NOTE 1. DESCRIPTION OF PLAN

The following description of the MCP Services, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of Management Consulting Personnel Services, Inc. (the "Company") who have completed one year of service with at least 1,000 hours of service and are age twenty-one or older. The Plan is subject to the provisions of ERISA.

Administrative services and insurance products: The custodian for the Plan's investments is Transamerica Retirement Solutions ("Transamerica"). Transamerica provides administrative services and insurance products to the Plan.

Contributions: Each year, participants may contribute a percentage of pretax compensation as limited by the law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans. All Company contributions to the Plan are determined at the discretion of the Company's board of directors. The Company elects each year whether to make a matching contribution based on a percentage of participant contributions to the Plan. Additional profit-sharing amounts may be contributed by the Company and are invested directly in a portfolio of investments as directed by the Company.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. Allocations may be determined proportionately based on participant earnings or account balances. Participants direct the investments of their contributions and the Company's matching contributions, if any, into various investment options offered by the Plan. The Plan currently offers various mutual funds and a pooled separate account as investment options for participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings or losses thereon. Vesting in the Company's contribution to the participants' accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Participant loan receivables: Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear a reasonable interest rate (prime rate at the inception of the loan plus two percent). Principal and interest is paid ratably through payroll deductions. Interest rates on outstanding loans ranged from 5.25% to 10.25% at December 31, 2019 and 2018. Loans are amortized in level payments over a period not to exceed five years, except for loans to purchase the participant's primary residence that are amortized in level payments over a period not to exceed thirty years.

Payment of benefits: Upon termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in the account in either lump-sum amount or in periodic installments. Additionally, participants may keep their account with the Plan or rollover the balance to another qualified retirement account.

Forfeited accounts: As of December 31, 2019 and 2018, the forfeited nonvested accounts totaled $6,710 and $19,196, respectively. Forfeitures of nonvested accounts may first be used to pay any administrative expenses and any remaining forfeitures will be used to reduce any Company contribution.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value or net asset value as determined by Transamerica based on factors such as quoted market prices in active markets and prevailing interest rates. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Stable Value Fund, which is a pooled separate account, is reported at fair value and adjusted to contract value. Contract value represents the accumulated contributions plus accrued and net earnings, less distributions. Fair value of the investment in the Stable Value Fund is estimated to be the same as contract value. See Note 5 for discussion of fair value measurements.

Investments: Contributions are invested in unaffiliated mutual funds and pooled separate accounts. These investments generally invest in a mix of stocks, bonds, cash equivalents, and potentially other asset classes, either directly or via underlying investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as held during the year.

Participant loan receivables: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Operating expenses: The Company absorbs a significant portion of the Plan's administrative expenses.

Subsequent events: The Plan has evaluated subsequent events through September 4, 2020, the date the financial statements were available for issuance.

NOTE 3. INVESTMENTS

During the years ended December 31, 2019 and 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $2,438,050 and ($628,031), respectively.

NOTE 4. NONPARTICIPANT-DIRECTED INVESTMENTS

Net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments are as follows:

	December 31,	
Investments (at fair value):	**2019**	**2018**
Mutual funds	$ 3,888,537	$ 3,057,346
Pooled separate account	1,017,053	949,016
	$ 4,905,590	$ 4,006,362

NOTE 4. NONPARTICIPANT-DIRECTED INVESTMENTS (continued)

	Year Ended December 31,	
Changes in net assets:	**2019**	**2018**
Contributions	$ 409,888	$ 410,000
Net appreciation (depreciation)	767,435	(167,247)
Benefits paid	(224,181)	(140,372)
Administrative expenses	(13,729)	(13,782)
Issued loans and repayments, net	6,197	(61,673)
	$ 945,610	$ 26,926

NOTE 5. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Plan Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology are observable other than level 1 prices, such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
Level 3	Inputs to the valuation measurement are unobservable, supported by the little or no market data, and are significant to the fair value of the assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies of mutual funds used at December 31, 2019 and 2018.

Registered investment companies and money market mutual funds: Valued at the number of shares of the underlying fund multiplied by the closing net asset value (NAV) per share quoted by that fund.

NOTE 5. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value of assets measured on a recurring basis at December 31, 2019:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 12,937,306	$ -	$ -	$ 12,937,306
	$ 12,937,306	$ -	$ -	$ 12,937,306

Fair value of assets measured on a recurring basis at December 31, 2018

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 10,437,877	$ -	$ -	$ 10,437,877
	$ 10,437,877	$ -	$ -	$ 10,437,877

As of December 31, 2019, and 2018, the Plan had no assets measured at fair value on a non-recurring basis and no liabilities measured at fair value on a recurring or non-recurring basis.

NOTE 6. INVESTMENT AT CONTRACT VALUE

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Transamerica Retirement Solutions ("Transamerica") totaling $2,828,740 for 2019 and $2,469,932 for 2018. Transamerica maintains the contributions in pooled separate accounts. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed every three months for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 6. INVESTMENT AT CONTRACT VALUE (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 7. EXCESS CONTRIBUTIONS

Participants' contributions include $41,591 and $49,821 of excess contributions for the years ended December 31, 2019, and 2018, respectively. These excess contributions were returned to the participants before April 15, 2020 and 2019 for the years ended December 31, 2019, and 2018, respectively.

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

The Company provides certain accounting, administrative and investment management services to the Plan for which no fees are charged. Certain Plan investments are mutual funds and other investments are managed by Transamerica, who is the trustee of the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for the investment services amounted to $72,347 and $68,452 for the years ended December 31, 2019, and 2018, respectively.

NOTE 9. INFORMATION PREPARED AND CERTIFIED BY PLAN TRUSTEES (UNAUDITED)

Transamerica (the Trustee) has certified that the following information included in the financial statements as of December 31, 2019 and 2018 is complete and accurate:

a. Investments as included on the Statements of Net Assets Available for Benefits.

Transamerica (the Trustee) has certified that the following information included in the financial statements for the years ended December 31, 2019 and 2018, is complete and accurate:

a. All information pertaining to investment income (loss) on the Statement of Changes in Net Assets Available for Benefits.

NOTE 10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to the respective Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 16,772,109	$ 13,884,891
Amounts accrued for excess participant contributions	41,591	49,821
Net assets available for benefits per the Form 5500	$ 16,813,700	$ 13,934,712

NOTE 11. TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan's administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the federal or state tax authorities. The Plan's administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 12. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 13. RISK AND UNCERTAINTIES

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's concentration of credit risk and market risk is dictated by the Plan's provisions as well as those of ERISA and the participants' investment preferences. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements.

NOTE 14. SUBSEQUENT EVENTS

The Plan Committee has evaluated subsequent events through September 4, 2020, the date the financial statements were available to be issued. Other than COVID-19 below, no other subsequent events have arisen that would require disclosure in these financial statements.

NOTE 14. SUBSEQUENT EVENTS (continued)

In December 2019, a novel strain of coronavirus (COVID-19) surfaced. The spread of COVID-19 around the world in the first quarter of 2020 has caused significant volatility in U.S. and international markets. As a result, there is significant uncertainty around the breadth and duration of business disruptions related to COVID-19, as well as its impact on the U.S. and international economies and, as such, the Plan Committee is unable to determine if it will have a material impact to its operations.
