NOTE 1 – DESCRIPTION OF PLAN

The following description of the AP Emissions Technologies, LLC 401(k) Pension Plan (formerly AP Exhaust Technologies, Inc. 401(k) Pension Plan) ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions, which is available from the Plan administrator.

General: The Plan is a defined contribution plan covering all employees of AP Emissions Technologies, LLC, AirTek, LLC, Aristo, LLC, and Eastern Manufacturing, Inc. (collectively "the Company") who have completed one month of service for salary deferrals and 1,000 hours of service within a Plan year for employer contributions, are not covered by a collective bargaining agreement, are not a nonresident alien, are not a leased employee, and have reached 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company is trustee of the Plan.

Effective January 1, 2012, the Plan was amended to make the Company's fixed matching contributions non-discretionary. This change was made in order to convert the Plan to a safe harbor plan, which eliminated the need for annual discrimination testing.

Contributions: Participation in the Plan is optional. Participants may make pre-tax contributions up to the lesser of the federal statutory limit or 100% of eligible compensation as defined by the Plan. Additionally, participants who are age 50 by the end of the Plan year may make "catch-up" contributions of \$6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matches 100% of participant contributions up to 4% of their eligible compensation per pay period. Employees must complete one year and 1,000 hours of service to be eligible to receive an employer matching contribution. The Company may also make a discretionary profit sharing contribution. No such profit sharing contribution was made in 2019 and 2018. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of (a) the Company's discretionary contribution, if any, (b) the Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. The Company's non-discretionary fixed matching, plus actual earnings or losses thereon, are fully vested immediately.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Investment Options: Upon enrollment in the Plan, a participant may direct contributions into any of the investment options offered by the Plan. Participants may change their investment options daily using the internet.

Participant Loans: The Plan agreement includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow up to 50% of their vested account balance up to a maximum of \$50,000 subject to rules under the Internal Revenue Code. No loan will be made for less than \$1,000, nor will a loan be made if a prior participant loan is currently outstanding. Loan terms range from 1-5 years for all loans except those that are for the purchase of a primary residence, which may be up to 10 years. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Principal and interest are paid ratably through payroll withholdings.

Payment of Benefits: On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum or periodic payments equal to the value of the participant's vested account balance. Hardship withdrawals are also permitted by the Plan if certain criteria are met.

Earnings: Earnings include net asset appreciation (depreciation) and interest and dividends earned during the year.

Administrative Expenses: Processing fees and expenses incurred in connection with the purchase or sale of securities are charged against the investment funds whose assets are involved in such transactions. All direct administrative expenses of the Plan, such as legal, accounting, and certain administrative costs, have been paid or reimbursed by the Company. All other expenses directly relating to participant transactions are deducted from those participant accounts as transactions occur.

Forfeited Accounts: At December 31, 2019 and 2018, forfeited, non-vested accounts total \$4,917 and \$4,812, respectively. These accounts may be used to offset future employer contributions or administrative expenses paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statements of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants: Notes receivable from participants are valued at their unpaid principle balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Contributions: Contributions from participants and any related employer match are recognized on the accrual basis as participants earn salary deferrals. Additional discretionary employer matching contributions are recognized when declared by the Company.

Benefits Paid to Participants: Benefit payments to participants are recorded upon distribution.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities in general are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. The financial statements have been prepared using values and information currently available to the Plan. Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

NOTE 4 – FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value and expands disclosures about fair value investments. ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits.

Money market fund: Valued at \$1, as reported on deposit for the Plan at the Trustee.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Common Collective Trust Fund: The Putnam Stable Value Fund is a common collective trust that primarily holds investments in fully benefit-responsive insurance contracts. The Plan's investments in the Putnam Stable Value Fund are considered indirect investments in fully benefit-responsive investment contracts, and therefore are valued at NAV, which is used as a practical expedient to estimate fair value. The stable value fund generally permits redemptions daily at the current NAV. If the fund experiences periods of insufficient liquidity than the stable value fund may defer honoring any payment request until liquidity is sufficient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

Investments at Fair Value as of December 31, 2019				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 339	\$ -	\$ -	\$ 339
Mutual funds	19,845,695	-	-	19,845,695
Common collective trust fund measured at NAV*				<u>3,885,400</u>
Totals investments at fair value				<u>\$ 23,731,434</u>

Investments at Fair Value as of December 31, 2018				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 15,649,522	\$ -	\$ -	\$ 15,649,522
Common collective trust fund measured at NAV*				<u>4,086,654</u>
Totals investments at fair value				<u>\$ 19,736,176</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

		<u>Commitments</u>	<u>Frequency</u>	<u>Notice Period</u>
Putnam Stable Value Fund	\$ 4,086,654	N/A	Daily	12 months

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its operations at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - INCOME TAX STATUS

The Plan is a prototype non-standardized profit sharing plan that is covered under an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

December 31, 2019 and 2018

NOTE 6 - INCOME TAX STATUS (Continued)

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Indiana Department of Revenue. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are administrated by the Fidelity Management Trust Company. The Fidelity Management Trust Company is also the trustee/custodian of the Plan and, therefore, these transactions are party-in-interest transactions.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan.

NOTE 10 – SUBSEQUENT EVENTS

In accordance with ASC 855, *Subsequent Events*, the Company has evaluated subsequent events through September 10, 2020, which is the date these financial statements were issued and has determined that except as discussed below there are no subsequent events that require disclosure. All subsequent events requiring recognition as of December 31, 2019, have been incorporated into these financial statements herein.

Bankruptcy

On June 3, 2020, the Company filed voluntary petitions for relief under Chapter 11 of Title 11 of the United States Code in the United States Bankruptcy Court for the District of Delaware in Wilmington, Delaware (the “Bankruptcy Court”). On July 24, 2020, the Company obtained confirmation of a Chapter 11 plan of reorganization by the Bankruptcy Court successfully emerging from Chapter 11 bankruptcy protection.

NOTE 10 - SUBSEQUENT EVENTS (Continued)

COVID-19 Related Events

During 2020, the COVID-19 pandemic has resulted in worldwide government restrictions on the movement of people, goods, and services resulting in an economic downturn. During the economic downturn, the fair value of investments and the related net assets available for benefits decreased. The full impact of the pandemic continues to evolve as of the date of this report, and likewise, the full impact of the pandemic on the net assets available for benefits and the changes in the net assets available for benefits is uncertain and difficult to predict.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act, (the "CARES Act"), was passed by Congress. The CARES Act contains several provisions that temporarily impact 401(k) plans. The Plan administrator has elected to allow coronavirus-related distributions, coronavirus loans, and the waiver of required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
