To the Plan Administrator of the
Mirixa Corporation 401(k) Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Mirixa Corporation 401(k) Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 2, 2019 (in liquidation) and December 31, 2018 (ongoing), and the related statements of changes in net assets available for benefits for the period January 1, 2019 to December 2, 2019 (in liquidation) and year ended December 31, 2018 (ongoing), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 2, 2019 and for the period January 1, 2019 to December 2, 2019, and as of and for the year ended December 31, 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As described in Note 1 to the financial statements, the governing body of the Plan approved a plan of liquidation in January 2019, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the ongoing going concern basis used in presenting the 2018 financial statements to the liquidation basis used in presenting the 2019 financial statements. Our opinion is not modified with respect to that matter.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Mirixa Corporation 401(k) Savings Plan

Notes to Financial Statements

As of December 2, 2019 and December 31, 2018 and For the Period January 1, 2019 to December 2, 2019 and For the Year Ended December 31, 2018

1. Description of the Plan

The following description of the Mirixa Corporation 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Mirixa Corporation (the “Company”) and was established on January 1, 2007. Leased and student employees are not eligible to participate in the Plan. Employees are eligible to participate in the Plan upon reaching 21 years of age. Participants may enter the Plan on the first day of the month after they satisfy the eligibility requirements. Student employees become eligible if they attain 21 years of age and work 1,000 hours during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was most recently amended effective June 25, 2018 to update Plan permissible investment options and to change the distribution cash out limit from \$1,000 to \$5,000.

In January of 2019, a subsidiary of Cardinal Health, Inc. acquired Mirixa Corporation from National Community Pharmacists Association. In conjunction with the acquisition, the Plan was terminated in 2019 and, accordingly, the Plan’s method of accounting switched to the liquidation basis of accounting with Plan assets being fully liquidated on December 2, 2019. As part of the Plan termination, all participants were treated as having a fully vested interest in their total account balance.

Trustee

Fidelity Management Trust Company is the trustee of the Plan and holds the Plan’s investment assets and executes investment transactions.

Contributions

Participant voluntary contributions:

Participants may elect to contribute, on a tax-deferred basis, up to 90% of their compensation, as defined by the Plan document. Participant contributions may not exceed the maximum allowable contributions under the Internal Revenue Code (the “Code”), which totaled \$19,000 and \$18,500 for the years ended December 31, 2019 and 2018, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions, subject to limitations imposed by the Code, which totaled \$6,000 for the year ended December 31, 2019 and 2018. Participants are permitted to make pre-tax rollover contributions into the Plan.

Company contributions:

The Company may make discretionary matching contributions to the Plan on behalf of each eligible participant. An employee is eligible for a Company matching contribution if the employee contributes to the Plan. Matching contributions are calculated on a per payroll basis. During 2019 and 2018, the Company made matching contributions equal to 100% of participant contributions up to 5% of compensation contributed by the participant.

The Company may make a discretionary non-elective profit sharing contribution to the Plan. In order to be eligible for the discretionary non-elective profit sharing contribution, participants must be actively employed on the last day of the Plan year and worked 1,000 hours during the Plan year. Discretionary non-elective profit sharing contributions are allocated to all eligible participants based on the ratio of

each eligible participant's compensation to the total compensation paid to all eligible participants. The Company made a discretionary non-elective profit sharing contribution, via reallocation of forfeitures as described below, for the period January 1, 2019 to December 2, 2019. The Company did not make discretionary non-elective profit sharing contribution for the year ended December 31, 2018.

Investments

Participants may direct the investment of their account balance into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and common collective trust as investment options for participants. Participants may change their investment directions at any time, subject to such restrictions and procedures as established by the recordkeeper, Plan, and Company.

If a participant makes no investment fund election, any contributions made into such participant's account are invested into the Plan's default investment funds. The default investment funds are the flexPATH Index Moderate Retirement Funds I1, which are selected based on the participant's date of birth.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, distributions and allocations of Plan earnings, losses and administrative expenses. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately and fully vested in their contributions plus earnings thereon. Participants vest in the Company's matching and profit sharing contributions plus earnings thereon as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

As noted earlier, as part of the Plan termination effective January 2019, all participants were treated as having a fully vested interest in their total account balance.

Forfeitures

Forfeitures of Company contributions may be applied to pay administrative expenses or reduce future Company contributions. Forfeitures become available to the Plan at the earlier of the last day of the Plan year in which a former employee incurs five consecutive one-year breaks in service or a distribution of the participant's entire vested account balance occurs. Forfeitures available to the Plan totaled \$0 and \$236,927 as of December 2, 2019 and December 31, 2018, respectively. For the period January 1, 2019 to December 2, 2019, the Company used \$239,156 to reallocate to eligible participant accounts. For the year ended December 31, 2018, the Company did not apply forfeitures to reduce Company contributions or pay administrative expenses for the Plan.

Payment of Benefits

Upon termination of service, retirement, early retirement, death, disability, or attainment of age 59½, a participant or their beneficiary, in the event of death, may elect to receive a lump-sum amount or annuity option, as defined by the Plan, equal to the value of the participant's vested interest in his or her account. If the balance is \$1,000 or less, the terminated participant's vested balance can be distributed immediately with or without the participant's consent. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Distributions are subject to the applicable provisions of the Plan agreement.

Certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½. As of December 2, 2019 and December 31, 2018, there were no net assets of the Plan allocated to participants who had elected to withdraw from the Plan but had not been paid as of year-end.

Notes Receivable from Participants

Participants may borrow from their accounts up to the lesser of \$50,000 or 50% of their vested account balance, without regard to the intended use of the funds. Notes must be at least \$1,000 and a participant can hold no more than two notes at any given time. Notes are collateralized by the participant's vested account balance. Notes bear interest at rates commensurate with those offered by financial institutions at the time of the note's issuance (Prime rate plus 1%). Interest and principal repayments are made ratably through after-tax payroll deductions. The maximum term for a note is 5 years unless for the purchase of a principal residence, in which case the loan repayment period may end beyond 10 years. Notes become due immediately upon termination of a participant's employment.

2. Summary of Significant Accounting Policies

Basis of Accounting

Due to the sale of the company, the Board of Directors and the Employer resolved in January 2019 to terminate the Plan. Final distributions were made during 2019. In accordance with accounting principles generally accepted in the United States of America ("GAAP"), the Plan has changed its basis of accounting used to value plan assets from the ongoing plan basis to liquidation basis for the period January 1, 2019 to December 2, 2019. The change from the ongoing basis to liquidation basis is not materially different as the related dispositions of investments were conducted in an orderly manner at fair market values. Therefore, the fair value of the Plan's investments (ongoing basis) approximates net realizable value of the Plan's investments (in liquidation). The accompanying financial statements have been prepared on the accrual basis of accounting, including investment valuation and income recognition.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 below for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis using fair value. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. Under certain circumstances, a loan that is in default may be considered a distribution from the Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Annual recordkeeping and investment advisory fees of 0.26% and 0.20% of Plan assets, respectively, are paid quarterly by Plan participants. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Brokerage fees, transfer taxes, and other expenses incurred in connection with the investment of the Plan's assets will be added to the cost of such investments or deducted from the proceeds thereof, as the case may be.

Benefit Payments

Benefits are recorded when paid.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Mirixa Corporation 401(k) Savings Plan
Notes to Financial Statements
As of December 2, 2019 and December 31, 2018 and
For the Period January 1, 2019 to December 2, 2019 and
For the Year Ended December 31, 2018

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: - quoted prices for similar assets or liabilities in active markets; - quoted prices for identical or similar assets or liabilities in inactive markets; - inputs other than quoted prices that are observable for the asset or liability; and - inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each general type of assets measured at fair value. There have been no changes in the methodologies used at December 2, 2019 and December 31, 2018.

Mutual funds fair values are determined utilizing quoted market prices reported on the active market on which they are traded.

The common collective trusts ("CCTs") are valued utilizing the respective net asset values ("NAV") as reported by such trusts, which are reported at fair value. The fair value has been determined by the trustee sponsoring the CCT by dividing the trust's net assets at fair value by its units outstanding at the valuation dates. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the funds will sell for an amount different than the reported NAV. Except for the Morley Stable Value CCT, which can require a 12 month withdraw notice, there are no restrictions as to the redemption of these investments. The Plan does not have any contractual obligations to further invest in the CCTs. Note, as result of the Plan termination described in Note 1, the trustee of the Morley Stable Value CCT waived the 12 month notice requirement and permitted the Plan to withdraw from the CCT.

ASC 820 requires investments for which fair value is measured using net asset value per share as a practical expedient to not be categorized within the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different

methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the fair value of the Plan's investments as of December 31, 2018:

4. Unaudited Information Certified by the Trustee and Custodian

All investment information disclosed in the accompanying financial statements as of December 2, 2019 and December 31, 2018, net appreciation (depreciation) in fair value of investments, mutual funds' earnings, and interest income on notes receivable from participants for the period January 1, 2019 to December 2, 2019, and year ended December 31, 2018, was prepared by or derived from information prepared by the Trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate within the meaning of CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

5. Tax Status

On March 31, 2014, the Internal Revenue Service stated that the volume submitter plan adopted by the Plan, as then designed, qualifies under Code Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 2, 2019 and December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Parties-in-interest Transactions

The Company, which is a party-in-interest, provides certain administrative services to the Plan at no charge. Certain Plan investments are managed by the Trustee and its affiliates for which they receive

fees. The Plan is also serviced by an outside investment advisor, NFP Advisor Services, LLC, which charges the Plan fees. These transactions qualify as exempt party-in-interest transactions. The Plan also held notes receivable from participants which represent party-in-interest transactions.

7. Subsequent Events

Subsequent events have been evaluated through September 9, 2020, the date the financial statements were available to be issued.
