LMI EMPLOYEE RETIREMENT / SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOVEMBER 1, 2019 AND DECEMBER 31, 2018

1. DESCRIPTION OF PLAN

The following description of the LMI Employee Retirement / Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement, as well as any plan amendments, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Larry Methvin Installation, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees who have attained at least 18 years of age are automatically enrolled in the Plan (with a 3% salary deferral) on the first day of the month following completion of 3 months of service, unless the employee has elected a different percentage or to opt-out.

In July 2019, the Company's board of directors approved a Plan merger agreement to merge the Plan into the Patrick Industries, Inc. 401(k) Employee Savings Plan effective November 1, 2019. As a result, $7,858,744 of plan assets were transferred out of the Plan on November 1, 2019 to complete the merger.

Administration

The Plan is administered by the Company.

Contributions

Participants may elect to contribute between 1% and 92% of eligible pre-tax compensation, not to exceed the limits set forth under the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans.

The Company may make matching and/or profit sharing contributions as determined each year by the Company. For the period from January 1, 2019 through November 1, 2019, the Company made discretionary matching contributions between 0.167% and 1% up to the first 6% of the participant's eligible compensation deferred. For the period ended November 1, 2019, the Company made discretionary matching contributions totaling $61,175.

1. DESCRIPTION OF PLAN – (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, amounts deferred, and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Company's matching and/or profit sharing contributions plus actual earnings thereon, becomes 20% vested following two (2) years of service, as defined, and continues to vest at the rate of 20% for each successive year of service until 100% vested after six (6) years of service, attaining normal retirement age, death or disability.

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and used to reduce future Company contributions or to pay Plan expenses. For the period from January 1, 2019 through November 1, 2019, Plan expenses were reduced by $9,250 from forfeited non-vested accounts. As of November 1, 2019 and December 31, 2018, the amount of available forfeitures totaled $0 and $5,021, respectively.

Notes Receivables from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and generally bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

1. DESCRIPTION OF PLAN – (Continued)

Payment of Benefits – (Continued)

Participants may also elect to rollover their fund balance to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding $1,000 may be immediately distributed in a lump-sum payment. All vested account balances exceeding $1,000, but not exceeding $5,000, may be rolled into an Individual Retirement Account. With the plan administrator's approval, participants may withdraw all or part of their contributions in the event of financial hardship.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of November 1, 2019 and December 31, 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Corrective Distributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included within investment income.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditor's report, which is the date the accompanying financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this framework are described as follows:

3. FAIR VALUE MEASUREMENTS – (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 1, 2019 and December 31, 2018.

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Interest-bearing cash: Cash consists of money market investments. The carrying value is believed to be representative of its fair value based on its short term nature and is classified within level 1 of the valuation hierarchy.

3. FAIR VALUE MEASUREMENTS – (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

Description	Total	Level 1	Level 2	Level 3
Registered investment companies	$ 6,077,043	$ 6,077,043	$ -	$ -
Interest-bearing cash	192,876	192,876	-	-
Total investments at fair value	$ 6,269,919	$ 6,269,919	$ -	$ -

In regards to the classification of investment options offered by the Plan, there were no reclassifications between level 1, 2 or 3 during the period from January 1, 2019 through November 1, 2019.

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by Fidelity Management Trust Company (Fidelity), the trustee and record-keeper of the Plan. Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

5. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of November 1, 2019 and December 31, 2018.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the period from January 1, 2019 through November 1, 2019.

6. TAX STATUS

The Company adopted a Volume Submitter Plan which received a favorable opinion letter from the IRS, on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. The Plan has since been amended. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of November 1, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
