Gardner Business Media, Inc. Employees' Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Gardner Business Media, Inc. Employees' Savings Plan provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General. The Gardner Business Media, Inc. Employees' Savings Plan was established January 1, 1985. The Plan is a defined contribution plan covering employees of the Company who have one month of service, as defined, and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to 75 percent of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan provides for the automatic enrollment of eligible participants at a deferral rate of 6% of eligible compensation, unless the participant affirmatively elects otherwise. Participants are allowed to designate all or a portion of their contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-eight mutual funds as investment options for participants. Profit sharing and matching contribution amounts may be contributed at the discretion of the Board of Directors of Gardner Business Media, Inc. During the year ended December 31, 2019 the Company made a \$453,810 discretionary matching contribution to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocation of the Company's discretionary profit sharing contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their salary reduction contributions and Company matching contribution plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service or upon attainment of retirement age.

Payment of Benefits. The Plan provides benefits to participants for normal retirement, for disability retirement, for death before retirement, and for severance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The benefits, at the election of the recipient, may be paid in installments for a period not to exceed the life expectancy of the participant or the joint life expectancy of the participant and his beneficiary, or in a lump sum. The Plan also allows for in-service distributions to those participants who have reached age 59½.

Notes Receivable from Participants. Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. Loan terms range from one to five years or a reasonable term in excess of five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate 1% over the prime rate. Interest rates range from 4.25 percent to 6.50 percent. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts. Participant account forfeitures are used to reduce employer contributions. During the Plan year ended December 31, 2019, \$75 of forfeitures were used to reduce the employer contribution. At December 31, 2019, there were \$12 of forfeitures available to pay future employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are presented on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Contributions are recorded as received. Distributions and expenses are recorded when paid. Purchases and sales of securities are recorded on a trade-date basis.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at the quoted market prices, which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Dividends and interest received by the Plan are reinvested into the respective funds. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates:

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Most administrative expenses, including trustee, recordkeeping, and investment advisory fees, are allocated to participants. The Company provides certain services at no cost to the Plan, including, but not limited to, the annual audit fee. Plan loan initiation fees and other expenses related to certain transactions and services are charged directly to participants who incur them rather than to the Plan as a whole.

Subsequent Events:

The Plan has evaluated the impact of events that have occurred subsequent to December 31, 2019, through September 8, 2020, the financial statement date, for purposes of recognition and disclosure in the financial statements.

Risk and Uncertainties:

The Plan invests in various securities and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the financial statements.

Note 4. Fair Value Measurements

FASB ASC 820 establishes a framework for measuring fair value. This framework provides a fair value hierarchy based upon the observability of inputs used in valuation techniques. Observable inputs (highest level) reflect market data obtained from independent sources, which unobservable inputs (lowest level) reflect internally-development market assumptions. In accordance with this guidance, fair value measurements are categorized under the following three levels:

- Level 1 – Quoted prices in active markets for identical assets or liabilities.
- Level 2 – Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and model-derived valuations in which all significant inputs are observable.
- Level 3 – Unobservable inputs that are not corroborated by market data; model-derived valuations in which one or more significant inputs are unobservable.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that trade in active markets and produce a daily net asset value (NAV).

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (continued)

The Plan's assets that are measured at fair value as of December 31, 2019 and 2018 are summarized below. Investments measured at net asset value per share using the practical expedient have not been classified into the fair value hierarchy, but are presented for the purpose of reconciling to the Statements of Net Assets Available for Benefits.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2019 and 2018 are reported in net appreciation in fair value of investments.

Note 5. Tax Status

The Plan's operating document is derived from a volume submitter plan provided by the Plan's administrator, Fidelity Management Trust Company. In a letter dated March 31, 2014, the Internal Revenue Service has issued a favorable opinion of the volume submitter plan with regard to its acceptability under section 401 of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Board of Directors of Gardner Business Media, Inc. may terminate the Plan at any time subject to the provisions of ERISA. In the event of termination, each participant's account becomes fully vested and is to be distributed in accordance with the provisions of the Plan.

Note 7. Related Party and Party-In-Interest Transactions

Administration of Plan Assets:

Officers and/or employees of the Company perform certain administrative functions. No such officer or employee receives compensation from the Plan, nor does the Company allocate any costs to the Plan.

Plan Investments:

The Plan engages in certain transactions involving Fidelity Management Trust Company (Fidelity), the Trustee, which is a party-in-interest under the provisions of ERISA. These transactions involve investment of Plan monies in money market and mutual funds managed by Fidelity. These transactions are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan engages in certain transactions involving UBS Financial Services, the investment advisor, which is a party-in-interest under the provisions of ERISA. These transactions involve compensating UBS for plan investment advisory services and are permitted under the provisions of the plan and under ERISA.

Note 8. Subsequent Events

On December 19, 2019, Congress passed the Setting Every Community Up for Retirement Enhancement (SECURE) Act. Effective January 1, 2020, as a result of the SECURE Act, required minimum distributions to Members will generally begin after age 72.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused economic uncertainty and volatility in financial markets, which has impacted the value of the Plan's investments since December 31, 2019. The duration of the economic uncertainty and market volatility caused by the pandemic cannot be reasonably estimated at this time.

On March 27, 2020, Congress enacted the Coronavirus Aid, Relief and Economic Security (CARES) Act, which allows Plan participants who have suffered financial hardship due to the pandemic the ability to receive COVID-related distributions from their 401(k) accounts, and suspend and extend outstanding loan repayments through December 31, 2020. This relief requires that a participant certify that they have been impacted by COVID-19. Additionally, CARES waives the required minimum distributions from 401(k) accounts for the calendar year-end. As a result, the required minimum payments will not be made automatically, however Plan participants can choose to still receive their minimum payment, if applicable. Plan participants who already took a required minimum distribution in 2020 also have the opportunity to roll those funds back into their 401(k) account.

The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. The Plan has implemented certain relief provisions included in the CARES Act. However, its future effects on the Plan's statements of net assets available for benefits and changes in net assets available for benefits are uncertain.
