BIDART BROS. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the **Bidart Bros. 401(k) Profit Sharing Plan** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established July 11, 1977 for the benefit of the employees of Bidart Bros., Ag Support Services, Inc., Kern Vineyards, Big B Potatoes, Bidart Cold Storage, Valley Orchards, Inc. and Bidart Livestock, Inc. (seven separate entities under common control, hereafter referred to as the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Eligibility: Employees of the Company who have attained age twenty-one (21) and completed twelve (12) months of service in which the employee works at least 1,000 hours, are eligible to participate in the salary deferral and profit-sharing portion of the Plan. Eligible employees may elect to participate in the Plan on either of the first day of the Plan year, January 1, or July 1 following his or her first date of eligibility.

Contributions: Each year, participants may contribute pre-tax compensation and post-tax compensation up to the maximum annual deferral limit as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary contributions in an amount to be determined by the Company's board of directors each year. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. For the year ended December 31, 2019, the Company made no discretionary contributions to the Plan.

Additionally, under the Company's safe harbor provision, the Company makes non-discretionary contributions to the Plan equal to 100% of participants' contributions up to 3% of participants' eligible wages and 50% of participants' contributions from 3% to 5% of participants' eligible wages. For the year ended December 31, 2019, the Company made non-discretionary contributions to the Plan of $203,081 under the Company's safe harbor provision.

Contributions are subject to certain IRS limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution, the Company's discretionary and/or non-discretionary contributions, and Plan earnings/(losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the participant's assumed life expectancy. For distributions of $5,000 or less, the Plan Administrator may distribute the amount early without the participant's consent.

Forfeited Accounts: At December 31, 2019 and 2018, forfeited non-vested accounts amounted to $34,807 and $43,476, respectively. Forfeitures may be used to pay Plan expenses or reduce Company contributions to the Plan. During the year ended December 31, 2019, 9,595 of forfeitures were used to pay Plan expenses.

Vesting: Participants are vested immediately in their contributions and Company safe harbor matching contributions plus actual earnings thereon. Discretionary profit-sharing contributions by the Company are vested over a six-year period as follows:

Years of Service	Amount
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

In the event of the death or disability of a participant who is employed by the Company, his or her account shall become 100% vested. A participant who is employed by the Company shall become 100% vested upon attaining his or her normal retirement age of 65.

Note 2. Summary of Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value (except for the fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Company absorbs the cost of the annual audit and various indirect administrative expenses. Certain other administrative expenses, primarily investment fees, are paid directly by the Plan to the custodian or third-party administrator.

Subsequent Events: The Plan Administrator has evaluated subsequent events through August 28, 2020, the date on which the financial statements were available to be issued. A significant subsequent event is discussed at Note 10.

NOTES TO FINANCIAL STATEMENTS

Note 3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net appreciation in fair value of investments and interest for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by VOYA Retirement Insurance and Annuity Company (the custodian of the Plan).

Note 4. Fair Value Measurements of Investments That Are Measured at Net Asset Value Per Share

Pooled separate accounts: Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

The fair values of the following investments have been estimated using net asset value per share (or its equivalent) of the separate accounts as of December 31, 2019. There are no unfunded commitments on any of these funds.

Note 5. Fixed Annuity Contract with Custodian

The Plan has entered into a fully benefit-responsive guaranteed annuity contract with VOYA Retirement Insurance and Annuity Company totaling $4,015,381 for 2019 and $4,377,104 for 2018. VOYA Retirement Insurance and Annuity Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed annuity contract issuer is contractually obligated to repay the principal and a specified interest that is guaranteed to the Plan.

Because the guaranteed annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed annuity contract. Contract value, as reported to the Plan by VOYA Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed on an annual basis for resetting.

The fund has the following restrictions:

- Transfers from this fund may not be made directly to a competing fund;
- Transfers from this fund will prevent transfers to a competing fund for 90 days;
- No systematic allocations to or from this fund;
- Market value adjustments per contract formula for non-benefit surrenders.

Certain events limit the Plan's ability to transact at contract value with VOYA Retirement Insurance and Annuity Company. Such events include the following: (a) amendments to the Plan documents, (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA, (e) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. The custodian does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by VOYA Retirement Insurance and Annuity Company. VOYA Retirement Insurance and Annuity Company is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

As discussed in Note 2, certain administrative expenses are paid for by the Plan sponsor. Investment, consulting, and advisory fees are paid directly by the Plan to the third-party administrator, the investment advisor, and the custodian of the investments. The Plan's assets are invested with VOYA Retirement Insurance and Annuity Company, which is also the custodian. These party in interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS

Note 8. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company in a letter dated March 31, 2014, that the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Subsequent Event

Subsequent to year-end, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. This could have a significant adverse impact on investment portfolios. As a result, the Plan's investments may incur a significant decline in fair value.
