ABX Air, Inc. Pilots Investment Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of ABX Air, Inc. Pilots Investment Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a voluntary defined contribution plan for employee retirement. Eligible employees of the Plan are pilots employed by ABX Air, Inc. (the Company), who are covered by the collective bargaining agreement negotiated under Title II of the Railway Labor Act. Pilots are eligible to participate in the Plan once they have completed 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participant Contributions – Participants may contribute between 1% and 75% of their pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 8% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant. Unless elected otherwise by the participant, deferrals are automatically increased annually by 1%, up to a maximum auto-deferral of 15%.

Employer Contributions – The Company makes contributions to a supplemental contribution account for each participant based on a percentage of eligible compensation according to the following formulas:

- For participants who were eligible as of April 6, 2010, the Company contributes a percentage of compensation calculated by multiplying 1.5 by the lesser of (a) the greater of 65 minus the participant's age as of April 6, 2010, or zero, or (b) the greater of 25 minus the participant's completed years of credited service as of April 6, 2010, or zero. In no case shall the percentage exceed 7.5%.
- For participants who become eligible after April 6, 2010, the Company contributes 7.5% of compensation earned as of and following their eligibility date to their supplemental contribution account.

Contributions are subject to regulatory limitations.

Investment Options

The Plan provides that participant and employer contributions to the Plan are allocated to investment options at the discretion of the participant. The investment options consist of units purchased in a collective trust and shares purchased in mutual funds. Participants may elect to invest up to 50% of their account balances from participant contributions and related earnings in self-directed brokerage accounts (SDAs) offered through Fidelity Brokerage Services LLC.

Note 1 – Description of Plan (continued)

Vesting

Participants are always fully vested in their salary deferrals and rollovers, plus earnings thereon. Participants vest in the Company's contributions and related earnings in increments of 20% per year of service with full vesting after five years.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, employer contributions, and earnings thereon. Participant accounts are charged with an allocation of administration expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain participants in the Plan may elect to transfer all or a portion of their account balance, as defined by the Plan, to a Roth conversion account maintained by the Plan. Amounts transferred to a Roth conversion account are included in the gross income of the participant in accordance with applicable federal law.

Forfeitures

Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and are used to reduce future employer contributions. As of December 31, 2019 and 2018, forfeited non-vested accounts totaled \$168,090 and \$81,659, respectively.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or as a partial payment of the participant's vested account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's deferral account. Loan terms range from one to five years. Outstanding loans are secured by the balance in the participant's account. Plan loans bear a reasonable rate of interest as determined by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. As of December 31, 2019, interest rates on outstanding loans ranged from 4.25% to 6.50% with various maturities through April 2024.

Termination of the Plan

Although there is no current intention to do so, the Plan may be terminated at the option of the Board of Directors of the Company. In the event of the Plan's termination, all assets become fully vested and are paid or transferred to the participants.

ABX Air, Inc. Pilots Investment Plan

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation

Investments are stated at fair value. Fidelity Management Trust Company, the Plan's trustee (the Trustee), certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions.

Benefit Payments

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and self-directed brokerage accounts are charged directly to the participant's account and are included in administrative expenses. Other expenses paid by the Plan are allocated quarterly among the accounts of participants.

Revenue Sharing

The Plan shares in management fee revenues generated within certain mutual fund investments. The shared revenues are maintained in a separate revenue credit account and may be used to pay qualified plan expenses or are allocated to the accounts of participants who hold the mutual funds that generate revenue sharing as offsets to allocated expenses.

ABX Air, Inc. Pilots Investment Plan

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

During the year ended December 31, 2019, shared revenues totaling \$117,512 were received by the Plan and are reported as other income. The Plan allocated shared revenues totaling \$110,840 to accounts of participants who hold the mutual funds that generated the revenue sharing.

Subsequent Events

The Plan has evaluated subsequent events through September 10, 2020, which is the date the financial statements were available to be issued. See Note 8.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- | | |
|----------------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds – Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

ABX Air, Inc. Pilots Investment Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

Collective trusts – Units held in the collective trusts (CT) are valued using the NAV practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CT is calculated based on a compilation of primarily observable market information.

Self-directed brokerage accounts – Self-directed brokerage accounts consist of mutual funds and common stocks, which are valued on the basis of readily determinable market prices, and certificates of deposit and preferred stock, which are valued using observable inputs for similar securities.

The following tables disclose by level the fair value hierarchy of the Plan's assets:

Fair Value Measurements as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 139,464,891	\$ -	\$ -	\$ 139,464,891

Note 4 – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 8, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

ABX Air, Inc. Pilots Investment Plan

Notes to Financial Statements

Note 4 – Tax Status (continued)

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 6 – Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The plan administrator has obtained a certification from the Trustee that the following information is complete and accurate:

- Amounts included as investments and notes receivable from participants in the statements of net assets available for benefits at December 31, 2019 and 2018.
- Net appreciation in fair value of investments, dividends, interest, and interest on notes receivable from participants included in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Amounts included in the schedule of assets (held at end of year).

Note 7 – Party-in-Interest Transactions

Plan investments include shares of mutual funds and units of a collective trust managed by Fidelity Investments and self-directed brokerage accounts through Fidelity Brokerage Services LLC. The Trustee is an affiliate of Fidelity Investments and Fidelity Brokerage Services LLC. Therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Note 8 – Subsequent Event

During March 2020, the World Health Organization classified a global health emergency stemming from a new strain of coronavirus that was spreading globally (COVID-19) as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of gain or losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.
