) profit sharing plan which received an opinion letter from the Internal Revenue Service dated November 30, 2014, stating that the Plan was designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan continues to qualify under Section 401(a), and the related trust continues to be tax-exempt as of December 31, 2019.

Generally Accepted Accounting Principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

EURO USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

Continued

NOTE H - DERIVATIVE FINANCIAL INSTRUMENTS

The Plan has no instrument that, in whole or in part, is accounted for as a derivative instrument during the current Plan year.

NOTE I - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds whose underlying investment securities include stocks, bonds and fixed income securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

NOTE J - SUBSEQUENT EVENT

Subsequent events have been evaluated through July 31, 2020, the date the financial statements were available to be issued.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19"), as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. As a result of the outbreak, there has been instability in the capital markets. The ultimate impact of the COVID-19 outbreak on the Plan's investment options is highly uncertain.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act, (the "CARES Act"), was passed by Congress. The CARES Act contains several provisions that temporarily impact 401(k) plans. The Company has elected to allow coronavirus-related distributions, the waiver of required minimum distributions and the deferral of repayment on any existing or new plan loan through December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance. No other subsequent events were identified through July 31, 2020, the date these financial statements were available to be issued.
