INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
DataDirect Networks, Inc. Profit Sharing 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of DataDirect Networks, Inc. Profit Sharing 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Great-West Trust Company, LLC, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4i-Schedule of Assets (Held At End of Year) as of December 31, 2019 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Emphasis of Matter

As discussed in Note I Subsequent Events, the spread of a novel strain of coronavirus ("COVID-19") in 2020 has caused significant volatility in the United States marketplace. There is significant uncertainty around the breadth and duration of business disruptions related to COVID-19, as well as its impact on the U.S. economy. The extent of the impact of COVID-19 on the Plan's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, and the impact on the plan's investments, plan participants and vendors, all of which are uncertain and cannot be determined at this time. The financial statements have not been adjusted as a result of this uncertainty.

NOTE A - DESCRIPTION OF PLAN

The following description of DataDirect Networks, Inc. (the "Employer") Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective January 1, 1993 the Employer established the DataDirect Networks, Inc. Profit Sharing 401(k) Plan. The Plan is a defined contribution plan covering substantially all employees of the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Eligibility

An employee is eligible for salary deferral contributions to the Plan upon the attainment of age 20 ½ or older. Non-resident aliens and employees covered under a collective bargaining agreement are not eligible to participate in the Plan. Employees who meet the eligibility requirements as of the effective date of the Plan are eligible to participate immediately.

3. Contributions

Participants may elect to contribute, on a tax-deferred and after tax basis, from 1% to 100% of their compensation up to the maximum deferral limit per Section 402(g)(1) of the Internal Revenue Code ("IRC") of $19,000 for the year ended December 31, 2019. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan allows for employer discretionary matching contributions which are determined by the Employer on an annual basis. For the year ended December 31, 2019 the discretionary match was 50% of employee contributions up to $3,000. During 2019, the Employer contributed $880,612 in matching contributions.

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Employer's contributions and Plan earnings. Participants' accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Investment Options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions as desired, in any of a variety of investment options held by Great-West Trust Company, LLC. Participants may change their investment options daily.

NOTE A – DESCRIPTION OF PLAN (Continued)

6. Benefit Payments

Upon termination of service, participants are entitled to receive a lump-sum amount equal to the value of his or her vested account balances. In the event of death, retirement or disability, a participant's beneficiary or the participant is entitled to the total value of the participant's account. In addition, participants may receive distributions upon attaining age 59 ½ or for financial hardship, if certain criteria are met.

7. Notes Receivable from Participants

Subject to approval by the Employer, participants may borrow up to 50% of their vested balance, not to exceed $50,000 and not less than $1,000. The loan shall bear interest at 1% over the Prime Rate. Loans must be paid back within five years of the date of issuance, in accordance with terms established by the Employer. Loans for the purchase of a primary residence may be paid back over 15 years. Participants may have up to two loans outstanding as long as repayments are made through payroll deduction.

8. Vesting

Participant contributions, rollovers, Employer qualified matching, Employer qualified nonelective contributions, and actual earnings on all such contributions are fully vested at all times. However, vesting of the Employer matching contribution of portions of participant accounts, plus actual earnings thereon, is based upon the participant's years of service with the Employer as follow:

Years of Service	Percentage
1	50%
2	100%

9. Forfeitures

Forfeitures of terminated participants' nonvested accounts are used to offset employer contributions and pay administrative expenses of the Plan. During 2019, no forfeitures were utilized. As of December 31, 2019 and 2018 there were outstanding forfeitures of $101,890 and $68,369 available, respectively.

10. Plan Termination

Although it has not expressed such intent, the Employer, by action of its Board of Directors, reserves the right, at any time, to amend or terminate the Plan or discontinue its contributions. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested and net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements have been prepared based on the accrual basis of accounting.

2. Plan Administration

The Employer is the Plan sponsor and the Plan administrator. The Employer is responsible for carrying out the duties imposed under ERISA.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

4. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Payment of Benefits

Benefits are recorded when paid.

6. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE B – SUMMARY OF ACCOUNTING POLICIES (Continued)

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE C – INVESTMENTS AND CERTIFICATION BY THE TRUSTEE

The Employer has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Employer instructed the Plan's independent auditors' not to perform any auditing procedures with respect to the following information certified by Great-West Trust Company, LLC, the trustee, as complete and accurate to the best of their knowledge, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

- Investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018
- Net investment income, depreciation of fair value of investments, and interest income on notes receivable from participants reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019
- Investments and notes receivable from participants reflected in the Schedule of Assets (Held at End of Year)

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value and Common/collective trust funds: Valued at the NAV of units of a collective trust, the NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The funds do not have any unfunded commitments. Participant redemptions can be made on any business day and do not have a redemption notice period.

The collective trusts fund investments include a stable value fund. The fair values of participation units held in the stable value fund are based on NAV after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts. The stable value fund generally permits redemptions daily. If the fund experiences periods of insufficient liquidity then the stable value fund may defer honoring any payment request until liquidity is sufficient. The fair values of the Plan's interest in the stable value fund are based on quoted market prices in active markets and securities and contracts are valued using observable inputs. The Plan is permitted to redeem investment units at NAV on the measurement date.

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Mutual funds	$19,899,779	$ -	$ -	$19,899,779
Investments at fair value	$19,899,779	$ -	$ -	19,899,779
Investments measured at net asset value [(a)]				21,186,049
				$41,085,828

Assets at Fair Value as of December 31, 2018

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$13,359,610	$ -	$ -	$13,359,610
Investments at fair value	$13,359,610	$ -	$ -	13,359,610
Investments measured at net asset value [(a)]				17,377,628
				$30,737,238

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share as a practical expedient as of December 31, 2019 and 2018, respectively:

2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trusts	$21,186,049	N/A	Daily [(b)]	None [(b)]

2018	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trusts	$17,377,628	N/A	Daily [(b)]	None [(b)]

(b) Were the Plan to initiate a full redemption of the stable value fund, the trust company reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner, up to 12 months. The funds do not have any unfunded commitments. Participant redemptions can be made on any business day and do not have a redemption notice period. Participant transfers are restricted in that they are unable to transfer to a competing investment option (short term bonds or fixed income funds) for a 90 day period.

NOTE E – PARTY-IN-INTEREST TRANSACTIONS

Plan investments are held and managed by Great-West Trust Company, LLC. Great-West Trust Company, LLC is the trustee and recordkeeper for the Plan and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

The Plan administrator authorized the Plan's trustee to establish a Service Provider Payment Agreement ("SPPA"). The SPPA is funded by trustee's shared revenues from certain investments and is netted against earnings. At the direction of the Employer, these funds may be used to pay reasonable Plan related expenses. Shared revenue totaled approximately $35,000 for the year ended December 31, 2019.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur, in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan invests in financial instruments that may invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

NOTE G – INCOME TAX STATUS

The Employer adopted a volume submitter plan and trust which received its latest favorable opinion letter dated March 31, 2014, in which the Internal Revenues Service ("IRS") stated that the Plan has been amended since receiving its most recent opinion letter. However, the Plan administrator and the Plan's advisors believe the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the Plan administrator in accordance with applicable IRS correction policies. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Employer has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Employer believes it is no longer subject to income tax examinations for years prior to December 31, 2016.

NOTE H – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 41,548,020	$ 31,106,591
Deemed loan defaults	(2,527)	(2,442)
Net assets available for benefits per the Form 5500	$ 41,545,493	$ 31,104,149

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2019 to Form 5500:

	2019
Net increase per the financial statements	$ 10,441,429
Net change in defaulted loans	(85)
Net increase per Form 5500	$ 10,441,344

NOTE I – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through August 25, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted relief provisions related to hardship withdrawals and loans included in the CARES Act; however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.
