The accompanying notes are an integral part of these financial statements.

Note 1–Plan Description

The following description of the K. West Group, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement and plan amendments for more complete information.

General

The Plan is a defined contribution plan established for the sole purpose of providing retirement benefits to all employees as defined in the plan document of K. West Group, LLC (the Company) who have attained the age of twenty-one and completed at least three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to Internal Revenue Service maximum limits of pre-tax annual compensation to a traditional 401(k) or after-tax annual compensation to a Roth 401(k), as defined in the plan document. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company is required to contribute a safe harbor match of 3% of employee wages by matching 100% of the first three percent plus 50% of employee contributions over 3% up to 5%. The matching contribution is invested as directed by the participants. Additionally, the Company may make a discretionary profit sharing contribution at the end of the plan year. Participants may share in the additional profit sharing amounts provided they have completed three months of service and are actively employed on the last day of the plan year. Contributions are subject to certain limitations. The Plan Sponsor did not make a discretionary profit sharing contribution during 2019. Further, a plan amendment to remove the ability to make discretionary profit sharing contributions went into effect on January 1, 2020.

Rollover contributions

Participants may contribute funds previously held for their account in another qualified employee benefit plan to the Plan. A participant shall be fully vested at all times in such amounts transferred into the Plan. Rollover contributions share in income and earnings under the terms of the Plan, but no employer contributions are made with respect to any rollover contributions.

Participants' accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contributions, (b) the Company discretionary contributions, and (c) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1–Plan Description–continued

Vesting
Participants are always 100% vested in their contributions, the Company's safe harbor contributions, plus any earnings (losses) thereon. Participants become vested in the Company's contributions plus earnings (losses) over a six year-period as described below. Participants become fully vested upon death or total and permanent disability.

Years of Service	Percentage Vested
Two but less than three	20%
Three but less than four	40%
Four but less than five	60%
Five but less than six	80%
Six or more	100%

Forfeitures
Forfeited amounts attributable to the Company matching portion of a participant's account will be applied to reduce the Company matching contribution for the plan year in which such forfeitures occur. Forfeited amounts attributable to the Company discretionary portion of a participant's account will be reallocated to all participants based on compensation, as defined. Forfeited non-vested amounts totaled $37,533 and $11,790, at December 31, 2019 and 2018, respectively. Approximately $50,000 was used to reduce the Company's profit sharing contribution during the year ended 2019.

Payment of benefits
On termination of service due to death, permanent disability, financial hardship, retirement or upon attainment of age 59 ½, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Distributions must commence by April 1 of the calendar year following the calendar year the participant reaches age 70½ and has separated from service.

Administrative expenses
Recordkeeping fees are paid by participants and the Plan Sponsor pays all remaining administrative expenses of the Plan, unless the expenses relate to specific investment directions of the participant. Administrative expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of disbursements are charged directly to the participant's account and are included in administrative expenses.

Plan termination
Although it has not expressed any intent to do so, the Company has the right under the plan provisions to discontinue its contributions at any time and to amend, modify, or terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balance.

Note 2–Significant accounting policies

Basis of accounting
The Plan maintains its records on the accrual basis, whereby income is recognized when earned and expenses are recognized when the obligations are incurred.

Contributions
Employee salary deferrals and employer contributions are included in income during the period the related salary is earned.

Payment of benefits
Benefits are recorded when paid.

Investment valuation and income recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Investment transactions are accounted for on a trade-date basis, and realized gains and losses on sales of securities are determined using the average cost method. Income from investments is recognized when earned. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on an ex-dividend basis.

Risks and uncertainties
The Plan utilizes various investment instruments, including mutual funds and common/collective trust funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the financial statements.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Note 3–Investments

All investment information disclosed in the accompanying financial statements, including investments held at December 31, 2019 and 2018, interest and dividends and net appreciation in fair value of the investments and investment fees and expenses for the year ended December 31, 2019, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Charles Schwab Bank, as of December 31, 2019 and 2018 and for the year ended December 31, 2019 in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Note 4–Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

a. Quoted prices for similar assets or liabilities in active markets;

b. Quoted prices for identical or similar assets or liabilities in inactive markets;

c. Inputs other than quoted prices that are observable for the asset or liability; or

d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4–Fair value measurements–continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Mutual Funds – based on quoted market prices of the shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that are measured at fair value.

		Fair Value Measurements at December 31, 2019 Using		
Description	**Total**	**Level (1)**	**Level (2)**	**Level (3)**
Mutual funds	$ 10,901,929	$ 10,901,929	$ 0	$ 0
Total investment assets at fair value	$ 10,901,929	$ 10,901,929	$ 0	$ 0

		Fair Value Measurements at December 31, 2018 Using		
Description	**Total**	**Level (1)**	**Level (2)**	**Level (3)**
Mutual funds	$ 7,876,452	$ 7,876,452	$ 0	$ 0
Total investment assets at fair value	$ 7,876,452	$ 7,876,452	$ 0	$ 0

Note 5–Fully benefit-responsive investment contract with insurance company

The Plan has a benefit-responsive investment contract with The Standard Insurance Company (Standard Insurance). Standard Insurance maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Total value of the contract was $1,087,189 and $604,552 as of December 31, 2019 and 2018, respectively. Interest crediting rates are reviewed on a quarterly basis for resetting, with a minimum crediting rate of 1% annually. The crediting interest rate and the yield for the fixed annuity contract was 2.68% and 2.53% as of December 31, 2019 and 2018, respectively. Daily liquidity is available for participant contributions and withdrawals at contract value regardless of market conditions.

Standard Insurance may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least $25,000, plan disqualification, and failure to adopt the plan in a reasonable period of time. Upon termination by Standard Insurance, a market value adjustment or other withdrawal restrictions may apply. The plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

Note 6–Federal income tax status

The Plan is designed based on a prototype plan established by Standard Retirement Services, Inc. (Standard Retirement). The Internal Revenue Service has provided an opinion to Standard Retirement by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving this letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7–Prohibited transactions

During the year ended December 31, 2019, the Plan sponsor remitted delinquent contributions to the Plan totaling $22,652. The Plan sponsor made correction to these delinquent contributions in July 2019. The correction paid lost earnings in the amount of approximately $4,800 and excise tax of approximately $700. These contributions constitute prohibited transactions between the Plan and the Plan sponsor and have been reported in supplemental Schedule H, line 4(a) – Schedule of Delinquent Participant Contributions as required in the Plan's 2019 Form 5500.

Note 8–Subsequent events

The Plan has evaluated subsequent events through September 2, 2020, the date the financial statements were available to be issued, and has determined there are no subsequent events that require recognition or disclosure except for the following.

As a result of the spread of the COVID-19 coronavirus during 2020, economic uncertainties have arisen as of the date of the financial statements. The extent of the impact of COVID-19 on the Plan's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, and the impact on the Plan Sponsor, participants and investments, all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact the Plan's financial condition or results of operations is uncertain.
