NOTE 1: DESCRIPTION OF PLAN

The following description of the AMS - A Medical Service, Inc. Employee 401(k) Plan (the "Plan") provides only general information. Refer to Plan documents for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan established for the benefit of the employees of the following companies (collectively, the Company and Employer):

Nurses That Care Home Health Services, Inc.
Nurses That Care – Sitter Services
Nurses That Care Consulting Services, Inc.
Sun Valley Adult Health Care
Sun Valley Adult Day Care II

The original effective date of the Plan was October 1, 1994. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to begin participation in the Plan once they have reached the age of 21 and have completed six consecutive months of service. Employees' entry dates into the Plan are on the first day of the next month coinciding with or following the date in which employees have satisfied the eligibility requirements.

Contributions

Participants may contribute up to the maximum allowable limit of $19,000 in 2019 of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($6,000 in 2019). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may elect to make discretionary matching contributions of 10% of a participant's contribution to the Plan up to 6% of compensation. This contribution is credited to all participants actively participating in the Plan each pay period. Employee and Employer contributions are invested according to employee investment elections.

The Employer may also elect to make a discretionary profit sharing contribution determined by the Employer each year. In order to receive an allocation of the profit sharing contribution, participants must have completed at least 500 hours of service during the Plan year. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, an allocation of the Company's contribution, Plan earnings, and an allocable portion of the Plan's forfeitures. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment into the Plan, participants select investment options designated within the Plan. Participants are responsible for directing the investment of their Plan assets. These investment options are more fully described in the Plan's literature. Participants may change their investment options at any time.

Vesting

Each participant is 100% vested in his or her voluntary contribution account plus actual earnings thereon.

Employer matching and profit sharing contributions are discretionary contributions and are vested according to the following schedule:

Vesting Schedule

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses. Outstanding notes receivable from participants are secured by the balance in the participant's account. Interest rates are based on the Prime Rate (which ranged from 4.75% to 5.50% in 2019) plus 1%. A participant can have three loans outstanding at any time. Loan terms generally have a term of 12 to 60 months, unless the loan is for the purchase of a principal residence. Principal and interest is paid ratably through payroll deductions.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Benefit Payments

Distributions from the Plan can be made in the form of a single lump-sum payment, installments over a period of not more than a participant's assumed life expectancy, or a partial withdrawal. Upon termination of service due to death, distributions will be made pursuant to the election of the participant or their designated beneficiary. In-service distributions are allowed for participants who have attained the age of 59 ½. Upon termination of employment, the participant will receive the vested portion of their account balance. Participant consent is required for balances in excess of $5,000.

Hardship Withdrawals

The Plan allows for hardship distributions not to exceed the amount of the immediate financial need if the withdrawal request is for a purpose delineated in the Plan document. The Plan document explains more detailed specifics on the payment of benefits.

Forfeited Accounts

Forfeiture accounts can be used to pay Plan administrative expenses or used to reduce any employer matching contributions. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $3,719 and $5,773, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are maintainted on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles, requires the Plan sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements, contract value, and NAV.

The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019, no allowance for credit losses has been recorded.

If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are included in benefits paid to participants in the year paid. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Payment of Benefits

Distributions to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to distributing participant balances are deducted from the benefit payment made to the participant. Fees related to administration of notes receivable from participants are deducted from the loan taken out by the participant. Other fees for recordkeeping are deducted from participant account balances based on the proportion of the participant's account balance in relation to total account balances of the Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, September 8, 2020. See Note 8 for relevant disclosure. No subsequent events occurring after this date have been evaluated for inclusion in the financial statements.

NOTE 3: INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

At December 31, 2019 and 2018, the Plan's investments were held by the Reliance Trust Company.

The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedule based on information certified by Reliance Trust Company as complete and accurate under the Employee Retirement Income Security Act of 1974:

a) Total investments, at fair value, included in the statements of net assets available for benefits at December 31, 2019 and 2018.
b) Notes receivable from participants, included in the statements of net assets available for benefits at December 31, 2019 and 2018.
c) Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
d) All amounts included in Note 4, *Fair Value Measurements (Unaudited).*
e) All amounts included in the supplemental schedule of assets (held at end of year) as of December 31, 2019.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
  - observable; or
  - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts (CCTs): The Plan's CCTs are valued based on NAV per share or unit as reported by the fund manager, multiplied by the number of shares or units held as of the measurement date. The CCTs held by the plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

Description	Quoted prices in active markets for identical assets Level 1	Significant other observable inputs Level 2	Significant unobservable inputs Level 3	Total
December 31, 2019				
Mutual funds	$ 1,344,048	$ -	$ -	$ 1,344,048
Common/collective trusts	383,464	-	-	383,464
Total investments at fair value	$ 1,727,512	$ -	$ -	$ 1,727,512

Description	Quoted prices in active markets for identical assets Level 1	Significant other observable inputs Level 2	Significant unobservable inputs Level 3	Total
December 31, 2018				
Mutual funds	$ 1,113,808	$ -	$ -	$ 1,113,808
Common/collective trusts	325,299	-	-	325,299
Total investments at fair value	$ 1,439,107	$ -	$ -	$ 1,439,107

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019, are reported in net appreciation in fair value of investments.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no significant transfers in or out of Levels 1, 2 or 3.

NOTE 5: TAX STATUS

The Plan has adopted a prototype standardized plan and the prototype sponsor has received an opinion letter on the acceptability of the form of the Plan dated March 31, 2014 indicating the Plan is a qualified plan meeting the applicable requirements of applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe the Plan is qualified, and the related trust is tax exempt.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jursidictions; however, there are currently no audits for any tax periods in progress.

NOTE 6: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan holds notes receivable from participants. As a result, these receivables and all transactions relating to these receivables were with parties-in-interest. These transactions are exempt from being prohibited transactions by ERISA.

Fees paid by the Plan for administrative services such as audit, investment management and recordkeeping are paid outside of the Plan by the Plan sponsor. Participants pay a fee for record keeping and account maintenance, which is a percentage of participant account balances. Total fees paid by the Plan totaled $12,990 for the fiscal year ended December 31, 2019.

Participants also pay fees on transaction-specific items such as distributions and loans. The Plan has other expenses which are paid directly by the service providers, such as sales commissions.

Service providers receive revenue sharing compensation paid with respect to the various funds. These revenue sharing payments are reflected in total returns associated with investment options.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to change, amend or discontinue the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8: SUBSEQUENT EVENTS

Management of the Plan evaluated all events or transactions that occurred after December 31, 2019 through September 8, 2020, the date the Plan's financial statements were available to be issued. The following items occurred.

In March 2020, the World Health Organization made the assessment that the outbreak of a novel coronavirus (COVID-19) can be characterized as a pandemic. As a result, broad domestic and international stock market indices experienced a significant decline earlier in the year followed by a recovery towards the latter part of the year.

Such changes have impacted the Plan's fair value of investments, which in turn, impact the participants' account balances and may affect the amounts reported in future financial statements.
