CARDINAL SOLUTIONS GROUP, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

(1) Description of the Plan

The following description of the Cardinal Solutions Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- A. General** – The Plan was a defined contribution plan covering all employees of Cardinal Solutions Group, Inc. (the "Company"), who were age twenty-one or older. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Fidelity Management Trust Company ("Fidelity") was the custodian and trustee and Fidelity Workplace Services LLC ("FWS") was the recordkeeper of the Plan. Fidelity held the Plan's investment assets, executed investment transactions and received daily feeds indicating the value of Plan assets. FWS provided services relating to the processing of distributions and notes receivable from participants, maintenance of account balances, and allocation of Plan earnings, losses, and contributions.

Effective August 1, 2018, the Company was acquired by Insight Enterprises, Inc., eligibility in the Plan ceased, and participants from the Company were immediately eligible participants of the Insight Enterprises, Inc. 401(k) Plan. The Plan filed for termination and participants of the Plan became 100% vested.

- B. Contributions** – Each year participants could contribute a percentage of their eligible compensation to the Plan, as defined in the plan document. Unless specifically instructed by the participant, the participant was automatically enrolled in the Plan deferring 2% of their pre-tax compensation. Participants could also roll over amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. At the time of termination, the plan offered twenty-eight mutual funds and a common collective trust as investment options for participants. The Company, at its discretion, could make matching contributions to the Plan each year. For the year ended December 31, 2019, the Company made no matching contributions due to the termination of the Plan. For the year ended December 31, 2018, the Company elected to match 50% of participant contributions up to a maximum of 2% of the participant's eligible compensation. Previously, Company could also elect to make discretionary contributions. There were no discretionary contributions for 2019 or 2018.
- C. Participant accounts** – Each participant's account was credited with the participant's contributions and allocations of (a) the Company's matching and discretionary contributions and (b) plan earnings, and charged with (a) an allocation of administrative fees and expenses paid out of the Plan, and (b) decreases in investment value. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. Vesting** – Participants were vested immediately in their contributions, and earnings thereon. Effective August 1, 2018, participants became 100% vested in Company matching and discretionary contributions.
- E. Notes receivable from participants** – Participants are able to borrow a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of their vested account balance, whichever was less. Loans are secured by the balance in the participant's account and bear a reasonable rate of interest based on the prevailing rate at the time of the loan (ranged from 5.25% to 6.50%). Principal and interest are paid ratably through payroll deductions.

CARDINAL SOLUTIONS GROUP, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

(1) Description of the Plan (continued)

- F. Forfeitures** – Participant forfeitures of Company contributions are first used to offset the plan administrative expenses and then Company contributions. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$48,671 and \$49,976, respectively. During 2019, forfeited non-vested accounts of \$2,222 were used to pay plan expenses and no forfeited non-vested accounts were used to pay matching contributions. During 2018, forfeited non-vested accounts of \$2,638 were used to pay plan expenses and forfeited non-vested accounts of \$174,599 were used to pay matching contributions.
- G. Plan termination** – The Directors of the Company approved the termination of the Plan on July 31, 2018, at which time all participants' account balances became 100% vested. As a result, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations.
- H. Payment of benefits** – On termination of service due to death, disability or retirement, or any other reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested balance in his or her account or a series of payments in substantially equal installments.
- I. Net assets of withdrawing participants** – No Participants had elected to withdraw from the Plan prior to December 31, 2019 that had not received their distributions before year end. Net assets of participants that had elected to withdraw from the Plan who had not received their distribution prior to December 31, 2018 totaled \$149,620.

(2) Summary of accounting policies

Basis of accounting – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates – The preparation of financial statements in conformity with accounting standards generally accepted in the United States of America requires the Plan sponsor to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments in shares of registered investment companies are stated at net asset values. Net asset values are readily determinable fair values of those shares as they are published daily and are the basis for current transactions. Investments in the common collective trust are stated at unit value, or the equivalent of net asset value, which is a practical expedient for estimating the fair value of these investments. The investments in the common collective trust may be redeemed daily with a notice period of one day and had no unfunded commitments as of December 31, 2018.

The net appreciation/depreciation in the fair value of investments reflects the change in fair value of the investments held at year end and realized gains and losses on investment transactions during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Risks and uncertainties – The Plan utilizes various investment instruments, including mutual funds and a common collective trust. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

CARDINAL SOLUTIONS GROUP, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

(2) Summary of accounting policies (continued)

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued interest.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Reasonable and necessary expenses incurred in the administration of the Plan are paid from Plan assets through the use of forfeited non-vested employer contributions. Expenses paid by the Company are not reflected in the accompanying statements of changes in net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through July 7, 2020, which is the date that the financial statements of the Plan were available to be issued.

On March 11, 2020 the World Health Organization declared the outbreak of COVID-19 a pandemic. The reaction by Federal, state and local governments as well as the general public to the pandemic has triggered volatility in financial markets and has had a significant negative impact on the global economy. The extent of the impact on the financial performance of the Plan's investments will depend on future developments, including the duration and severity of the outbreak which is highly uncertain and cannot be predicted. If the financial markets and global economy are impacted for an extended period of time, the Plan's investment results may be materially adversely affected.

(3) Fair value measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

(3) Fair value measurement (continued)

The following table summarizes the valuation of the Plan's investments by the above categories as of December 31, 2019:

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

(4) Information certified by trustee

The Plan Administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018
- Net total investment income (loss) and interest income on notes receivable from participants, as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2019 and 2018
- Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2019

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(5) Party-in-interest transactions

Certain plan investments are managed by Fidelity; therefore, these transactions qualify as party-in-interest. FWS manages participant activity including notes receivable and benefit payments. Administrative expenses paid to FWS during 2019 and 2018 were \$4,627 and \$5,981, respectively.

NOTES TO FINANCIAL STATEMENTS

Effective December 19, 2019, the Plan received a determination letter related to the termination of the Plan. The IRS determined that the termination of the Plan does not affect the Plan's qualification for federal tax purposes.

During 2019, the delinquent contributions were corrected outside of Voluntary Fiduciary Correction Program when the Company filed Form 5330 with the IRS and paid the required excise tax.
