Note 1: Description of Plan

The following description of the Home State Bancorp, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Home State Bancorp, Inc., Home State Bank, N.A. and Home State Leasing Corporation (collectively referred to as the "Company"), excluding those who are union employees, nonresident aliens who have no earned income from sources within the United States, and leased employees. Employees who are age 21 or older and have completed three consecutive months of service following such employee's hire date are eligible to participate in the Plan on the day the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. The Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

Contributions

Each year, participants may contribute 100% of their annual compensation, as defined in the Plan, on either a pretax or after-tax (Roth) basis, not to exceed the maximum amount allowed by the Internal Revenue Service (IRS). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at two percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may make matching contributions equal to a discretionary percentage of a participant's compensation or a discretionary dollar amount; the dollar amount to be determined by the Company on a uniform basis for all participants. Participants are eligible for Company matching contributions if they have completed one year of service or 1,000 hours, as defined by the Plan. The Company may also make discretionary profit sharing contributions. Participants are eligible for Company profit sharing contributions if they meet the eligibility requirements above, have completed 1,000 hours of service during the Plan year, and are employed with the Company on the last day of the Plan year. During the year ended December 31, 2019, the Company made matching contributions of $201,873 and no profit sharing contributions to the Plan.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value collective trust fund as investment options. Participants may change their investment options at any time.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and an allocation of (a) the Company's discretionary profit sharing contribution, (b) plan earnings (losses), and (c) forfeitures of terminated participant's nonvested accounts. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account plus actual earnings thereon is based on years of continuous service. Participants vest at a rate of 33% per year beginning with the first year of service. Participants become fully vested after three years of service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prime rate plus two percent. Principal and interest are paid ratably primarily through payroll deductions. Interest rates on note receivables from participants outstanding at December 31, 2019 ranged from 5.50% to 7.50%.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments until the balance is depleted. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or installments. In addition, hardship distributions, are permitted if certain criteria are met. The Plan also allows for in-service distributions, not less than $1,000 and only once per year, from the participant's pre-tax deferral account upon attaining age 59-1/2.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested account balances totaled $1,307 and $193, respectively. These accounts can be used to reduce future employer contributions, pay administrative expenses of the Plan or be allocated to all participants in accordance with the Plan document.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment Custodian. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to Plan participants based on their respective account balances and are included in net investment income.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant notes receivable are recorded as benefit payments on the basis of terms of the Plan document.

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events through August 13, 2020, which is the date the financial statements were available to be issued. See Note 9.

Note 3: Information Prepared and Certified by Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments, non-interest-bearing cash, notes receivable from participants and due to broker for securities purchased at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, the Custodian of the Plan.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair values using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments in which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is valued at the NAV of units of the collective trust as provided to the Plan administrator by the Trustee of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities' liquidations will be carried out in an orderly business manner.

Note 4: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Investment asset in the fair value hierarchy - Mutual funds	$ 11,311,312	$ -	$ -	$ 11,311,312
Investment assets measured at NAV	-	-	-	218,556
Total investment assets at fair value				$ 11,529,868

	Assets at Fair Value as of December 31, 2018

Total investment assets at fair value				$ 9,491,657

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2019 and 2018:

Investment Type	Fair Value 2019	Fair Value 2018	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value collective trust fund	$ 218,556	$ 277,791	n/a	Daily	None

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Reliance Trust Company (Reliance). Reliance is the Custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan paid Pentegra Services, Inc., the record keeper/third party administrator, for administrative services provided to the Plan. Fees incurred and paid by the Plan for the investment management services and administrative expenses were $36,204 for the year ended December 31, 2019.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Tax Status

The Company adopted a volume submitter defined contribution prototype plan sponsored by Pentegra Services, Inc. The Internal Revenue Service (IRS) has determined and informed Pentegra Services, Inc. by a favorable opinion letter dated March 31, 2014, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the Code). The opinion letter is being relied on by the Plan. Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 9: Subsequent Events

Beginning in March 2020, the United States economy began suffering adverse effects from the Covid 19 virus crisis ("CV19 Crisis"). The Company's operations have not been significantly impacted by the CV19 Crisis; however, the Company continues to monitor the situation. Negative impact to the Company's results of operations, cash flows, financial condition, and the ability for the Company to continue to make contributions to the Plan, cannot be reasonably estimated or determined at this time.

The Plan intends to adopt certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020, which were immediately available, for coronavirus-related distributions, suspended participant loan payments and increased loan limits, and waiver of 2020 calendar year required minimum distributions. The Plan intends to formally execute the required plan amendments for these provisions by the last day of the plan year beginning on or after January 1, 2022 in accordance with the CARES Act regulations.
