1. Description of the Plan

The following brief description of the Dohmen Company Foundation Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for non-union employees of Dohmen Company Foundation (the Company) and its wholly-owned subsidiaries and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Newly hired employees are eligible to participate in the Plan as of the first day of the month following employment and after attainment of age 21. All newly eligible participants are automatically enrolled in the Plan. The Plan's administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Effective January 1, 2019, the name of the Plan was changed to Dohmen Company Foundation Plan. The Plan was formerly named The F. Dohmen Co. 401(k) Plan.

Contributions

Each year participants may contribute up to 60 percent of their eligible compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company contributes 100 percent of the first four percent of eligible compensation that a participant contributes to the Plan. Eligible employees are required to complete six months of service before they are eligible for the matching contribution. Employees receive the matching contribution on the first day of the quarter coinciding with or immediately following the attainment of this requirement. The Company may contribute a discretionary profit sharing contribution to the Plan each year. The amount of the discretionary profit sharing contribution, if any, shall be determined by the Company and shall be allocated among participants based upon the ratio of each participant's compensation, as defined in the plan document. The Company did not make a discretionary profit sharing contribution to the Plan for the year ended December 31, 2019. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Eligible employees are automatically enrolled in the Plan at a four percent deferral rate after the first day of the following month of employment. Employees that were automatically enrolled will have their deferral contribution rate increased by one percent each year until it reaches a maximum of ten percent of compensation, unless elected otherwise.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions and the Company's matching contribution, as well as allocations of the Company's discretionary profit sharing contributions and the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 6.50 percent as of December 31, 2019, which are commensurate with local prevailing rates at inception of the loan as determined by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. Terms range from one to five years, or greater for the purchase of a primary residence.

Vesting

Participants are immediately vested in their contributions, rollover contributions, and company matching contributions plus earnings thereon. Participants who leave the Plan because of death, normal retirement or disability retirement, as defined in the Plan, are considered 100 percent vested. Company discretionary contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Vesting Years of Service	Percentage
Less than two	0 %
2 years	20 %
3 years	40 %
4 years	60 %
5 years or more	100 %

Forfeited Accounts

As of December 31, 2019 and 2018, forfeited nonvested accounts totaled $4,324 and $3,370, respectively. These accounts may be used to pay plan administrative expenses or reduce future company contributions. No amounts were used to pay plan administrative expenses or reduce company contributions during the year ended December 31, 2019.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 55. There is no early retirement age designated under the Plan. Prior to termination of service, a participant age 59-1/2 or older who is 100 percent vested may elect to receive all or a portion of their interest in their participant contribution account in the form of a lump-sum payment or installments. Hardship withdrawals are not allowed.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Standard

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, *Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan’s financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through September 8, 2020, the date the financial statements were available to be issued.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) became law. There were several mandatory changes including the increased age for required minimum distributions to remain compliant under the applicable laws and regulations. The Company has not adopted any of the optional provisions at this time.

The Coronavirus 2019 (COVID-19) pandemic emerged at the end of 2019 and could materially and adversely affect the Plan, its operations, and its performance. Government-imposed stay-at-home orders, social distancing, and various other orders and guidelines have caused market performance of the investments to decline. Additionally, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law which provides plan, plan sponsor, and participant relief. If adopted by the Plan, key features of the CARES Act could have a significant effect on the operations of the Plan. The Company agreed to implement the distribution provision of the CARES Act as it relates to the Plan. The most significant item within this provision provides for the waiving of required minimum distributions for the 2020 plan year. Additionally, the CARES Act provision approved by the Company allows participants negatively impacted by COVID-19 to withdraw up to $100,000 without being charged a 10 percent early withdrawal penalty for the 2020 plan year. The mandatory 20 percent tax withholding for such distributions is also suspended. The extent to which the COVID-19 pandemic may affect the results of the Plan's operations will depend on future developments, including the duration of the outbreak and the effectiveness of actions taken to contain and treat the disease.

3. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2019 and 2018. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018, and the supplementary Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 22,325,753	$ -	$ -	$ 22,325,753
Total assets in fair value hierarchy	$ 22,325,753	$ -	$ -	22,325,753
Investments measured at net asset value (a)				405,376
Total investments at fair value				$ 22,731,129

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 18,752,837	$ -	$ -	$ 18,752,837
Total assets in the fair value hierarchy	$ 18,752,837	$ -	$ -	18,752,837
Investments measured at net asset value (a)				350,316
Total investments at fair value				$ 19,103,153

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

For the years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2019			
	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Fidelity Managed Income Portfolio Fund	$ 405,376	N/A	Daily	N/A

	December 31, 2018			
	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Fidelity Managed Income Portfolio Fund	$ 350,316	N/A	Daily	N/A

5. Administration of Plan Assets

The Plan’s assets are administered under a contract with Fidelity Management Trust Company, the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

6. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by the trustee, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services provided by the trustee amounted to $642 for the year ended December 31, 2019. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

8. Tax Status

The Plan is designed as a volume submitter plan through Fidelity Management Trust Company, the trustee of the Plan. Although the Plan has not obtained a determination letter from the IRS, the volume submitter plan has received a favorable determination letter dated March 31, 2014, in which the IRS stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

U.S. GAAP requires management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that makes it more likely than not the position would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2019, the Plan had an investment of $2,506,564 that was concentrated in one fund. As of December 31, 2018, the Plan did not hold investments that were concentrated in any funds.

10. Reconciliation of Financial Statements to Schedule H Form 5500

The following is a reconciliation of the net assets available for benefits as reported in the financial statements to the net assets as reported on the Form 5500, Schedule H, Part I:
