Woolpert 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Woolpert 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

General: The Plan is a defined contribution 401(k) profit sharing plan, which covers substantially all employees of Woolpert Inc. (the Company, the Employer or Plan Sponsor) who have been employed at least thirty-one days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participant contributions to the plan are made by employees within the limitations stipulated in Section 401(k) of the Internal Revenue Code (IRC). Each year, participants may contribute between 2% and 50% of their pre-tax annual compensation. Eligible employees are automatically enrolled in the Plan at a minimum of 3% of compensation for new employees and all participating employees will be automatically escalated 1% annually until 6% is reached. The Company's matching contributions to the Plan are at its discretion in an amount equal to a percentage of the eligible contributions by each eligible participant during the contribution period. During 2019, the Company matched up to 3% of an employee's salary as determined by the Board of Directors. An additional discretionary non-elective contribution is also available pro-rata based on the ratio of each participant's compensation compared to total compensation of all participants. There were no discretionary non-elective contributions made to the plan during 2019.

Rollovers: The Plan accepts rollovers from a qualified retirement plan of a prior employer with approval from the Company.

Participant accounts: Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, allocations of the Company's discretionary matching contributions and actual earnings and charged with withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary and discretionary non-elective Company contributions and actual earnings thereon. Participants become fully vested in Company matching contributions and actual earnings thereon upon the earliest date of normal retirement age or completion of three years of service.

Notes receivable from participants: Participants may borrow from their accounts the lesser of \$50,000 or 50% of their vested account balance. The minimum amount for any single loan is \$1,000. Loan terms do not exceed 5 years, except if the funds are for the purchase of a principal residence. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is repaid through payroll withholding. Interest on participant loans is at a rate of prime plus 1%. The interest rates on outstanding loans ranged from 4.25% to 6.50% as of December 31, 2019 and 2018.

Payment of benefits: Upon retirement, termination of service, times of hardship, or disability, a participant may receive a single lump-sum payment equal to the value of the participant's vested interest in his or her account.

Forfeited accounts: Forfeiture funds are used to reduce administrative fees paid by the Plan Sponsor first and any remaining funds are used to reduce future employer contributions. Forfeited, nonvested accounts totaled \$113,525 and \$43,156, at December 31, 2019 and 2018, respectively. The amount used to offset Employer contributions and administrative expenses of the Plan in 2019 totaled \$30,967.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Contributions: Participant contributions are recognized when earned. Employer matching contributions are recognized concurrently with participant contributions. These contributions are recalculated annually in order to determine any true-up adjustments. Employer matching contributions totaled \$1,985,329 for 2019.

Payments of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the plan document.

Plan expenses: Substantially all of the Plan's administrative expenses are paid by the Plan.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in net appreciation.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements and accompanying notes. Actual amounts could differ from those estimates.

Note 3. Information Certified by the Plan's Trustee

The investment information included throughout the Plan's financial statements and supplemental schedule as of December 31, 2019 and 2018 and for the year ended December 31, 2019 was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to these investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.108-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears in Note 4 and supplemental schedule related to the Plan's assets.

State Street Bank and Trust Company also certified to the completeness and accuracy of \$19,429,530 net appreciation in fair value of investments, \$1,645,489 of dividends and interest related to investments, and \$50,572 of interest income from notes receivable from participants for the year ended December 31, 2019.

Note 4. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust: Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

Assets measured at fair value on a recurring basis: The following tables summarize assets measured at fair value on a recurring basis as of December 31, 2019 and 2018, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value.

	2019			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$102,886,888	\$ -	\$ -	\$ 102,886,888
Investment measured at NAV ^(a)				5,907,203
Total investments, at fair value				\$ 108,794,091

	2018			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 78,513,481	\$ -	\$ -	\$ 78,513,481
Investment measured at NAV ^(a)				5,995,073
Total investments, at fair value				\$ 84,508,554

^(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments.

Investment	2019	2018	2019	2018	Redemption Frequency	Redemption Notice Period
			Unfunded Commitment	Unfunded Commitment		
Common/collective trust	\$ 5,907,203	\$ 5,995,073	\$ -	\$ -	Daily	None

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Woolpert 401(k) Plan

Notes to Financial Statements

Note 6. Income Tax Status

The Plan has adopted a standardized form of a volume submitter plan sponsored by the record keeper, Transamerica Retirement Solutions. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The Plan has been amended since receiving the opinion letter, dated March 31, 2014. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator evaluated the Plan's tax positions and concluded that there were no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2016.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 8. Parties in Interest

Certain plan investments are managed by Transamerica Life Insurance Company. Transamerica Life Insurance Company is the record keeper as defined by the Plan; and, therefore, these transactions qualify as party-in-interest transactions. In addition, notes receivable from participants represent loans taken from participant accounts and qualify as party-in-interest transactions. Fees paid by the Plan for the trustee services amounted to \$201,028 for the year ended December 31, 2019.

Note 9. Subsequent Events

Subsequent to year-end, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. The full impact of the coronavirus outbreak continues to evolve as of the date of this report; therefore, the extent of any adverse impact to the Plan's participants cannot be predicted at this time.

On March 27, 2020, the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act provides for certain optional relief measures that can be adopted by qualified retirement plans including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020 and required minimum distributions for participants over age 70.5 can be omitted for 2020.

The Plan has evaluated subsequent events for potential recognition and/or disclosure through August 31, 2020, the date the financial statements were available to be issued.
