NOTE 1 - PLAN DESCRIPTION

The following description of the Central Investment LLC Thrift Savings (401(k)) Retirement Plan (2016 Edition), successor to the Central Investment LLC Thrift Savings (401(k)) Retirement Plan (Replacement Edition), (collectively, the "Plan") provides only general information. Participants should refer to the Plan agreement and the Summary Plan Description for a more complete description of the Plan's provisions.

GENERAL-
Great-West Trust Company, LLC and its affiliate, Great-West Retirement Services, provide recordkeeping and custody services for the Plan's assets. The Plan is subject to the provisions of ERISA.

ELIGIBILITY-
The Plan is a defined contribution plan covering eligible employees of Central Investment LLC and subsidiary companies (the "Company") who have attained the age of twenty-one and earned credit for one year of service.

CONTRIBUTIONS-
Generally, each year active participants may contribute up to seventy-five percent (75%) of pretax annual compensation (or the maximum amount prescribed by law, whichever is less), as defined in the Plan. The Company may make contributions to the Plan subject to limitations imposed by law ("Employer Contributions"). For 2019, the Company made safe harbor matching contributions equal to one-hundred percent (100%) of the amount of a participant's elective contributions that do not exceed one percent (1%) of the participant's annual compensation and fifty percent (50%) of the participant's elective contributions that exceed one percent (1%) but do not exceed six percent (6%) of the participant's annual compensation. Additionally, the Company will make an annual special discretionary age-weighted employer contribution to the Plan for the benefit of certain select non-highly compensated participants ("Warrant Participants") actively employed on the last day of the plan year.

Effective January 1, 2017, the Company established an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants initially have their deferral rate set at three percent (3%) of eligible compensation which grows one percent (1%) per year until it reaches six percent (6%) of eligible compensation. Contributions for these participants are invested in a default asset allocation until changed by the participant.

NOTE 1 - PLAN DESCRIPTION (Continued)

PARTICIPANT ACCOUNTS-
Each participant's account is adjusted by (a) the participant's contribution, (b) allocations of any Employer Contributions, and (c) allocations of the Plan's earnings or losses (including any administrative expenses paid by the Plan). Allocations are based on participant earnings or account balances in accordance with the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants have the ability to direct the investment of their contributions into the various investment options offered by the Plan.

VESTING-
Participants are immediately vested in their contributions plus allocated earnings or losses less allocated expenses. Vesting in the Employer Contributions to a participant's account is based on years of continuous, credited service. Generally, a participant becomes one-hundred percent (100%) vested in Employer Contributions upon completion of three years of credited service. During the period prior to completion of the required credited service, a participant is zero percent (0%) vested in the amounts attributable to Employer Contributions. Beginning January 1, 2017, participants become one-hundred percent (100%) vested in safe harbor matching qualified contributions upon completion of two years of credited service. Prior to 2017, vesting in one-hundred percent (100%) of safe-harbor matching qualified contributions was immediate.

FORFEITURES AND SUSPENSE ACCOUNT-
Forfeitures are used to reduce future Employer Contributions. There were $1,133 and $410 of unallocated nonvested amounts at December 31, 2019 and 2018, respectively. Forfeitures in the amount of $392 were used to reduce Employer Contributions in 2019.

PAYMENT OF BENEFITS-
Upon reaching age 65, termination of employment, death, total and permanent disability, or termination of the Plan, the participant's account may be distributed under several options. If the participant's vested interest is greater than $5,000, the participant may choose to have the distribution delayed (in accordance with the participant's election) until the participant reaches retirement age. If delayed, the participant's account will continue to be credited with earnings or losses until a distribution is made. If the vested interest is less than $5,000 but greater than $1,000, the participant may elect to have the distribution paid directly to an eligible retirement plan or receive the distribution directly in the form of cash. Should such an election not be made by the participant, the distribution will be in the form of a direct rollover to an individual retirement plan designated by the plan administrator. If the vested interest is $1,000 or less, the payment will be in the form of a lump sum payment, payable at termination.

In conditions of financial hardship, as defined by the Plan and applicable regulations, a participant may apply to the plan administrator for approval to withdraw that portion of their 401(k) retirement account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the Internal Revenue Code (IRC).

NOTE 1 - PLAN DESCRIPTION (Continued)

PLAN TERMINATION-
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The financial statements of the Plan have been prepared in conformity with U.S. generally accepted accounting principles as applied to savings and retirement plans, and in accordance with the terms of the Plan agreement. A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

BASIS OF ACCOUNTING-
The financial statements are prepared using the accrual method of accounting.

USE OF ESTIMATES-
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

VALUATION OF INVESTMENTS-
Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly, for substantially the full term of the asset or liability
Level 3	Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e. supported by little or no market activity)

A financial instrument’s level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. As of December 31, 2019 and 2018, all investments are valued using quoted market prices and therefore are categorized as Level 1 fair value instruments.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Purchases and sales are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

ADMINISTRATIVE EXPENSES-
Substantially all of the Plan's administrative expenses are paid by the Plan sponsor.

PAYMENT OF BENEFITS-
Benefit distributions are recorded when paid.

NOTE 3 - INCOME TAX STATUS

The Internal Revenue Service has determined by a letter dated February 16, 2017, that the Plan, as amended through January 1, 2016, was qualified and exempt from income tax under the appropriate sections of the Internal Revenue Code.

The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4 - CERTIFIED FINANCIAL INFORMATION

Great-West Trust Company, LLC provides the Plan with custodial services and its affiliate, Great-West Retirement Services, executes investment transactions and pays plan benefits to participants and beneficiaries. Great-West Trust Company, LLC has provided the plan administrator with a certification as of and for the years ended December 31, 2019 and 2018, that the investments reflected on the accompanying statements of net assets available for benefits and the related investment income (loss) and administrative expenses reflected in the statement of changes in net assets available for benefits as provided to the plan administrator is complete and accurate.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various mutual funds. These investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 - SUBSEQUENT EVENTS

In the first two quarters of 2020, a Pandemic arising from COVID-19 impacted all aspects of the global economy, disrupted operations of most businesses and precipitated increased volatility and substantial dislocations in most U.S. and international capital markets. The extent of the impact of COVID-19 on the Plan Sponsor's performance and the Plan's investments will depend on future developments, including the rate and breadth of COVID-19 infections, the success of disease mitigation and treatment strategies, and the duration of the Pandemic. Impact to the Plan cannot be accurately predicted, and the extent to which COVID-19 may ultimately impact the statement of net assets available for benefits is uncertain at this time.

Effective January 1, 2020, the Plan was amended and restated. This amendment resulted in a number of changes to plan eligibility and features, including among other things, a change in eligibility to six months of service after date of hire, monthly entry dates, an increase in the deferral rate for auto-enrollment to six percent (6%) of eligible compensation, termination of the auto-escalation provision, and making Plan loans available to participants.

The Plan's administrator has evaluated the impact of events that have occurred subsequent to December 31, 2019 through September 1, 2020, the date the financial statements were available to be issued, for purposes of recognition and disclosure in the financial statements.
