To Plan Management, Trustees and Administrator
West Roofing Systems, Inc. 401(k) Retirement Plan

We have conducted a DOL limited-scope audit of the financial statements of West Roofing Systems, Inc. 401(k) Retirement Plan for the year ended December 31, 2018 and have issued our report thereon August 18, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter you dated December 4, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by West Roofing Systems, Inc. 401(k) Retirement Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2019. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

There were no sensitive estimates or disclosures noted affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements noted during the audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 18, 2020.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of management, plan administrator, and plan trustees of West Roofing, Inc. 401(k) Retirement Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

To Plan Management, Trustees and Administrator
West Roofing Systems, Inc. 401(k) Retirement Plan
LaGrange, Ohio

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of West Roofing Systems, Inc. 401(k) Retirement Plan (the "Plan") as of and for the year ended December 31, 2019, in accordance with auditing standards generally accepted in the United States of America, we considered West Roofing Systems, Inc. 401(k) Retirement Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control related to the information summarized in Note C to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

Inaccurate definition of plan compensation

Issue

During our testing of employee contributions, we noted that auto and cell phone allowances were excluded from compensation used to calculate employee deferrals and match for some participants. The Plan definition of compensation includes all W-2 wages.

Recommendation

In order to exclude these items from the calculation of employee deferrals and match, we recommend the plan sponsor amend the plan document to exclude going forward.

Potential for management override of controls

Issue

We feel based on the size of the organization, there is always the potential for management to override controls and manipulate the Plan data.

Recommendation

We recommend maintaining the segregation of duties that the organization currently has, the diversification of the Plan duties with the third party administrator and trustee and following the process and procedures that are currently in place. Following these policies should prevent any management override.

Inadequate design of internal control over preparation of the financial statements

Issue

We feel based on the size of the Company and knowledge of the personnel there is full reliance on the auditor to prepare the financial statements.

Recommendation

The auditors can prepare the financial statements as a courtesy to the Plan; however, we recommend someone with Plan knowledge be involved in the reviewing and approval of the financial statements.

The communication is intended solely for the information and use of management and the Plan administrator, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Plan Management
West Roofing Systems, Inc. 401(k) Retirement Plan
LaGrange, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of West Roofing Systems, Inc. 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by The Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements on the referred to in the first paragraph.

Other Matter

The supplemental schedules of Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2019, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the West Roofing Systems, Inc. ("Company") 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering substantially all employees of the Company who have completed three months of service. The Plan is subject to the provisions of ERISA.

Contributions. Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan, on a pre-tax or after tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Effective February 1, 2018, the plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. Automatic increases to a participant's elective contribution percentage are in effect unless the participant elects to opt out. The annual increases are set at 1 percent not to exceed 10 percent. The Company may make a discretionary matching contribution up to the percentage of the amount of the salary reduction a participant elected to defer. The actual matching percentage will be determined each year by the Company. A supplemental matching contribution may be contributed at the option of the Company's board of directors to employees. Participants direct the investment of all contributions into various investment options offered by the Plan. At times the employer may be required to contribute prevailing wage contributions for eligible employees who performs services subject to the Service Contract Act, Davis-Bacon Act or similar Federal, State, or Municipal Prevailing Wage statute. The prevailing wage contribution shall be an amount equal to the balance of the fringe benefit payment for health and welfare for each eligible employee (after deducting the cost of cash differential payments for the eligible employee) based on the hourly contribution rate for the eligible employee's employment classification, as provided by the participating employer. Contributions are subject to certain IRS limitations.

Participant Accounts. Each participant's account is credited with the participant's deferral contribution, employer discretionary matching contribution, employer supplemental matching contribution, as well as prevailing wage contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – DESCRIPTION OF PLAN (continued)

Vesting. Participants are vested immediately in their contributions, including employer prevailing wage, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Loan terms range from one to five years unless used for the purchase of a primary residence. The loan interest rates for the Plan were 3.25% - 5.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount or periodic installments. The Plan Administrator may automatically make a lump-sum distribution for account balances less than \$5,000. Terminated participants are entitled to receive their benefits as soon as administratively feasible.

Forfeited Accounts. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$0 and \$12,792, respectively. These accounts will be used to reduce future employer contributions and pay plan expenses. During the plan years ended December 31, 2019 and 2018, the company used \$13,712 and \$0, respectively of forfeitures to reduce employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought or sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administration and recordkeeping are included in administrative expenses. Investment related expenses are netted against appreciation (depreciation) of investments.

Reclassifications

Certain items in the 2018 financial presentation have been reclassified to conform to the 2019 financial presentation.

NOTE C – INVESTMENTS

The Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Voya Retirement Insurance and Annuity Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018 and the supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2019.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measure. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE D – FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled Separate Accounts: Valued based upon reported net asset value (NAV) of the underlying investments, multiplied by the units held, which represent the values at which each sub-account can redeem its investments.

All pooled separate accounts are classified as level 1.

NOTE E – INVESTMENT CONTRACT

The Voya Fixed Account is a fully benefit-responsive contract. Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Contributions made under this contract are maintained in a general account that is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Voya. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. There are no reserves against contract value for credit risk.

There are no unfunded commitments. Under the terms of the contract, the Plan sponsor must provide a minimum of 90 days' notice to Voya prior to redemption of the contract. The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (a) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (b) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (c) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE F – PARTY IN INTEREST TRANSACTIONS

For the years ended December 31, 2019 and 2018, certain plan investments are pooled separate accounts managed by The Voya Retirement Insurance and Annuity Company. The Voya Retirement Insurance and Annuity Company is the custodian of the Plan as of December 31, 2019 and 2018; therefore, these transactions qualify as party-in-interest transactions.

The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE H - TAX STATUS

On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore no provision for income taxes has been included in the Plan's financial statements.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J – NON-EXEMPT TRANSACTIONS

Participant contributions amounting to \$6,969 were withheld from participants' pay during the year ended December 31, 2018, but were not remitted to the Plan's trust within the time frame required by the Department of Labor under the plan asset rules. This constituted a loan from the Plan to the plan sponsor for those periods. The contributions were remitted in November 2019, including lost earnings.

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of contributions received per the financial statements to the Form 5500:

	<u>2019</u>	<u>2018</u>
Participant contributions per the financial statements	\$198,881	\$ 149,739
Excess contributions payable at December 31, 2018	<u>-</u>	<u>5,577</u>
Participant contributions per Form 5500	<u>\$198,881</u>	<u>\$ 155,316</u>

The following is a reconciliation of benefit payments paid per the financial statements to the Form 5500:

	<u>2019</u>	<u>2018</u>
Benefit payments per the financial statements	\$145,114	\$ 64,892
Excess contributions payable at December 31, 2018	<u>5,577</u>	<u>-</u>
Benefit payments per Form 5500	<u>\$150,691</u>	<u>\$ 64,892</u>

Excess contributions payable were recorded and netted against current year contributions on the financial statements for those that relate to the 2018 plan year, but not yet paid out as of December 31, 2018. When paid in 2019, they were recorded as benefit payments on the Form 5500.

NOTE L – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 18, 2020, the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus was reported in Wuhan, China. The World Health Organization has declared the outbreak to constitute a “Public Health Emergency of International Concern.” The COVID-19 outbreak is disrupting supply chains and affecting production and sales across a range of industries as well as benefits offered by the companies in those industries. At this point, the extent to which COVID-19 may impact the Plan Sponsor’s financial condition or results of operations as well as the Plan’s is uncertain.

Effective January 1, 2020, the Plan sponsor amended the plan’s entry date provisions to be the date the employee meets the eligibility requirements, rather than the first day of the month following. The definition of compensation was also amended to exclude bonuses, commissions and performance incentives from eligible compensation.
